

PCP Annual Wellness Visit Checklist

Talking about these topics helps your primary care provider (PCP) understand how your health affects your daily activities so they can help support your health and independence. Use this checklist and make notes to discuss what matters most to you at your next Annual Wellness Visit.

Recent Health Changes

- New or ongoing symptoms
- Hospital, ER, or urgent care visits
- Medication changes or difficulties
- New specialists involved

Medications & Pharmacy Needs

- Review all medications and supplements
- Ask about lower-cost options or 90-day supplies
- Report side effects or difficulty remembering doses

Physical Health

- Weight or appetite changes
- Blood pressure concerns
- Pain affecting daily tasks
- Sleep concerns
- Hearing concerns

Preventive Care & Screenings

- Vaccines needed (flu, RSV, pneumonia, COVID-19)
- Cancer screenings
- Bone density
- Routine labs

Physical Activity & Mobility

- Activity level and limitations
- Trouble with favorite activities

- Ask about statin medication

Other Resources Available for MedMutual Advantage Members

- **Case Management** – For members with complex medical conditions and social needs. Call 1-855-887-2273 for a Medicare Advantage Case Management referral.
- **24/7 Nurse Line** – Speak to a registered nurse about your health questions and concerns — 24 hours a day, seven days a week. Just call 1-888-912-0636.
- **Pivot** – Want to kick the tobacco habit for good? We've partnered with Pivot to offer a free program that can help with smoking cessation. Visit Pivot.co/MedMutual to learn more.
- **Medication Management** – Interested in home delivery or 90-day refills? Visit My Health Plan at MedMutual.com/member and click on Prescription Drug Benefits under the Benefits & Coverage tab or call 1-800-543-3241. You can also learn about possible drug interactions with our medication tracker at MedMutual.com/MedicationList.
- **Transportation** – Need help getting to a doctor's appointment or other medical needs? You have 24 one-way trips covered each year. Call 1-800-982-3117 to learn more.

Note: All phone numbers are TTY:711 for hearing impaired.

Need help finding a PCP or getting an appointment?

Call Customer Care at the number on your member ID card. We can also answer questions about all the programs and services available to manage your health — including benefits available after an inpatient hospital stay, like transportation and home meals. For information about virtual visits, go to MedMutual.com/telehealthFAQ.
