SCHEDULE OF BENEFITS

To receive benefits, Covered Services must be provided by CLE-Care Network Providers, referred to throughout this Certificate as "Network Providers," except for an Emergency Medical Condition or for a Covered Service unavailable from a Network Provider for which you obtain advance approval from Medical Mutual to receive. Additional information regarding Covered Services can be found in the "Health Care Benefits" section of this Certificate.

This HMO Plan services Covered Persons who work or reside in the county of Cuyahoga in the State of Ohio. This is known as the "Service Area." Refer to the Eligibility section of this Certificate for additional information.

Remember, in an Emergency, always go to the nearest appropriate medical facility; we encourage you to notify your Primary Care Physician, if applicable, as soon as medically possible. Your benefits will not be reduced if you go to a non-Network Provider in an Emergency.

While this Plan provides coverage for Network Providers only, there may be times when you have no control over whether the Provider rendering the service is in the Network. Refer to the "No Surprise Billing" section under General Provisions for more information.

Ohio Revised Code Sections 3902.50 through 3902.54, Ohio Administrative Code Section 3901-8-17 and the Federal No Surprises Act establish patient protections, including from out-of-network Providers' surprise bills ("balance billing") for emergency care and other specified items or services. We will comply with these new state and federal requirements, including how we process claims from certain out-of-network Providers.

HOW TO USE YOUR CERTIFICATE

This Certificate describes your health care benefits. Please read it carefully.

The **Schedule of Benefits** gives you information about the limits and maximums of your coverage and the amounts that you must pay.

The **Definitions** section will help you understand unfamiliar words and phrases. If a word or phrase starts with a capital letter, it is either a title or it has a special meaning. If the word or phrase has a special meaning, it will be defined in this section or where used in the Certificate.

The **Eligibility** section outlines how and when you and your dependents become eligible for coverage under the Group Contract and when this coverage starts.

The **Health Care Benefits** section explains your benefits and some of the limitations on the Covered Services available to you. **You cannot, except as stated in this Certificate, receive benefits without utilizing a Network Provider.** However, Preauthorization of a treatment, or course of treatments, does not imply an approval for payment of benefits for treatment(s) in excess of your level of benefits.

The **Exclusions** section lists services which are not covered in addition to those listed in the Health Care Benefits section.

The **General Provisions** section tells you how to receive benefits. It explains how Coordination of Benefits and Subrogation work. It also explains when your benefits may change, how and when your coverage stops and how to obtain coverage if this coverage stops.

- if reliable evidence shows that the consensus of opinion among experts is that the drug, device, medical treatment or procedure is not the standard of care and that further studies or clinical trials are necessary to determine its maximum tolerated dose, toxicity, safety, efficacy or efficacy as compared with the standard means of treatment or diagnosis.

In addition, the Negotiated Amount for Prescription Drugs does not include Pharmacy rebates or guaranteed discount settlements. Medical Mutual receives the difference between the Charges contracted with the Pharmacy Benefit Manager (PBM) and the Allowed Amount. This amount is sometimes referred to as spread pricing. The rebates, guaranteed discount settlements and spread pricing are all part of Medical Mutual's reasonable compensation for providing PBM services to the plan.

In certain circumstances, Medical Mutual, through an affiliated company, may have an agreement or arrangement with a vendor which purchases the services, supplies or products from Providers instead of Medical Mutual contracting directly with Providers themselves. Medical Mutual's agreement or arrangement with that vendor may not reflect the vendor's purchase price from the Provider, but may be based on some other contractual arrangement, such as a guaranteed discount. In these circumstances, the Negotiated Amount will be based upon the price Medical Mutual receives from the vendor and not upon the vendor's actual purchase price from the Provider. ELIGIBILITY

Applying for Coverage

Prior to receiving this Certificate, you applied for individual coverage or family coverage. For either coverage, you completed an Application. There may be occasions when the information on the Application is not enough. Medical Mutual will then request the additional data needed to determine whether or not to approve the enrollment. Coverage will not begin until your enrollment has been approved and you have been given an effective date.

Under individual coverage, only the Certificate Holder is covered. Under family coverage, the Certificate Holder and the Eligible Dependents who have been enrolled are covered. You must work or reside in the Service Area of Medical Mutual to be a Certificate Holder.

We may require you to state your choice of a Primary Care Physician for yourself and each of the Eligible Dependents listed on your Application when you enroll. You may change your Primary Care Physician at any time. Changes may be made by calling Customer Service, leaving a telephone message on the Customer Service lines, submitting a change via Medical Mutual's web site or mailing the request to Medical Mutual.

Eligible Employees

An Eligible Employee is an employee who:

- works an average of 30 or more hours per week
- meets the eligibility criteria stated in the Group Contract and established by the Group
- has satisfied any applicable waiting period, which will not exceed 90 days

No person who is eligible to enroll will be denied enrollment based upon health status, health care needs, genetic information, previous medical information, disability or age.

Eligible Dependents

An Eligible Dependent is:

- the Certificate Holder's spouse, provided you are not legally separated.
- the Certificate Holder's Domestic Partner;

To be considered an eligible Domestic Partner, the Certificate Holder and the Domestic Partner:

- must cohabit and reside together in the same residence, reside together in the same residence for at least six months and intend to do so indefinitely;
- must be engaged in an exclusive and committed relationship and be financially interdependent;
- both must at least 18 years of age and be each other's sole Domestic Partner;
- must not be married or separated from anyone else;
- must not have had another Domestic Partner within six months of establishing the current Domestic Partnership;
- must not be related by blood; and
- must not be in this relationship solely for the purpose of obtaining benefits coverage.

The Certificate Holder must provide a Domestic Partner Declaration, with supporting documentation, to Medical Mutual prior to enrolling the dependent Domestic Partner.

- the Certificate Holder's, spouse's or Domestic Partner's:
 - natural children;
 - children placed for adoption and legally adopted children;
 - children for whom either the Certificate Holder, Certificate Holder's spouse or Domestic Partner is the Legal Guardian or permanent Custodian; or
 - any children who, by court order, must be provided health care coverage by the Certificate Holder, Certificate Holder's spouse or Domestic Partner.

- stepchildren, provided the natural parent remains married to the Certificate Holder and resides in the household.

To be considered Eligible Dependents, children's ages must fall within the age limit specified in the Schedule of Benefits.

Eligibility will continue past the age limit for dependent children who are unmarried and primarily dependent upon the Certificate Holder for support due to a physical handicap or intellectual disability which renders them unable to support themselves. This incapacity must have started before the age limit was reached and must be medically certified by a Physician. You must notify Medical Mutual of the dependent child's desire to continue coverage within 31 days of reaching the limiting age. After a two-year period following the date the dependent child meets the age limit, Medical Mutual may annually require further proof that the dependence and incapacity continue.

Qualified Medical Child Support Order

In general, a Qualified Medical Child Support Order (QMCSO) is a court order that requires a Certificate Holder to provide medical coverage for his or her children (called alternate recipients) in situations involving divorce, legal separation or paternity dispute. A QMCSO may not require the plan to provide any type or form of benefit, or any option not otherwise provided under the Plan, except as otherwise required by law. This plan provides benefits according to the requirements of any QMCSO as defined by ERISA section 609(a). The Group will promptly notify affected Certificate Holders and alternate recipients if a QMCSO is received. The Group will notify these individuals of its procedures for determining whether medical child support orders are qualified; within a reasonable time after receipt of such order, the Group will determine whether the order is qualified and notify each affected Certificate Holder and alternate recipient of its determination. A copy of the Group's QMCSO procedures is also available upon request from the Group, without charge.

Once the dependent child is enrolled as an alternate recipient under a QMCSO, the child's appointed guardian will receive a copy of all pertinent information provided to the Certificate Holder. In addition, should the Certificate Holder lose eligibility status, the guardian will receive the necessary information regarding the dependent child's rights for continuation of coverage under COBRA.

Effective Date

Coverage starts at 12:01 a.m. on the effective date. No benefits will be provided for services, supplies or Charges Incurred before your effective date. Your employer will have rules regarding when your coverage becomes effective, including any applicable waiting periods. Your employer will notify you of the date your group coverage will become effective at the time you enroll for coverage.

Changes in Coverage

If you have individual coverage, you may change to family coverage if you marry or declare a Domestic Partnership or you or your spouse or Domestic Partner acquire an Eligible Dependent. You must notify your Group benefits administrator who must then notify Medical Mutual of the change.

A spouse and other Eligible Dependents (other than Domestic Partners) who become eligible by reason of marriage will be effective on the date of the marriage if an Application for their coverage is submitted to Medical Mutual within 31 days of the marriage. A newly eligible Domestic Partner may be added only during an open enrollment period. Any additional premium required must be paid when due.

A newborn child will be covered for 31 days from the date of birth without premium payment. If additional premium is required to provide coverage beyond 31 days from the newborn's date of birth, the request to cover the newborn must be received by Medical Mutual within 31 days from the date of birth, and payment of the required premium must be paid when due. Adopted children and children placed for adoption, regardless of whether the adoption has become final, will be covered on the same basis as any other dependent children. Coverage will continue for a child placed for adoption, unless the placement is disrupted prior to legal adoption, and the child is removed from placement.

There are occasions when circumstances change and only the Certificate Holder is eligible for coverage. Family coverage must then be changed to individual coverage. In addition, your Group must be notified when you or an Eligible Dependent under your Certificate becomes eligible for Medicare.

Special Enrollment

You or your Eligible Dependent who has declined the coverage provided by this Certificate may enroll for coverage under this Certificate during any special enrollment period if you lose coverage or add a dependent for the following reasons, as well as any other event that may be added by federal regulations:

1. In order to qualify for special enrollment rights because of loss of coverage, you or your Eligible Dependent must have had other group health plan coverage at the time coverage under this Certificate was previously offered. You or your Eligible Dependent must have also stated, in writing, at that time that coverage was declined because of the other coverage, but only if Medical Mutual required such a statement at the time coverage was declined, and you were notified of this requirement and the consequences of declining coverage at that time.
2. If coverage was non-COBRA, loss of eligibility or the Group's contributions must end. A loss of eligibility for special enrollment includes:
 - a. Loss of eligibility for coverage as a result of divorce, legal separation or termination of Domestic Partnership.
 - b. Cessation of dependent status (such as attaining the maximum age to be eligible as a dependent child under the Certificate)
 - c. Death of an Eligible Employee
 - d. Termination of employment
 - e. Reduction in the number of hours of employment that results in a loss of eligibility for plan participation (including a strike, layoff or lock-out)
 - f. Loss of coverage that was one of multiple health insurance plans offered by an employer, and the Eligible Employee elects a different plan during an open enrollment period
 - g. An individual no longer resides, lives, or works in an HMO Service Area (whether or not within the choice of the individual), and no other benefit package is available to the individual through the other employer
 - h. A situation in which a plan no longer offers any benefits to the class of similarly situated individuals that includes the individual
 - i. Termination of an employee's or dependent's coverage under Medicaid or under a state child health insurance plan (CHIP)
 - j. The employee or dependent is determined to be eligible for premium assistance in the Group's plan under a Medicaid or CHIP plan
3. If you or your Eligible Dependent has COBRA coverage, the coverage must be exhausted in order to trigger a special enrollment right. Generally, this means the entire 18, 29 or 36-month COBRA period must be completed in order to trigger a special enrollment for loss of other coverage.
4. Enrollment must be supported by written documentation of the termination of the other coverage with the effective date of said termination stated therein. With the exception of items "i" (termination of Medicaid or CHIP coverage) and "j" (eligibility for premium assistance) above, notice of intent to enroll must be provided to Medical Mutual by the Group no later than thirty-one (31) days following the triggering event with coverage to become effective on the date the other coverage terminated. For items "i" and "j" above, notice of intent to enroll must be provided to Medical Mutual by the Group within sixty (60) days following the triggering event, with coverage to become effective on the date of the qualifying event.

If you acquire a new dependent as a result of entering into a Domestic Partnership, there is no special enrollment period. Newly acquired Domestic Partners may only be added during open enrollment.

If you have a new dependent as a result of marriage, birth, adoption or placement for adoption, you may be able to enroll yourself and your Eligible Dependents, provided that you request enrollment within thirty-one (31) days after the marriage, birth, adoption or placement for adoption.

If a parent of an Eligible Dependent child is required by a court or administrative order to provide health insurance coverage for such child, and if the parent is eligible for family health insurance coverage provided by Medical Mutual, the Eligible Dependent child may be enrolled under his or her parent's family coverage without regard to enrollment period restrictions.

Your Identification Card

You will receive identification cards. These cards contain the Certificate Holder's name, Certificate number and a toll-free telephone number that provides you with access to health care and information as to how health care may be obtained, 24 hours per day, 7 days per week. Another telephone number on your card is a toll-free Customer Service number which, during normal business hours, provides you with access to information on the coverage available to you under your health plan and information on Medical Mutual's internal and external review processes. The identification card should be presented when receiving Covered Services under this coverage because it contains information you or your Provider will need when making an inquiry. Your receipt or possession of an identification card does not mean that you are automatically entitled to benefits.

Your identification card is the property of Medical Mutual. After coverage ends, use of the identification card is not permitted and may subject you to legal action.

Case Management

Case management is an economical, common-sense approach to managing health care benefits. Medical Mutual's case management staff evaluates opportunities to cover cost-effective alternatives to the patient's current health care needs. Case management has proven to be very effective with catastrophic cases, long-term care, and psychiatric and Substance Abuse treatment. In such instances, benefits not expressly covered in this Certificate may be approved. All case management programs are voluntary for the patient.

Coverage for these services must be approved in advance and in writing by Medical Mutual.

To learn more about these services, you may contact Medical Mutual's case management staff.

Clinical Trial Programs

Benefits are provided for Routine Patient Costs administered to a Covered Person participating in any stage of an Approved Clinical Trial, if that care would be covered under the plan if the Covered Person was not participating in a clinical trial.

In order to be eligible for benefits, the Covered Person must meet the following conditions (number 2 below is not required for cancer clinical trials in Ohio):

1. The Covered Person is eligible to participate in an Approved Clinical Trial, according to the trial protocol with respect to treatment of cancer or other Life-threatening Conditions.
2. Either:
 - a. The referring Provider is a Network Provider and has concluded that the Covered Person's participation in such trial would be appropriate based upon the Covered Person meeting the conditions described in "1" above; or

- b. The Covered Person provides medical and scientific information establishing that his or her participation in such trial would be appropriate based upon the Covered Person meeting the conditions described in "1" above.

"Approved Clinical Trial" means a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or Condition and is described in any of the following:

- A federally funded trial.

- The study or investigation is a drug trial that is exempt from having such an Investigational new drug application.

"Routine Patient Costs" means all health care services that are otherwise covered under the Group Contract for the treatment of cancer or other Life-threatening Condition that is typically covered for a patient who is not enrolled in an Approved Clinical Trial.

"Subject of a Clinical Trial" means the health care service, item, or drug that is being evaluated in the Approved Clinical Trial and that is not a Routine Patient Cost.

No benefits are payable for the following:

For example, a Covered Person with epilepsy involuntarily clamps down on his teeth and breaks one during a seizure.

The underlying Illness must cause the chewing or biting accident that results in injury to the jaws, sound natural teeth, mouth or face. If a Covered Person has an underlying Illness that causes the teeth to be more susceptible to injury, dental services related to such injury will not be covered as an injury sustained in an accident.

Network Hospitals will assure this Preauthorization is done; and since the Hospital is responsible for obtaining the Preauthorization, there is no penalty to you if this is not done. Where Preauthorization is required for the Inpatient treatment of opioid abuse, such Preauthorization will be processed as an expedited service, pursuant to state and federal laws.

Drugs and Biologicals

You are covered for Prescription Drugs and biologicals that cannot be self-administered and are furnished as part of a Physician's Professional service, such as antibiotics, joint injections and chemotherapy, in the course of the diagnosis or treatment of a Condition. Other drugs that can be self-administered or that may be obtained under drug coverage, if applicable, are not covered but the administration of the drug may be covered.

Drugs that can be covered under your supplemental Prescription Drug plan need to be obtained under your Pharmacy coverage.

Specialty Prescription Drugs require prior approval from Medical Mutual.

Medical Mutual, along with your Physician, will determine which setting is most appropriate for these drugs and biologicals to be administered to you.

Medical Mutual may, in its sole discretion, establish Quantity Limits and/or age limits for specific Prescription Drugs. Covered Services will be limited based upon Medical Necessity, Quantity Limits and/or age limits established by Medical Mutual or utilization guidelines. Medical Mutual may require other utilization programs, such as Step Therapy and Prior Authorization, on certain Prescription Drugs. These programs are described further below. The Medical Necessity decisions are made by going through a coverage review process.

Step Therapy: a program to determine whether you qualify for coverage based upon certain information, such as medical history, drug history, age and gender. This program requires that you try another drug before the

target drug will be covered under this plan, unless special circumstances exist. If your Physician believes that special circumstances exist and would like to request a step therapy exemption, he or she may request a coverage review by providing Medical Mutual with supporting documentation and rationale for the request. Medical Mutual will approve or deny the request within forty-eight (48) hours for a request related to Urgent Care, or within ten (10) calendar days for all other requests. Your Provider may, on your behalf, appeal any exemption request that is denied. Medical Mutual will approve or deny the appeal within forty-eight (48) hours for an appeal related to Urgent Care, or within ten (10) calendar days for all other requests. If the appeal does not resolve the disagreement, You, or Your authorized representative, may request an external review. Refer to the General Provision found later in this Policy entitled, "Filing an Internal Appeal and External Review" for more information. If Medical Mutual does not approve or deny an exemption request or appeal, as applicable, within the time frames noted above, that exemption request is deemed to be approved. Medical Mutual may still require that you try an alternative product that is deemed interchangeable by the FDA, before providing or renewing coverage for the Prescription Drug.

Prior Authorization: a program applied to certain Prescription Drugs and/or therapeutic categories to define and/or limit the Conditions under which they will be covered. Prior authorization helps promote appropriate use and enforcement of medically accepted guidelines for Prescription Drug benefit coverage.

Prior Authorization is required for most Specialty Prescription Drugs and may also be required for certain other Prescription Drugs (or the prescribed quantity of a certain Prescription Drug).

Quantity limits: Certain Prescription Drugs are covered only up to a certain limit. Quantity Limits help promote appropriate dosing of Prescription Drugs and enforce medically accepted guidelines for Prescription Drug benefit coverage. Obtaining quantities beyond the predetermined limit requires Prior Authorization.

Emergency Services

You are covered for Medically Necessary Emergency Services for an Emergency Medical Condition. Emergency Services are available 24 hours a day, 7 days a week, whether inside or outside the Service Area.

In the event of an emergency:

- call 911 or go to the nearest Hospital or Independent Freestanding Emergency Department; and
- notify Medical Mutual or your Primary Care Physician, if applicable, within 24 hours, or as soon as medically possible, if the nearest Hospital or Independent Freestanding Emergency Department is not in the Network.

Emergency Services do not require Prior Authorization and are payable at the Network level of benefits shown in the Schedule of Benefits, regardless of whether these services are obtained from a Network Provider or a non-Network Provider. You are not required to pay additional amounts for Covered Services beyond any Copayments, Deductibles or Coinsurance shown on the Schedule of Benefits. Should you receive a bill or have to pay for services, please submit the bill to Medical Mutual.

If Medical Mutual requires your transfer to a Network Provider, your transportation expenses are covered in full. The sooner Medical Mutual is notified about your Condition, the sooner Medical Mutual can become involved with your care and relay vital information to the attending Physician.

- If you obtain covered Emergency Services from a non-Network Provider, Medical Mutual pays for benefits in an amount equal to the greatest of the following: The applicable amount Medical Mutual has negotiated with Network Providers for the service in question in that geographic region under that health benefit plan, excluding any Network cost sharing imposed under the health benefit plan. If more than one amount is negotiated with Network Providers for the Emergency Service, the amount payable is the median of these amounts.
- The maximum amount allowed by Medical Mutual for Covered Services provided to Medical Mutual Covered Persons by a non-Network Provider. That amount will likely be less than the Provider's Billed Charges.
- The amount that would be paid under Medicare for the Emergency Service.

Services are no longer considered "Emergency Services" when all of the following conditions are met:

- The Covered Person's Provider determines the Covered Person is able to travel using nonmedical transportation or nonemergency medical transportation to an available Network Provider located within a reasonable travel distance, taking into consideration the Covered Person's medical Condition.
- The Covered Person's Provider satisfies the notice and consent criteria of the applicable federal or state law prohibiting balance billing, as well as any guidance subsequently issued thereto.

- The Covered Person is in a condition to receive the notice and consent information and provide an informed consent, thereby giving up his or rights to be protected from balance billing for the Emergency Services.

Inpatient admissions to a Hospital Provider or Residential Treatment Facility Provider must be Preauthorized. The telephone number for Preauthorization is listed on the back of your identification card. Network Providers in Ohio will

After your Physician has examined you, he must provide Medical Mutual with:

- the proposed course of treatment for the transplant;

Donor benefits are provided and processed under the transplant recipient's coverage only and are subject to any applicable limitations and exclusions. Donor benefits include treatment of immediate post operative complications if Medically Necessary as determined by Medical Mutual. Such coverage is available only so long as the recipient's coverage is in effect.

Transportation and Lodging Benefits - Your coverage includes benefits for related reasonable and necessary travel expenses, including meals and lodging, for the transplant recipient and a family member or two family members if the patient is under age 18, subject to any limitations set forth in the Schedule of Benefits. Prescription Drug Services

Unless otherwise indicated, the paragraphs within this benefit apply to Prescription Drugs received from both retail Pharmacies, Specialty Prescription Drug Pharmacies and through the Home Delivery Program. To receive benefits, Prescription Drug Covered Services must be provided by Network Pharmacies or Contracting Home Delivery Pharmacies. Prescription Drugs not listed on the Formulary are generally not covered. See below for more information.

How the Benefit Works

Medical Mutual will provide benefits for Medically Necessary Prescription Drug Covered Services that are dispensed for your Outpatient use. Determinations of Medical Necessity are made by going through a coverage review process. More information on this coverage review process can be found by contacting Customer Service at the phone number shown on your identification card.

All Prescription Drugs and refills must be prescribed by a Physician or Other Professional Provider who is licensed by his or her state to write prescriptions ("Prescriber").

If you do not present your identification card to the Pharmacy when you obtain Prescription Drugs, the Pharmacy may require you to pay the full cost of the Prescription Drug, and you will need to submit a claim to Medical Mutual for reimbursement.

Benefits will be provided based on the Allowed Amount. If the Prescription Drug or injectable insulin Allowed Amount is less than the Prescription Drug Copayment, your liability is limited to the lesser of the following:

1. The amount You would pay for the drug if the drug were to be purchased without this insurance coverage;
2. Medical Mutual's Negotiated Amount with its Pharmacy benefit manager.

The Covered Person's Deductible, Copayments or Coinsurance is based upon the amount charged by the Pharmacy and does not include any rebates received by Medical Mutual. The Covered Person is responsible for any Deductible, Copayment, or Coinsurance amounts specified in the Schedule of Benefits. The requirement to pay the applicable cost sharing (Deductible, Copayments or Coinsurance) cannot be waived by a Provider, a Pharmacy or anyone else under any "coupon program" or similar arrangement or by using funds from a patient assistance program, regardless if the member is receiving such assistance due to financial need from a pharmaceutical manufacturer, government program, or a charitable organization. Pharmaceutical manufacturers may sponsor patient assistance programs (PAPs) that provide financial assistance or drug free products (through in-kind product donations) to low income individuals to augment any existing Prescription Drug coverage. If you receive any amount from a patient assistance program or if a Provider, a Pharmacy or anyone else waives the required cost sharing (Deductible, Copayments, Coinsurance) for a particular claim, the cost sharing amounts covered by the patient assistance program or waived shall not be considered as true out-of-pocket expenses for Covered Persons, and these amounts shall not apply to Deductibles and/or Out-of-Pocket Maximums.

When providing benefits for all, or certain, Prescription Drugs, Medical Mutual may, in its sole discretion:

- Require coverage management programs, such as Quantity Limits, Step Therapy and Prior Authorization (described below).
- Establish age limits.
- Ask for a second opinion from a Physician of Medical Mutual's choice and at Medical Mutual's expense.

- Provide varying levels of benefits based upon the method of treatment (e.g., by mouth, injections, topical, inhaled, etc.) and/or the treatment setting.
- Limit coverage to only one dosage or form of a Prescription Drug when the same drug (that is, a drug with the same active ingredient) is available in different dosages or forms from the same or different manufacturers.

Coverage Management Programs

Step Therapy: a program to determine whether you qualify for coverage based upon certain information, such as medical history, drug history, age and gender. This program requires that you try another drug before the target drug will be covered under this plan, unless special circumstances exist. If your Physician believes that special circumstances exist and would like to request a step therapy exemption, he or she may request a coverage review by providing Medical Mutual with supporting documentation and rationale for the request. Medical Mutual will approve or deny the request within forty-eight (48) hours for a request related to Urgent Care, or within ten (10) calendar days for all other requests. Your Provider may, on your behalf, appeal any exemption request that is denied. Medical Mutual will approve or deny the appeal within forty-eight (48) hours for an appeal related to Urgent Care, or within ten (10) calendar days for all other requests. If the appeal does not resolve the disagreement, You, or Your authorized representative, may request an external review. Refer to the General Provision found later in this Certificate entitled, "Filing an Internal Appeal and External Review" for more information. If Medical Mutual does not approve or deny an exemption request or appeal, as applicable, within the time frames noted above, that exemption request is deemed to be approved. Medical Mutual may still require that you try an alternative product that is deemed interchangeable by the FDA, before providing or renewing coverage for the Prescription Drug.

Quantity limits: Certain Prescription Drugs are covered only up to a certain limit. Quantity Limits help promote appropriate dosing of Prescription Drugs and enforce medically accepted guidelines for Prescription Drug benefit coverage. Obtaining quantities beyond the predetermined limit requires Prior Authorization.

Prior Authorization: a program applied to certain Prescription Drugs and/or therapeutic categories to define and/or limit the conditions under which they will be covered. Prior authorization helps promote appropriate use and enforcement of medically accepted guidelines for Prescription Drug benefit coverage. Prior Authorization is required for most Specialty Prescription Drugs and may also be required for certain other Prescription Drugs (or the prescribed quantity of a certain Prescription Drug).

Prior Authorization for chronic Conditions: For the purposes of this section, "chronic Condition" means a medical Condition that has persisted after reasonable efforts have been made to relieve or cure its cause and has continued, either continuously or episodically, for longer than six (6) continuous months.

Medical Mutual will honor a Prior Authorization approval for an approved drug related to a chronic Condition for the lesser of the following from the date of the approval:

- Twelve (12) months;
- The last day of the Covered Person's eligibility under the plan.

This 12-month approval is no longer valid and automatically terminates if there are changes to federal or state laws, federal regulatory guidance or compliance information prescribing that the drug in question is no longer approved or safe for the intended purpose. In addition, this 12-month approval does not apply to any of the following:

1. Medications that are prescribed for a non-maintenance Condition;
2. Medications that have a typical treatment of less than one (1) year;
3. Medications that require an initial trial period to determine effectiveness and tolerability beyond which a one-year, or greater, Prior Authorization period will be given;
4. Medications where there is medical or scientific evidence that do not support a 12-month prior approval;
5. Medications that are a schedule I or II controlled substance or any opioid analgesic or benzodiazepine;
6. Medications that are not prescribed by a Network Provider as part of a care management program.

Nothing in this section prohibits the substitution of any drug that has received a 12-month approval when there is a release of a U.S. FDA-approved comparable brand product or a generic counterpart of a brand product that is listed as therapeutically equivalent by the FDA.

Prior Authorization, or one of Medical Mutual's other coverage management programs, is required for opioid analgesics prescribed for the treatment of chronic pain, unless the drug is prescribed under one of the following circumstances:

- To a Covered Person who is a Hospice Facility patient in a Hospice care program;

- To a Covered Person who has been diagnosed with a terminal Condition but is not a Hospice Facility patient in a Hospice care program;
- To a Covered Person who has cancer or another Condition associated with the Covered Person's cancer of history of cancer.

Opioid risk education: Medical Mutual recognizes the seriousness of the national opioid crisis and is committed to educating our members about the prevention and treatment of opioid use. If you are concerned that you or a loved one may be suffering from an opioid-use disorder, you are not alone. Medical Mutual's Behavioral Health Case Managers are available to provide help and support. Please call the Customer Care number shown on your identification card and ask to speak to a Behavioral Health Case Manager.

For additional help, resources and information about opioids, you can:

- Visit <https://www.hhs.gov/opioids/>.
- Review the "Public Awareness Toolkit" by visiting the Take Charge Ohio website at www.takechargeohio.org.
- Speak to one of our pharmacists by calling the member Rx Information phone number that appears on your identification card.

Therapeutic Substitution of Drugs

This is a voluntary program where Medical Mutual or its Prescription Drug vendor may contact you and your prescribing Physician to make you aware of possible alternatives to certain Prescription Drugs. Only you and your Physician can determine whether the alternative drug is appropriate for you. You can obtain more information on this program by calling the Customer Service telephone number on your identification card.

Specialty Prescription Drugs

Specialty Prescription Drugs are covered under the Prescription Drug benefit only when obtained through Medical Mutual's Contracting Specialty Pharmacy(ies). Specialty Prescription Drugs are limited to a maximum of a thirty (30) day supply and require Prior Authorization from Medical Mutual.

In accordance with the Prescription Drug tier reviews conducted by the Centers for Medicare and Medicaid Services, as prescribed by the "2025 Draft Letter to Issuers in the Federally-facilitated Exchanges, Section 11- Prescription Drugs", Specialty Drugs used for certain chronic health conditions may have lower cost sharing than that shown in the Schedule of Benefits." Please contact the Prescription Drug vendor or refer to their website for information on these drugs.

Exceptions for Certain Situations

- **Brand Name Prescription Drugs vs. Generic Prescription Drugs:**

There may be occasions when a Brand Name Prescription Drug, as opposed to its corresponding Generic Prescription Drug, is more appropriate. If Medical Mutual, after receiving supporting documentation from your Physician, determines the Brand Name Prescription Drug is medically appropriate, you will be charged your Brand Name Prescription Drug Copayment. To obtain more information regarding this process, please contact a customer service representative by calling the number listed on your ID card.

How Brand Name/Generic Incentives apply to Contraceptives:

With regard to Contraceptives, Step Therapy may be applied to single-source drugs to encourage use of a generic equivalent drug. In this situation, the Covered Person may be required to share in the cost of the Contraceptive. However, if the Covered Person's attending Physician determines a particular service or FDA-approved item is required for medical reasons, Medical Mutual will cover that Contraceptive service or item without cost sharing. The Physician will need to complete our medical necessity waiver form which considers factors such as severity of side effects, differences in permanence and reversibility of Contraceptives, and the ability to adhere to the appropriate use of the item or service.

A determination on this exception process will be made according to the timeframe and in a manner that takes into account the nature of the claim (e.g., pre-service or post-service) and the medical exigencies involved for a claim involving Urgent Care.

- **Non-Formulary Prescription Drugs:**

This plan uses a Prescription Drug Formulary. Prescription Drugs not listed on the Formulary are generally not covered. However, the Covered Person, or his or her designee/Physician (or other prescriber, as appropriate), can ask Medical Mutual to make an exception to cover a particular non-Formulary drug. For standard reviews, the Covered Person, or his or her designee, and the Covered Person's Physician (or other prescriber) will be notified of Medical Mutual's determination by Medical Mutual within 72 hours following receipt of the request containing information sufficient to complete the review. For an exigent circumstance (defined below), an expedited review can be requested. For expedited reviews, the Covered Person, or his or her designee, and the Covered Person's Physician (or other prescriber) will be notified of Medical Mutual's determination by Medical Mutual within 24 hours following Medical Mutual's receipt of the request containing information sufficient to complete the review. If the decision to exclude the drug is upheld, the Covered Person, or his or her designee/Physician (or other prescriber, as appropriate), may also request that a denied exception request be reviewed by an Independent Review Organization (IRO). The Covered Person, or his or her designee, and the Covered Person's Physician (or other prescriber) will be notified of the IRO's determination within 72 hours, for a standard review, and 24 hours for an expedited review, from Medical Mutual's receipt of the request containing information sufficient to complete the review. If an exception request is granted by either Medical Mutual or an IRO, the non-Formulary drug and its refills will be covered for the duration of the Prescription or, for an exigent circumstance, for the duration of the exigency; in addition, the Covered Person will not be responsible for any cost sharing beyond the cost sharing required for the applicable Formulary drug. The Covered Person's cost sharing for that drug will accumulate toward the Covered Person's Out-of-Pocket Maximum.

"Exigent circumstance" means a Covered Person either has a Condition that may seriously jeopardize his or her life, health, or ability to regain maximum function or is undergoing a current course of treatment using a non-Formulary medication. The request for an expedited review should include the following support:

- Information related to the existence of the exigency and a description of the harm that could reasonably occur to the Covered Person if the requested drug is not provided in the timeframe; and
- Justification supporting the need for the non-Formulary Prescription Drug to treat the Covered Person's Condition, including a statement that all covered Formulary Prescription Drugs, on any tier, will be or have been ineffective, are less effective, or would result in adverse effects.

Additional Benefits

Your coverage also provides benefits for:

- certain preventive drugs required by PPACA, when a written prescription from your Prescriber is received. These PPACA-required drugs are covered at a zero Copayment, but specific patient conditions may apply. Certain preventive drugs or items require adherence to one or more of Medical Mutual's coverage management programs. If the Covered Person does not adhere to such program(s), the Covered Person may be required to share in the cost of the drug.
- Contraceptives. (A religious organization, as defined by the federal government, is permitted to exclude contraceptive benefits from coverage. Contact your customer service representative at the phone number shown on your ID card if you have questions.)
- injectable medications, if self-administered.
- injectable insulin, needles and syringes are covered whether or not they are prescribed.

Off-label Prescription Drugs

An off-label Prescription Drug will not be excluded for a particular indication on the grounds that the drug has not been approved by the FDA for the particular indication if the drug is recognized for safe and effective treatment of the indication for which the drug was prescribed in at least one (1) standard medical reference compendia adopted by the U.S. Department of Health and Human Services or in other qualified medical literature. "Medical literature" means:

- Two articles from major peer-reviewed Professional medical journals have recognized, based on scientific or medical criteria, the drug's safety and effectiveness for treatment of the indication for which it has been prescribed;
- No article from a major peer-reviewed Professional medical journal has concluded, based on scientific or medical criteria, that the drug is unsafe or ineffective or that the drug's safety and effectiveness cannot be determined for the treatment of the indication for which it has been prescribed;
- Each article meets the uniform requirements for manuscripts submitted to biomedical journals established by the international committee of medical journal editors or is published in a journal specified by the United States department of health and human services as acceptable peer-reviewed medical literature.

However, no benefits will be provided if:

GENERAL PROVISIONS

How to Apply for Benefits

You must pay any required Copayments, Deductibles or Coinsurance as shown in the Schedule of Benefits. You are not required to pay, and Medical Mutual may not bill, for any additional amounts for Covered Services received from Network Providers beyond these Copayments, Deductibles or Coinsurance. Should you receive a bill or have to pay for services, you must submit the bill to Medical Mutual. You must present your identification card any time services are requested.

Notice of Claim; Claim Forms

A claim must be filed for you to receive benefits. Network Providers and many non-Network Providers will submit a claim for you; if in the event you need to submit a claim from a non-Network Provider or for a Prescription Drug claim, you should use a claim form. In most cases, you can obtain a claim form from your Group or Provider. If your Provider does not have a claim form, Medical Mutual will send you one. Call or notify Medical Mutual, in writing, within 20 days after receiving your first Covered Service and we will send you a form, or you may print a claim form by going to medmutual.com/member.

If Medical Mutual fails to send you a claim form within 15 days after you notify Medical Mutual, you may send Medical Mutual your bill or a written statement of the nature and extent of your loss; this must have all the information which Medical Mutual needs to process your claim.

Proof of Loss

Proof of loss is a claim for payment of health care services which has been submitted to Medical Mutual for processing with sufficient documentation to determine whether Covered Services have been provided to you. Medical Mutual must receive a completed claim with the correct information. Medical Mutual may require nurses' or Providers' notes or other medical records before proof of loss is considered sufficient to determine benefit coverage.

Medical Mutual is not legally obligated to reimburse for Covered Services unless written or electronically submitted proof that Covered Services have been given to you is received. Proof must be given within 90 days of your receiving Covered Services or as soon as is reasonably possible. Except in the absence of legal capacity, no proof can be submitted later than one year from the time proof is otherwise required.

If you fail to follow the proper procedures for filing a claim as described in this Certificate, you or your authorized representative, as appropriate, shall be notified of the failure and the proper procedures as soon as possible, but not later than five (5) days following the original receipt of the request. We may notify you orally unless you provide us with a written request to be notified in writing. Notification under this section is only required if both (1) the claim communication is received by the person or department customarily responsible for handling benefit matters and (2) the claim communication names a specific claimant, a specific medical Condition and a specific treatment, service or product for which approval is requested.

Medicare Eligibility

Your benefits under this Certificate may be reduced if you are eligible for Medicare Part B but do not enroll in and maintain that coverage.

Your benefits under this Certificate may also be reduced if you are enrolled in a Medicare Advantage (Medicare Part C) plan but fail to follow the rules of that plan.

Benefits under this Certificate are not intended to supplement any coverage provided by Medicare. Nevertheless, in some circumstances, Covered Persons who are eligible for or enrolled in Medicare may also be enrolled under this Certificate.

If you are eligible for or enrolled in Medicare Part B, please read the following information carefully.

If you are entitled to Medicare because you are over age 65, and your employer employs fewer than 20 employees; or if you are entitled to Medicare due to disability and your employer employs fewer than 100 employees, Medicare will be the primary payer, that is, Medicare must pay benefits before the group health plan pays benefits.

If you are eligible for Medicare Part B on a primary basis (Medicare pays before benefits are provided under this Certificate), you **should** enroll for and maintain coverage under Medicare Part B. If you don't enroll and maintain that coverage, and if we are the secondary payer, we will pay benefits under this Certificate as if you were covered under Medicare Part B. As a result, you will be responsible for the costs that Medicare would have paid and you will incur a larger out-of-pocket cost.

If you are enrolled in a Medicare Advantage (Medicare Part C) plan on a primary basis (Medicare pays before benefits under this Certificate), you should follow all rules of that plan that require you to seek services from that plan's participating Providers. When we are the secondary payer, we will pay any benefits available to you under this Certificate as if you had followed all rules of the Medicare Advantage plan. You will be responsible for any additional costs or reduced benefits that result from your failure to follow these rules, and you will incur a larger out-of-pocket cost.

How Claims are Paid

You may be required to share in the cost of Covered Services. The Schedule of Benefits shows your financial responsibility for Covered Services. After you have paid the amounts indicated in the Schedule of Benefits, subject to benefit maximums, Medical Mutual covers the remaining liability for Covered Charges.

Medical Mutual provides benefits for Covered Services through agreements with Network Providers based on the Allowed Amount.

No Surprise Billing

"Surprise billing" is an unexpected bill that can happen when you can't control who is involved in your care; for example, when you have an emergency, or when you schedule a visit to a Network Provider but are unexpectedly treated by a non-Network Provider.

You have protection against surprise billing and balance billing for the services described below **ONLY**. non-Network Providers cannot balance bill you for these services; however, you are still responsible for paying any Copayments, Deductibles or Coinsurance due under this plan. The amount of that cost-sharing will be based upon the Network level of benefits and will accumulate toward your Network Out-of-Pocket Maximum.

- Emergency Services
- Ambulance Services received from a non-Network Provider (Refer to the Health Care Benefit entitled "Ambulance Services" for additional information.)
- Unanticipated Covered Services received from a non-Network Provider at a Network Hospital or ambulatory surgical center.

Remember that, outside of the services described above, this plan does not cover services received from non-Network Providers. Should you elect to knowingly and purposefully seek care from a non-Network Provider and voluntarily give consent for services for which you can be balance billed, you will be responsible for ALL Charges related to services received from that non-Network Provider. Before you can consent to be balance billed, your non-Network Provider must give you, or your authorized representative, a written notice, in advance of performing the service, that includes detailed information designed to ensure that you knowingly accept all out-of-pocket charges. The notice must also include an estimate of the Provider's charge for the services.

Continuity of Care when a Provider's Contract with Medical Mutual Ends without Cause

If a Provider's contract with Medical Mutual ends:

- i. Medical Mutual will notify each Covered Person enrolled in the Plan who is a Continuing Care Patient of that Provider at the time of termination of his or her right to elect continued transitional care under the same terms and conditions as would have applied and with respect to such items and services as would have been covered under the Plan had such termination not occurred, with respect to the course of treatment furnished by the Provider to the Continuing Care Patient.
- ii. When Medical Mutual is notified of the Continuing Care Patient's need for transitional care, Medical Mutual will determine if the Continuing Care Patient is eligible for a transition period. Such period will continue for ninety (90)

days from the date the Continuing Care Patient was notified of the Provider's contract ending or when the Continuing Care Patient is no longer a Continuing Care Patient, whichever occurs first.

For the purpose of this provision, the definitions of "Continuing Care Patient" and "Serious and Complex Condition" are shown below.

Continuing Care Patient means an individual who, with respect to a Provider or facility:

- Is undergoing a course of treatment for a Serious and Complex Condition from the Provider or facility;
- Is undergoing a course of Institutional or Inpatient care from the Provider or facility;
- Is scheduled to undergo nonelective Surgery from the Provider, including receipt of postoperative care from such Provider or facility with respect to such a Surgery;
- Is pregnant and undergoing a course of treatment for the pregnancy from the Provider or facility; or
- Is or was determined to be terminally ill and is receiving treatment for such illness from such Provider or facility.

Serious and Complex Condition means:

- In the case of an acute illness, a Condition that is serious enough to require specialized medical treatment to avoid the reasonable possibility of death or permanent harm; or
- In the case of a chronic illness or Condition, a Condition that is:
 - Life-threatening, degenerative, potentially disabling, or congenital; and
 - Requires specialized Medical Care over a prolonged period of time.

Your Financial Responsibilities

You are responsible for:

- Any Charges, other than for services described in the "No Surprise Billing" section of this Policy, received from non-Network Providers.
- Any Copayment, Deductible and Coinsurance amounts specified in the Schedule of Benefits. Copayments are generally required to be paid at the time of service. Some Providers can determine the amount due for your Deductible and Coinsurance from Medical Mutual and may require payment from you before providing their services.
- Non-Covered Charges.
- Billed Charges for services that are not Medically Necessary.
- Incidental Charges.

If you receive a bill from a Network Provider for a Covered Service, please contact Customer Service and/or send the bill to Medical Mutual.

All limits and Coinsurance applied to a specific diagnosed Condition include all services related to that Condition. If a specific service has a maximum, that service will also be accumulated to all other applicable maximums.

Deductibles, Copayments, Coinsurance and amounts paid by other parties do not accumulate towards Out-of-Pocket Maximums.

Benefit Period Deductible

Each Benefit Period, you must pay the dollar amount that is shown in the Schedule of Benefits as the Deductible, if applicable, before Medical Mutual will begin to provide benefits. This is the amount of expense that must be Incurred and paid by you for Covered Services before Medical Mutual starts to provide benefits. If a benefit is subject to a Deductible, only expenses for Covered Services under that benefit will satisfy the Deductible. To satisfy your Deductible, Medical Mutual records must show that you have Incurred claims totaling the specified dollar amount, so submit copies of all your bills for Covered Services. Your Deductible accumulations do not necessarily occur in the same order that you receive services, but in the order in which Medical Mutual receives and processes your claims.

Only the amount of the Deductible required per Covered Person will be required for Covered Services that result directly from an accident during the Benefit Period in which the accident occurred if two or more Covered Persons in a Certificate Holder's family are injured in the same accident, and each of the following conditions are met:

- at least two of these Covered Persons receive Covered Services; and
- the Covered Services are Incurred within 90 days after the accident; and

- the combined Allowed Amount for Covered Services for all Covered Persons involved in the accident is at least equal to one Covered Person's Deductible.

You will not be required to pay two Deductibles if two family members are involved in the same accident and the above criteria is met.

Coinsurance

After you meet any applicable Deductible, you may be responsible for Coinsurance amounts as specified in your Schedule of Benefits.

Copayments

If a Covered Service is subject to a Copayment, you must pay the dollar amount specified in the Schedule of Benefits as the Copayment.

Out-of-Pocket Maximum

This is the amount of Copayments, Deductibles and Coinsurance for which Covered Persons are responsible each Benefit Period for Covered Services. After the applicable Out-of-Pocket Maximum shown in the Schedule of Benefits has been met, no additional Copayments, Deductibles or Coinsurance are required from Covered Persons for Covered Services for the remainder of the Benefit Period, unless otherwise specified in this Certificate. The Out-of-Pocket Maximum does not include expenses other than Copayments, Deductibles and Coinsurance (e.g., premium, Charges for services not covered under this plan, penalties for non-compliance with plan provisions, etc.).

Deductible and Out-of-pocket Credit

When Medical Mutual is replacing other group health insurance coverage, credit will be given for the satisfaction or partial satisfaction of Deductible and out-of-pocket amounts Incurred and applied during the same or overlapping Benefit Period of the previous carrier's plan during the 90 days preceding the effective date of this coverage.

Schedule of Benefits

The Deductible and Out-of-Pocket Maximums that may apply will renew each Benefit Period. Some of the benefits offered in this Certificate have maximums.

The Schedule of Benefits shows your financial responsibility for Covered Services. Medical Mutual covers the remaining liability for Covered Charges after you have paid the amounts indicated in the Schedule of Benefits, subject to benefit maximums and Medical Mutual's Negotiated Amounts.

Provider Status and Direction of Payment

Medical Mutual has agreed to make payment directly to Network Providers for Covered Services.

Some of Medical Mutual's contracts with Providers, including Institutional Providers, allow discounts, allowances, incentives, adjustments and settlements. These amounts are for the sole benefit of Medical Mutual, and Medical Mutual will retain any payments resulting therefrom; however, the Deductibles, Copayments, Coinsurance, and benefit maximums, if applicable, will be calculated based upon the Allowed Amount, as described in this Certificate.

After a Provider performs a Covered Service, Medical Mutual will not honor your request to withhold claim payment. Medical Mutual does not furnish Covered Services but only pays for Covered Services you receive from Providers. Medical Mutual is not liable for any act or omission of any Provider.

Medical Mutual has and retains the sole right to choose which Providers it will contract with, and on what terms, and to amend and terminate those contracts. Medical Mutual has and retains the sole right to designate Providers as Network Providers.

Medical Mutual is authorized to make payments directly to Providers who have performed Covered Services for you. Medical Mutual also reserves the right in some circumstances to make payment directly to you in the event you receive Covered Services from a non-Network Provider. When this occurs, you must pay the Provider the amounts you may owe to the Provider. You cannot assign your right to receive payment to anyone else, nor can you authorize someone else to receive your payments for you, including your Provider.

If Medical Mutual has incorrectly paid for non-Covered Services, or it is later discovered that payment was made for services that are not considered Covered Services, Medical Mutual has the right to recover payment from the Provider, and you must pay the Billed Charges amount to the Provider when requested.

If a benefit payment is made by Medical Mutual to your Provider on your behalf, that exceeds the benefit amount you are entitled to receive, Medical Mutual has the right to require the return of the overpayment from your Provider within two years of the payment. If Medical Mutual seeks payment from your Provider, Medical Mutual will first send an invoice to the Provider that explains why it is seeking a refund. The Provider can then send the refund or appeal the determination. If your Provider does not do one of those things, Medical Mutual reserves the right to reduce or offset any future benefit payment due to that Provider, on behalf of a Covered Person, by the amount of the overpayment. The amount of the overpayment can also be recovered by reducing or offsetting future payments to the Provider for this plan and/or other plans insured or administered by Medical Mutual. This right does not affect any other right of recovery Medical Mutual may have with respect to overpayments.

Prior Approval of non-Network Benefits

There may be certain services that you know in advance can only be obtained from a non-Network Provider. In order to protect you from balance billing and the increased out-of-pocket expense that could otherwise occur for using a non-Network Provider, you must obtain approval in advance from Medical Mutual for services that cannot be provided by a Network Provider. Upon Medical Mutual's approval of the Non-Network care, benefits for Covered Services will be provided as if the Covered Services were provided by a Network Provider.

To obtain prior approval of treatment by a non-Network Provider, your Network Provider must provide Medical Mutual with:

- the proposed treatment plan for the Covered Services;
- the name and location of the proposed non-Network Provider;
- copies of your medical records, including diagnostic reports; and
- an explanation of why the Covered Services cannot be provided by a Network Provider.

Medical Mutual will determine whether the Covered Services can be provided by a Network Provider, and that determination will be final and conclusive, subject to any available appeals process. Medical Mutual may elect to have you examined by a Physician of its choice and will pay for any related physical exams required. You and your Physician will be notified if Covered Services provided by a non-Network Provider will be covered as if they had been provided by a Network Provider. If you do not receive written approval in advance of receiving services from a non-Network Provider, no benefits will be provided, except for an Emergency Medical Condition.

Pre-Determination of Pediatric Dental Benefits

Pre-Determination of Pediatric Dental Benefits determines if proposed dental treatments:

- are consistent with the standards of good dental practice;
- are the most appropriate level of service;
- are Medically Necessary; and
- are Covered Services.

After your Dental Provider has examined you, a proposed Dental Course of Treatment (also known as a predetermination) and the diagnostic materials, such as x-rays and study models, that support this Dental Course of Treatment must be provided to Medical Mutual.

For any type of Orthodontic Treatment that may be covered under the plan (refer to the Schedule of Benefits), your proposed Dental Course of Treatment must include the dates of all installations of appliances and all orthodontic services.

For Medically Necessary Orthodontic Treatment, the proposed Dental Course of Treatment must also include an explanation of how the orthodontic diagnosis relates to the Condition that is being treated, as well as an explanation of how the treatment plan will eliminate the patient's Condition.

Medical Mutual reserves the right to review your dental records, including diagnostic materials, to determine the most appropriate level of service. Medical Mutual may also elect to have you examined by a Dentist or Physician of its choice. Medical Mutual will then notify you and your Dental Provider which services will and will not be covered as requested, as well as the approximate amounts that will be covered. If it is determined that an alternate level of service is as appropriate as the proposed level of service, you and your Dental Provider will be notified, and benefits will be limited to the less costly service, regardless of which level of service is actually rendered (applying alternate benefits). If you select the more costly treatment or service, you are responsible for all charges in excess of the allowable amount deemed Medically Necessary by Medical Mutual. You are also responsible for Excess Charges if alternate benefits

are applied, even if a Network Dental Provider is used. You may be responsible to pay the difference between the charges for the higher level of service and the benefit Medical Mutual will provide for the lower level of service.

If pre-determination is not obtained, and the treatment is later determined by Medical Mutual to be an uncovered expense or not Medically Necessary, you may be responsible for all costs associated with that treatment.

If you use a non-Network Dental Provider, you may be responsible and obligated to pay any and all amounts that you are charged regardless of what Medical Mutual determines to be Medically Necessary or appropriate.

Medical Mutual evaluates cost-effective alternatives to current dental needs. In such cases, benefits not expressly covered in this Certificate may be approved. Coverage for these services must be approved in advance and in writing by Medical Mutual. Pre-Determination of Pediatric Dental Benefits does not guarantee payment. The amount payable is subject to all the Contract limitations effective at the time the services are rendered.

Direct Access to Obstetricians and Gynecologists

You do not need prior authorization from us or any other person (including a Primary Care Physician) to obtain access to obstetrical or gynecological care from a health care Professional in our network who specializes in obstetrics or gynecology. The health care Professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care Professionals who specialize in obstetrics or gynecology, contact Medical Mutual at the phone number shown on your ID card or at medmutual.com.

Selection of a Primary Care Physician

We may require the designation of a Primary Care Physician. You have the right to designate any Primary Care Physician who participates in our Network and who is available to accept you or your family members. For children, you may designate a pediatrician as the Primary Care Physician.

For information on how to select a Primary Care Physician, and for a list of the participating Primary Care Physicians, contact Medical Mutual at the phone number shown on your ID card or at medmutual.com.

Explanation of Benefits

After Medical Mutual processes your claim, an Explanation of Benefits (EOB) is provided to you electronically or by mail. It lists Covered Services and non-Covered Services along with explanations for why services are not covered. It contains important amounts and a telephone number if you have any questions.

Time of Payment of Claims

Benefits will be provided under this Certificate within 30 days after receipt of a completed claim. If supporting documentation is required, then payment will be made in accordance with state and federal law. To have a payment or denial related to a claim reviewed, you must send a written request or call Customer Service at Medical Mutual within 180 days of the claim determination.

Foreign Travel

Benefits include coverage for the treatment of Emergency Medical Conditions rendered worldwide. Your coverage is in effect whether your treatment is received in a foreign country or in the United States. When you receive medical treatment in another country, you may be asked to pay for the service at the time it is rendered. To receive reimbursement for the care provided, make sure to obtain an itemized bill from the Provider at the time of service. Medical Mutual cannot process a bill unless the Provider lists separately the type and cost of each service you received. All billing submitted for consideration must be translated into the English language and dollar amounts converted to the current rate of exchange.

To receive reimbursement for Hospital and/or medical expenses, the services rendered must be eligible for coverage in accordance with the benefits described in this Certificate. If you travel to a foreign country and you receive treatment for an Emergency Medical Condition from a non-Network Provider, Medical Mutual will provide coverage at the same level of benefits as a Network Provider.

Circumstances Beyond the Control of the Plan

If circumstances arise that are beyond the control of Medical Mutual, Medical Mutual will make a good-faith gesture to arrange an alternative method of providing coverage. Circumstances that may occur, but are not within the control of Medical Mutual, include but are not limited to, a major disaster or epidemic, complete or partial destruction of

facilities, a riot, civil insurrection, labor disputes that are out of the control of Medical Mutual, disability affecting a significant number of a Network Provider's staff or similar causes, or health care services provided under this Certificate are delayed or considered impractical. Under such circumstances, Medical Mutual and Network Providers will provide the health care services covered by this Certificate as far as is practical under the circumstances, and according to their best judgment. However, Medical Mutual and Network Providers will accept no liability or obligation for delay, or failure to provide or arrange health care services if the failure or delay is caused by events/circumstances beyond the control of Medical Mutual.

Filing a Complaint

If you have a complaint, please call or write to Customer Service at the telephone number or address listed on your Explanation of Benefits (EOB) form and/or identification card. To expedite the processing of an inquiry, the Certificate Holder should have the following information available:

- name of patient
- identification number
- claim number(s) (if applicable)
- date(s) of service

If your complaint is regarding a claim, a Medical Mutual Customer Service representative will review the claim for correctness in processing. If the claim was processed according to terms of the Group Contract, the Customer Service representative will telephone the Certificate Holder with the response. If attempts to telephone the Certificate Holder are unsuccessful, a letter will be sent explaining how the claim was processed. If an adjustment to the claim is required, the Certificate Holder will receive a check, Explanation of Benefits or letter explaining the revised decision.

Quality of Care issues are addressed by our Quality Improvement Department or committee.

If you are not satisfied with the results, and your complaint is regarding an Adverse Benefit Determination, you may continue to pursue the matter through the appeal process.

Additionally, the Customer Service Representative will notify you of how to file an appeal.

Benefit Determination for Claims (Internal Claims Procedure)

Claims Involving Urgent Care

Generally, a **Claim Involving Urgent Care** is a claim for Medical Care or treatment with respect to which the application of the timeframes for making non-Urgent Care determinations (a) could seriously jeopardize the life or health of the claimant or the ability of the claimant to regain maximum function; or (b) in the opinion of a Physician with knowledge of the claimant's medical Condition, would subject the claimant to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim. With respect to prior authorization requests submitted by health care practitioners (as defined in Ohio Revised Code 1751.72(A)) through Medical Mutual's electronic software system only, a Claim Involving Urgent Care also means a claim for Medical Care or other service for a Condition where the application of the timeframes for making non-Urgent Care determinations (a) could seriously jeopardize the life, health, or safety of the claimant or others due to the claimant's psychological state; or (b) in the opinion of a practitioner with knowledge of the claimant's medical or behavioral Condition, would subject the claimant to adverse health consequences without the care or treatment that is the subject of the request.

Determination of **urgent** will be made by an individual acting on behalf of the plan applying the judgment of a prudent lay person who possesses an average knowledge of health and medicine; however, any Physician with knowledge of the claimant's medical Condition can also determine that a claim involves Urgent Care.

If you file a Claim Involving Urgent Care in accordance with Medical Mutual's claim procedures and sufficient information is received, Medical Mutual will notify you of its benefit determination, whether adverse or not, as soon as possible but not later than 72 hours after Medical Mutual's receipt of the claim.

If you do not follow Medical Mutual's procedures or we do not receive sufficient information to make a benefit determination, Medical Mutual will notify you within 24 hours of receipt of the Claim Involving Urgent Care and explain the applicable procedural deficiencies, or the specific deficiencies related to information necessary to make a benefit

determination. You will have 48 hours to correct the procedural deficiencies and/or provide the requested information. Once Medical Mutual receives the requested information, we will notify you of the benefit determination, whether adverse or not, as soon as possible, taking into account all medical exigencies, but not later than 48 hours after receipt of the information.

Medical Mutual may notify you of its benefit determination decision orally and follow with written or electronic notification not later than three (3) days after the oral notification in the case of a certification, and not later than one business day after the oral notification in the case of an adverse benefit determination.

If your health care practitioner (as defined in Ohio Revised Code 1751.72(A)) submits a Claim Involving Urgent Care through Medical Mutual's electronic software system, Medical Mutual will respond to the request within 48 hours of receipt and indicate whether the request is denied, approved, or if additional information is needed to process the request.

If additional information is needed to process the request, Medical Mutual will notify the health care practitioner (as defined in Ohio Revised Code 1751.72(A)) within 24 hours of receipt of the Claim Involving Urgent Care and the health care practitioner will have 48 hours to respond. Because we are required to make a decision within 48 hours after receipt of the Claim Involving Urgent Care, your claim may still be denied when we request additional information.

Concurrent Care Claims

If Medical Mutual has approved an ongoing course of treatment to be provided over a period of time or for a number of treatments, any reduction or termination by Medical Mutual of such course of treatment before the end of such period of time or number of treatments shall constitute an Adverse Benefit Determination (unless the reduction or termination of benefits is due to a health plan amendment or health plan termination). Medical Mutual will notify the Provider or health care facility rendering the approved ongoing course of treatment of Medical Mutual's determination to reduce or terminate such course of treatment before the end of the approved period of time or number of treatments within one business day after making such determination, and will provide you and the provider or health care facility with written or electronic confirmation within one business day after the telephone notification. Such notification of such adverse benefit determination will be at a time sufficiently in advance of the reduction or termination to allow the claimant to appeal and obtain a determination on review of that adverse benefit determination before the benefit is reduced or terminated.

If Medical Mutual has approved an ongoing course of treatment to be provided over a period of time or for a number of treatments, any request to extend the course of treatment beyond the period of time or number of treatments that is a claim involving Urgent Care shall be decided as soon as possible, taking into account the medical exigencies, and Medical Mutual must notify the claimant of the benefit determination, whether adverse or not, within 24 hours after its receipt of the claim, provided that any such claim is made to Medical Mutual at least 24 hours prior to the expiration of the prescribed period of time or number of treatments. For other concurrent review determinations involving a request to extend a patient's Hospital stay or extend a course of treatment beyond the period of time or number of treatments, Medical Mutual will make a determination within one business day after obtaining all necessary information. If Medical Mutual makes a determination to certify an extended stay or additional health care services, Medical Mutual will notify the Provider rendering the health care service by telephone or facsimile within one business day of making the certification determination. If Medical Mutual makes an adverse benefit determination, Medical Mutual will notify the Provider rendering the health care service by telephone within one business day after making the adverse benefit determination, and Medical Mutual will provide written or electronic confirmation to you and the Provider within one business day after the telephone notification.

Pre-Service Claims

A Pre-Service Claim is a claim for a benefit which requires some form of prior authorization or precertification by Medical Mutual as a condition for payment of a benefit (either in whole or in part).

For Pre-Service Claims submitted in writing, if you file a Pre-Service Claim in accordance with Medical Mutual's claim procedures and sufficient information is received, Medical Mutual will make a determination within two business days after obtaining all necessary information. If Medical Mutual makes a determination to certify an admission, procedure, or health care service, Medical Mutual will notify the Provider rendering the health care service by telephone or facsimile within three business days after making the certification, and Medical Mutual will notify you of its certification determination within a reasonable period of time appropriate to the medical circumstances, but not later than 15 days after receipt of the claim. The 15-day time period cap mentioned in the preceding sentence may be extended by Medical Mutual for up to an additional 15 days if such an extension is necessary due to circumstances beyond the

control of Medical Mutual, in which case Medical Mutual will notify you of such an extension and date by which it expects to render a decision.

If Medical Mutual makes an adverse benefit determination, Medical Mutual will notify the Provider rendering the health care service by telephone within three business days after making the adverse benefit determination, and Medical Mutual will provide written or electronic confirmation to you and the Provider within one business day after making the telephone notification, but not later than 15 days after receipt of the claim. The 15-day time period cap mentioned in the preceding sentence may be extended by Medical Mutual for up to an additional 15 days if such extension is necessary due to circumstances beyond the control of Medical Mutual, in which case, Medical Mutual will notify you of such an extension and date by which it expects to render a decision.

If an extension is needed because you did not provide the necessary information to process your claim, Medical Mutual will notify you, in writing, within 15 days of receipt of the claim and will specifically describe the missing information. You will then have 45 days to provide the additional information. If you do not provide the information, your claim may be denied.

If your health care practitioner (as defined in Ohio Revised Code 1751.72(A)) submits a Pre-Service Claim through Medical Mutual's electronic software system, Medical Mutual will respond to the request within 10 days of receipt and indicate whether the request is denied, approved, or if additional information is needed to process the request. If additional information is needed to process the request, the health care practitioner will then have 45 days to respond with the additional information. If your health care practitioner does not provide the information, your claim may be denied.

For only those prior authorization requests that are submitted by a health care practitioner (as defined in Ohio Revised Code 1751.72(A)) through Medical Mutual's electronic software system that are approved by Medical Mutual, except in cases of fraudulent or materially incorrect information, Medical Mutual will not retroactively deny a prior authorization for a health care service, drug, or device when all of the following are met: (1) the health care practitioner (as defined in Ohio Revised Code 1751.72(A)) submits a prior authorization request to Medical Mutual for a health care service, drug, or device; (2) Medical Mutual approves the prior authorization request after determining that all of the following are true: (a) the claimant is eligible under the health benefit plan; (b) the health care service, drug, or device is covered under the claimant's health benefit plan; and (c) the health care service, drug, or device meets Medical Mutual's standards for medical necessity and prior authorization; (3) the health care practitioner (as defined in Ohio Revised Code 1751.72(A)) renders the health care service, drug, or device pursuant to the approved prior authorization request and all of the terms and conditions of the health care practitioner's contract with Medical Mutual; (4) on the date the health care practitioner (as defined in Ohio Revised Code 1751.72(A)) renders the prior approved health care service, drug, or device, all of the following are true: (a) the claimant is eligible under the health benefit plan; the claimant's Condition or circumstances related to the claimant's care has not changed; (c) the health care practitioner submits an accurate claim that matches the information submitted by the health care practitioner in the approved prior authorization request; and (5) if the health care practitioner (as defined in Ohio Revised Code 1751.72(A)) submits a claim that includes an unintentional error and the error results in a claim that does not match the information originally submitted by the health care practitioner in the approved prior authorization request, upon receiving a denial of services from Medical Mutual, the health care practitioner may resubmit the claim with the information that matches the information included in the approved prior authorization.

For only those prior authorization requests that are submitted by a Network Provider through a manner other than Medical Mutual's electronic software system that are approved by Medical Mutual, if the Network Provider submitted complete, accurate, and all necessary information relative to an eligible Covered Person, Medical Mutual will not retroactively deny the authorization if the Network Provider renders the approved health care service in good faith and pursuant to the authorization and all of the terms and conditions of the Network Provider's contract with Medical Mutual.

Post-Service Claims

A Post-Service Claim is any claim that is not a Pre-Service Claim or a Claim Involving Urgent Care.

If you file a Post-Service Claim in accordance with Medical Mutual's claim procedures and sufficient information is received, Medical Mutual will notify you of its benefit determination within a reasonable period of time, but not later than 30 days after receipt of the claim. Medical Mutual may extend this time period for up to an additional 15 days if such an extension is necessary due to circumstances beyond the control of Medical Mutual. Medical Mutual will notify you of such an extension and date by which it expects to render a decision.

If an extension is needed because you did not provide the necessary information to process your claim, Medical Mutual will notify you, in writing, within the initial 30 day response period and will specifically describe the missing

information. You will then have 45 days to provide the additional information. If you do not provide the information, your claim may be denied.

If you file a Post-Service Claim for a service where prior authorization was required but not obtained, upon written request, Medical Mutual shall permit a retrospective review if the service in question meets all of the following: (i) the service is directly related to another service for which the health care practitioner (as defined in Ohio Revised Code 1751.72(A)) submitted a prior authorization request through Medical Mutual's electronic software system, prior approval has already been obtained from Medical Mutual on such request and the original prior authorized service has already been performed; (ii) the new service was not known to be needed at the time the original prior authorized service was performed; and (iii) the need for the new service was revealed at the time the original authorized service was performed. Once the written request and all necessary information is received, Medical Mutual will review the claim for coverage and medical necessity. Medical Mutual will not deny a claim for such a new service based solely on the fact that a prior authorization approval was not received for the new service in question.

Adverse Benefit Determination Notices

You will receive notice of a benefit determination, orally as allowed, or in writing in a culturally and linguistically appropriate manner. All notices of an Adverse Benefit Determination will include the following:

- Information sufficient to identify the claim or health care service involved, including the health care provider, the date of service, and claim amount, if applicable;
- the specific reason(s) for the Adverse Benefit Determination;
- reference to the specific plan provision(s) on which the Adverse Benefit Determination is based;
- a description of any additional material or information necessary to process the claim and an explanation of why such information is necessary;
- a description of Medical Mutual's appeal procedures and applicable timeframes, including the expedited appeal process, if applicable;
- notice of the availability, upon request, of the diagnosis code and treatment code and their corresponding meanings, if applicable;
- notice of your right to bring a civil action under federal law following an Adverse Benefit Determination after review on appeal, if your group is subject to the Employee Retirement Income Security Act of 1974 (ERISA);
- disclosure of the availability of assistance with the appeal process from the Ohio Department of Insurance;
- if an internal rule, guideline, protocol or similar criteria was relied upon in making the Adverse Benefit Determination, this will be disclosed, or you will be advised that information about the rule, guideline, protocol or similar criteria will be provided free of charge upon written request; and
- if the Adverse Benefit Determination was based on Medical Necessity, Experimental treatment, or a similar exclusion or limit, an explanation of the scientific or clinical judgment used for the determination applying the terms of the plan to your circumstances will be disclosed, or you will be advised that this explanation will be provided free of charge upon request.

Request for Reconsideration

In the case of a Pre-Service Claim or Concurrent Claim that results in an Adverse Benefit Determination, the Provider providing the Health Care Service may request in writing, on behalf of the Covered Person, a reconsideration of an Adverse Benefit Determination by the reviewer who reviewed the Pre-Service Claim or Concurrent Claim. The Provider may not request a reconsideration without the prior consent of the Covered Person. The reconsideration shall occur within three business days after Medical Mutual's receipt of the written request for reconsideration, and shall be conducted between the Provider providing the Health Care Service and the reviewer who reviewed the Pre-Service Claim or Concurrent Claim. If that reviewer cannot be available within three business days, the reviewer may designate another reviewer for the reconsideration.

If the reconsideration process does not resolve the difference of opinion between the reviewer and the Provider, the Covered Person or his or her Authorized Representative may file an internal appeal as further described below.

Reconsideration is not a prerequisite to an internal appeal or external review.

Filing an Internal Appeal and External Review

II. How to File an Appeal

If you are not satisfied with an Adverse Benefit Determination, you may file an appeal.

There is no fee to file an appeal. Appeals can be filed regardless of the claim amount at issue.

To submit an appeal electronically, go to Medical Mutual's Web site, medmutual.com, under Members' section, complete all required fields and submit, or call the Customer Service telephone number on your identification card for more information about how to file an appeal. You may also write a letter with the following information: Certificate Holder's full name; patient's full name; identification number; claim number if a claim has been denied; the reason for the appeal; date of services; the Provider/facility name; and any supporting information or medical records, documents, dental X-rays or photographs you would like considered in the appeal. Send or fax the letter and records to:

Medical Mutual
Member Appeals Department
P.O. Box 94580
Cleveland, Ohio 44101-4580
FAX: (216) 687-7990

The request for review must come directly from the patient unless he/she is a minor or has appointed an Authorized Representative. You can choose another person to represent you during the appeal process, as long as Medical Mutual has a signed and dated statement from you authorizing the person to act on your behalf. However, in the case of a claim involving Urgent Care (as described below), a healthcare Professional with knowledge of your medical Condition may act as your Authorized Representative without a signed and dated statement from you.

III. Internal Appeals Procedure

A. Mandatory Internal Appeal Level

The Plan provides all members a mandatory internal appeal level. You must complete this mandatory internal appeal level before any additional action is taken, except when exhaustion is unnecessary as described in the following sections.

Mandatory internal appeals must be filed within 180 days from your receipt of a notice of Adverse Benefit Determination. All requests for appeal may be made by submitting an electronic form, by calling Customer Service or in writing as described above in the How to File an Appeal section.

Under the appeal process, there will be a full and fair review of the claim in accordance with applicable law. The internal appeal process is a review of your appeal by an Appeals Coordinator, a Physician consultant and/or other licensed health care Professional. The review of an appeal will take into account all comments, documents, medical records and other information submitted by you and the Provider relating to the appeal, without regard to whether such information was submitted or considered in the initial benefit determination.

All determinations that involve, in whole or in part, issues of Medical Necessity, whether services are Experimental and Investigational, or any other medical judgment, are based on the evaluations and opinions of health care Professionals who have the appropriate training and experience in the field of medicine involved in the medical judgment. The health care Professionals who review the appeal will not have made any prior evaluations about your claim and will not be a subordinate of the Professional who made the initial evaluation of your claim. These health care Professionals act independently and impartially. Decisions to hire, compensate, terminate, promote or retain these Professionals are not based in any manner on the likelihood that these Professionals will support a denial of benefits. Upon specific written request from you, Medical Mutual will provide the identification of the medical or vocational expert whose advice was obtained on behalf of Medical Mutual in connection with the Adverse Benefit Determination, without regard to whether the advice was relied upon in making the benefit determination.

You may submit written comments, documents, records, testimony and other information relating to the claim that is the basis for the appeal. These documents should be submitted by you at the time you send in your request for an appeal. Upon written request, you may have reasonable access to and copies of documents, records and other information used to make the decision on your claim for benefits that is the subject of your appeal.

If, during the appeal, Medical Mutual considers, relies upon or generates any new or additional evidence, you will be provided free of charge with copies of that evidence before a notice of Final Adverse Benefit Determination is issued. You will have an opportunity to respond before our time frame for issuing a notice of Final Adverse Benefit Determination expires. Additionally, if Medical Mutual decides to issue a Final Adverse Benefit Determination based on a new or additional rationale, you will be provided that rationale free of charge before the final notice of Final Adverse Benefit Determination is issued. You will have an opportunity to respond before our timeframe for issuing a notice of Final Adverse Benefit Determination expires.

You will receive continued coverage pending the outcome of the appeals process. For this purpose, Medical Mutual may not reduce or terminate benefits for an ongoing course of treatment without providing advance notice and an opportunity for advance review. If Medical Mutual's Adverse Benefit Determination is upheld, you may be responsible for the payment of services you receive while the appeals process was pending.

1. Types of Mandatory Internal Appeals and Timeframes

a. Appeal of Claim Involving Urgent Care

- You, your Authorized Representative or your Provider may request an appeal of a claim involving Urgent Care. The appeal does not need to be submitted in writing. You, your Authorized Representative, or your Physician should call the Care Management telephone number on your identification card as soon as possible. Appeals of claims involving Urgent Care typically involve those claims for Medical Care or treatment with respect to which the application of the time periods for making non-Urgent Care determinations (1) could seriously jeopardize the life or health of a patient, or the ability of the patient to regain maximum functions, or (2) in the opinion of a Physician with knowledge of your medical Condition, would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim. The appeal must be decided as soon as possible, taking into account the medical exigencies, but not later than 72 hours after receipt of the claimant's request to appeal. If your health care practitioner (as defined in Ohio Revised Code 1751.72(A)) uses Medical Mutual's electronic software system to request an appeal of a Claim Involving Urgent Care, Medical Mutual will respond to the appeal within 48 hours of receipt. The expedited appeal process does not apply to prescheduled treatments, therapies, Surgeries or other procedures that do not require immediate action.

b. Pre-Service Claim Appeal

- You or your Authorized Representative may request a pre-service claim appeal. Pre-service claim appeals are those requested when you have received a denial of a Pre-Service Claim in advance of you receiving Medical Care. The pre-service claim appeal must be requested within 180 days of the date you received notice of an Adverse Benefit Determination but before you have received the service. When Medical Mutual receives a pre-service claim appeal in writing, it must be decided within a reasonable amount of time appropriate to the medical circumstances, but not later than 30 days after the receipt of the request. When Medical Mutual receives a pre-service claim appeal from your health care practitioner (as defined in Ohio Revised Code 1751.72(A)) when you have authorized him or her to appeal on your behalf and the health care practitioner uses Medical Mutual's electronic software system for prior authorization, Medical Mutual will respond to the appeal within 10 calendar days of receipt.

c. Post Service Claim Appeal

- You or your Authorized Representative may request a post-service claim appeal. Post-service claim appeals are those requested for payment or reimbursement of the cost for Medical Care that has already been provided. As with pre-service claims, the post-service claim appeal must be decided within 30 days of the request and must be requested within 180 days of the date you received notice of an Adverse Benefit Determination.

2. Notices of Final Adverse Benefit Determination after Appeal:

All notices of a Final Adverse Benefit Determination after an appeal will be culturally and linguistically appropriate and will include the following:

- Information sufficient to identify the claim or health care service involved, including the health care provider, the date of service, and claim amount, if applicable;
- the specific reason(s) for the Adverse Benefit Determination;
- reference to the specific plan provision(s) on which the Adverse Benefit Determination is based;

- a statement that you are entitled to receive, upon request and free of charge, reasonable access to and copies of all documents, records, and other information relevant to your claim for benefits;
- notice of the availability, upon request, of the diagnosis code and treatment code and their corresponding meanings, if applicable;
- if an internal rule, guideline, protocol or similar criteria was relied upon in making the Adverse Benefit Determination, this will be disclosed, or you will be advised that information about the rule, guideline, protocol or similar criteria will be provided free of charge upon written request;
- if the Adverse Benefit Determination was based on a Medical Necessity or Experimental treatment or similar exclusion or limit, an explanation of the scientific or clinical judgment used for the determination applying the terms of the plan to your circumstances will be disclosed, or you will be advised that this explanation will be provided free of charge upon request;
- a discussion of the decision;
- a description of applicable appeal procedures;
- disclosure of the availability of assistance with the appeal process from the Ohio Department of Insurance; and
- notice of your right to bring a civil action under federal law following an Adverse Benefit Determination after review on appeal, if your group is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

B. What Happens After the Mandatory Internal Appeal Level

If your claim is denied at the mandatory internal appeal level, you may be eligible for either the External Review Process by an Independent Review Organization for Adverse Benefit Determinations involving medical judgment or the External Review Process by the Ohio Department of Insurance for contractual issues that do not involve medical judgment.

IV. External Review Process

A. Contact Information for Filing an External Review

Medical Mutual

Cleveland, Ohio 44101-4580
FAX: (216) 687-7990

B. Understanding the External Review Process

Under Chapter 3922 of the Ohio Revised Code all Health Plan Issuers must provide a process that allows a person covered under a Health Benefit Plan or a person applying for Health Benefit Plan coverage to request an independent external review of an Adverse Benefit Determination. This is a summary of that external review process. An Adverse Benefit Determination is a decision by Medical Mutual to deny a requested Health Care Service or payment because services are not covered, are excluded, or limited under the plan, or the Covered Person is not eligible to receive the benefit.

The Adverse Benefit Determination may involve an issue of Medical Necessity, appropriateness, health care setting, or level of care or effectiveness. An Adverse Benefit Determination can also be a decision to deny Health Benefit Plan coverage or to Rescind coverage.

C. Opportunity for External Review

An external review may be conducted by an Independent Review Organization (IRO) or by the Ohio Department of Insurance. The Covered Person does not pay for the external review. There is no minimum cost of Health Care Services denied in order to qualify for an external review. However, the Covered Person must generally exhaust Medical Mutual's mandatory internal appeal process before seeking an external review. Exceptions to this requirement will be included in the notice of the Adverse Benefit Determination.

1. External Review by an IRO

A Covered Person is entitled to an external review by an IRO in the following instances:

- The Adverse Benefit Determination involves a medical judgment or is based on any medical information

- The Adverse Benefit Determination indicates the requested service is Experimental or Investigational, the requested Health Care Service is not explicitly excluded in the Covered Person's Health Benefit Plan, and the treating Physician certifies at least one of the following:
 - Standard Health Care Services have not been effective in improving the Condition of the Covered Person
 - Standard Health Care Services are not medically appropriate for the Covered Person
 - No available standard Health Care Service covered by Medical Mutual is more beneficial than the requested Health Care Service.

There are two types of IRO reviews, standard and expedited. A standard review is normally completed within 30 days. An expedited review for urgent medical situations is normally completed within 72 hours and can be requested if any of the following applies:

- The Covered Person's treating Physician certifies that the Adverse Benefit Determination involves a medical Condition that could seriously jeopardize the life or health of the Covered Person or would jeopardize the Covered Person's ability to regain maximum function if treatment is delayed until after the time frame of an expedited internal appeal, and the Covered Person has filed a request for an expedited internal appeal.
- The Covered Person's treating Physician certifies that the Final Adverse Benefit Determination involves a medical Condition that could seriously jeopardize the life or health of the Covered Person or would jeopardize the Covered Person's ability to regain maximum function if treatment is delayed until after the time frame of a standard external review.
- The final Adverse Benefit Determination concerns an admission, availability of care, continued stay, or Health Care Service for which the Covered Person received Emergency Services, but has not yet been discharged from a facility.
- An expedited internal appeal is already in progress for an Adverse Benefit Determination of Experimental or Investigational treatment and the Covered Person's treating physician certifies in writing that the recommended Health Care Service or treatment would be significantly less effective if not promptly initiated.

NOTE: An expedited external review is not available for retrospective Final Adverse Benefit Determinations (meaning the Health Care Service has already been provided to the Covered Person).

2. External Review by the Ohio Department of Insurance

A Covered Person is entitled to an external review by the Department in either of the following instances:

- The Adverse Benefit Determination is based on a contractual issue that does not involve a medical judgment or medical information.
- The Adverse Benefit Determination for an Emergency Medical Condition indicates that medical Condition did not meet the definition of emergency AND Medical Mutual's decision has already been upheld through an external review by an IRO.

D. Request for External Review

Regardless of whether the external review case is to be reviewed by an IRO or the Department of Insurance, the Covered Person, or an Authorized Representative, must request an external review through Medical Mutual within 180 days from your receipt of the notice of Final Adverse Benefit Determination.

All requests must be in writing, including by electronic means, except for a request for an expedited external review. Expedited external reviews may be requested orally. The Covered Person will be required to consent to the release of applicable medical records and sign a medical records release authorization.

If the request is complete and eligible Medical Mutual will initiate the external review and notify the Covered Person in writing, or immediately in the case of an expedited review, that the request is complete and eligible for external review. The notice will include the name and contact information for the assigned IRO or the Ohio Department of Insurance (as applicable) for the purpose of submitting additional information. When a standard review is requested, the notice will inform the Covered Person that, within 10 business days after receipt of the notice, they may submit additional information in writing to the IRO or the Ohio Department of Insurance (as applicable) for consideration in the review. Medical Mutual will also forward all documents and information used to make the Adverse Benefit Determination to the assigned IRO or the Ohio Department of Insurance (as applicable).

If the request is not complete Medical Mutual will inform the Covered Person in writing and specify what information is needed to make the request complete. If Medical Mutual determines that the Adverse Benefit Determination is not eligible for external review, Medical Mutual must notify the Covered Person in writing and provide the Covered Person

with the reason for the denial and inform the Covered Person that the denial may be appealed to the Ohio Department of Insurance.

The Ohio Department of Insurance may determine the request is eligible for external review regardless of the decision by Medical Mutual and require that the request be referred for external review. The Department's decision will be made in accordance with the terms of the Health Benefit Plan and all applicable provisions of the law.

E. IRO Assignment

When Medical Mutual initiates an external review by an IRO, the Ohio Department of Insurance web based system randomly assigns the review to an accredited IRO that is qualified to conduct the review based on the type of Health Care Service. An IRO that has a conflict of interest with Medical Mutual, the Covered Person, the health care Provider or the health care facility will not be selected to conduct the review.

F. Reconsideration by Medical Mutual

If you submit information to the Independent Review Organization or the Ohio Department of Insurance to consider, the Independent Review Organization or Ohio Department of Insurance will forward a copy of the information to Medical Mutual. Upon receipt of the information, Medical Mutual may reconsider its Adverse Benefit Determination and provide coverage for the Health Care Service in question. Reconsideration by Medical Mutual will not delay or terminate an external review. If Medical Mutual reverses an Adverse Benefit Determination, Medical Mutual will notify you in writing and the Independent Review Organization will terminate the external review.

G. IRO Review and Decision

The IRO must consider all documents and information considered by Medical Mutual in making the Adverse Benefit Determination, any information submitted by the Covered Person and other information such as; the Covered Person's medical records, the attending health care Professional's recommendation, consulting reports from appropriate health care Professionals, the terms of coverage under the Health Benefit Plan, the most appropriate practice guidelines, clinical review criteria used by the Health Plan Issuer or its Utilization Review organization, and the opinions of the IRO's clinical reviewers.

The IRO will provide a written notice of its decision within 30 days of receipt by Medical Mutual of a request for a standard review or within 72 hours of receipt by Medical Mutual of a request for an expedited review. This notice will be sent to the Covered Person, Medical Mutual and the Ohio Department of Insurance and must include the following information:

- A general description of the reason for the request for external review
- The date the Independent Review Organization was assigned by the Ohio Department of Insurance to conduct the external review
- The dates over which the external review was conducted
- The date on which the Independent Review Organization's decision was made
- The rationale for its decision
- References to the evidence or documentation, including any evidence-based standards, that were used or considered in reaching its decision

NOTE: Written decisions of an IRO concerning an Adverse Benefit Determination that involves a health care treatment or service that is stated to be Experimental or Investigational also includes the principle reason(s) for the IRO's decision and the written opinion of each clinical reviewer including their recommendation and their rationale for the recommendation.

H. Binding Nature of External Review Decision

An external review decision is binding on Medical Mutual except to the extent Medical Mutual has other remedies available under state law. The decision is also binding on the Covered Person except to the extent the Covered Person has other remedies available under applicable state or federal law.

A Covered Person may not file a subsequent request for an external review involving the same Adverse Benefit Determination that was previously reviewed unless new medical or scientific evidence is submitted to Medical Mutual.

Claim Review

Consent to Release Medical Information - Denial of Coverage

You consent to the release of medical information to Medical Mutual when you sign an Application.

When you present your identification card for Covered Services, you are also giving your consent to release medical information to Medical Mutual. Medical Mutual has the right to refuse to reimburse for Covered Services if you refuse to consent to the release of any medical information.

Right to Review Claims

When a claim is submitted, Medical Mutual will review the claim to ensure that the service was Medically Necessary and that all other Conditions for coverage are satisfied. The fact that a Provider may recommend or prescribe treatment does not mean that it is automatically a Covered Service or that it is Medically Necessary.

As part of its review, Medical Mutual may refer to corporate medical policies developed by Medical Mutual (that may be obtained at Medical Mutual's website) as guidelines to assist in reviewing claims.

Medical Mutual may, in its sole discretion, cover services and supplies not specifically covered by the Certificate. This applies if Medical Mutual determines such services and supplies are in lieu of more expensive services and supplies, which would otherwise be required for the care and treatment of a Covered Person.

Physical Examination and Dental Examination

Medical Mutual may require that you have one or more physical or dental examinations at its expense. These examinations will help to determine what benefits will be covered, especially when there are questions concerning services you have previously received and for which you have submitted claims. These examinations will not have any effect on your status as a Covered Person or your eligibility.

Legal Actions

No action, at law or in equity, shall be brought to recover benefits within 60 days after Medical Mutual receives written proof in accordance with this Certificate that Covered Services have been given to you. No such action may be brought later than three years after expiration of the required claim filing limit as specified in the Proof of Loss section.

Coordination of Benefits

The Coordination of Benefits ("COB") provision applies when a person has health care coverage under more than one **Plan**. **Plan** is defined below.

The order of benefit determination rules govern the order in which each **Plan** will pay a claim for benefits. The **Plan** that pays first is called the **Primary plan**. The **Primary plan** must pay benefits in accordance with its policy terms without regard to the possibility that another **Plan** may cover some expenses. The **Plan** that pays after the **Primary plan** is the **Secondary plan**. The **Secondary plan** may reduce the benefits it pays so that payments from all **Plans** does not exceed 100% of the total **Allowable expense**.

Definitions

1. A **Plan** is any of the following that provides benefits or services for medical or dental care or treatment. If separate Contracts are used to provide coordinated coverage for members of a group, the separate Contracts are considered parts of the same plan and there is no COB among those separate Contracts.
 - a. **Plan** includes: group and nongroup insurance Contracts, health insuring corporation ("HIC") Contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care Contracts, such as skilled nursing care; medical benefits under group or individual automobile Contracts; and Medicare or any other federal governmental plan, as permitted by law.
 - b. **Plan** does not include: Hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; supplemental coverage as described in Revised Code sections 3923.37 and 1751.56; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each Contract for coverage under "a" or "b" above is a separate **Plan**. If a **Plan** has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate **Plan**.

2. **This plan** means, in a **COB** provision, the part of the Contract providing the health care benefits to which the **COB** provision applies and which may be reduced because of the benefits of other plans. Any other part of the Contract providing health care benefits is separate from this plan. A Contract may apply one **COB** provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another **COB** provision to coordinate other benefits.
3. The order of benefit determination rules determine whether **This plan** is a **Primary plan** or **Secondary plan** when the person has health care coverage under more than one **Plan**.

When **This plan** is primary, it determines payment for its benefits first before those of any other **Plan** without considering any other **Plan's** benefits. When **This plan** is secondary, it determines its benefits after those of another **Plan** and may reduce the benefits it pays so that all **Plan** benefits do not exceed 100% of the total **Allowable expense**.

4. **Allowable expense** is a health care expense, including Deductibles, Coinsurance and Copayments, that is covered at least in part by any **Plan** covering the person. When a **Plan** provides benefits in the form of services, the reasonable cash value of each service will be considered an **Allowable expense** and a benefit paid. An expense that is not covered by any **Plan** covering the person is not an **Allowable expense**. In addition, any expense that a Provider by law or in accordance with a contractual agreement is prohibited from charging a Covered Person is not an **Allowable expense**.

The following are examples of expenses that are not **Allowable expenses**:

- a. The difference between the cost of a semi-private Hospital room and a private Hospital room is not an **Allowable expense**, unless one of the **Plans** provides coverage for private Hospital room expenses.
- b. If a person is covered by 2 or more **Plans** that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an **Allowable expense**.
- c. If a person is covered by 2 or more **Plans** that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an **Allowable expense**.
- d. If a person is covered by one **Plan** that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another **Plan** that provides its benefits or services on the basis of negotiated fees, the **Primary plan's** payment arrangement shall be the **Allowable expense** for all **Plans**. However, if the Provider has contracted with the **Secondary plan** to provide the benefit or service for a specific negotiated fee or payment amount that is different than the **Primary plan's** payment arrangement and if the Provider's Contract permits, the

negotiated fee or payment shall be the **Allowable expense** used by the **Secondary plan** to determine its benefits.

- e. The amount of any benefit reduction by the **Primary plan** because a Covered Person has failed to comply with the **Plan** provisions is not an **Allowable expense**. Examples of these types of plan provisions include second surgical opinions, Preauthorization of admissions, and preferred Provider arrangements.

- 5. **Closed panel plan** is a **Plan** that provides health care benefits to Covered Persons primarily in the form of services through a panel of Providers that have contracted with or are employed by the **Plan**, and that excludes coverage for services provided by other Providers, except in cases of Emergency or referral by a panel member.
- 6. **Custodial parent** is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

Order Of Benefit Determination Rules

When a person is covered by two or more **Plans**, the rules for determining the order of benefit payments are as follows:

- 1. The **Primary plan** pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other **Plan**.
- 2.
 - a. Except as provided in Paragraph "b" below, a **Plan** that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both **Plans** state that the complying plan is primary.
 - b. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the **Plan** provided by the Contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan Hospital and surgical benefits, and insurance type coverages that are written in connection with a **Closed panel plan** to provide out-of-Network benefits.
- 3. A **Plan** may consider the benefits paid or provided by another **Plan** in calculating payment of its benefits only when it is secondary to that other **Plan**.
- 4. Each **Plan** determines its order of benefits using the first of the following rules that apply:
 - a. Non-Dependent or Dependent. The **Plan** that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree, is the **Primary plan** and the **Plan** that covers the person as a dependent is the **Secondary plan**. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the **Plan** covering the person as a dependent, and primary to the **Plan** covering the person as other than a dependent (e.g. a retired employee), then the order of benefits between the two **Plans** is reversed so that the **Plan** covering the person as an employee, member, policyholder, subscriber or retiree is the **Secondary plan** and the other **Plan** is the **Primary plan**.
 - b. Dependent child covered under more than one plan. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one **Plan**, the order of benefits is determined as follows:
 - 1. For a dependent child whose parents are married or are living together, whether or not they have ever been married:
 - The **Plan** of the parent whose birthday falls earlier in the calendar year is the **Primary plan**; or
 - If both parents have the same birthday, the **Plan** that has covered the parent the longest is the **Primary plan**.
 - However, if one parent's plan has some other coordination rule (for example, a "gender rule" which says the father's plan is always primary), we will follow the rules of that plan.
 - 2. For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
 - a. If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the **Plan** of that parent has actual knowledge of those terms, that **Plan** is primary. This rule applies to plan years commencing after the **Plan** is given notice of the court decree;
 - b. If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Subparagraph (1) above shall determine the order of benefits;

- c. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Subparagraph (1) above shall determine the order of benefits; or
 - d. If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - The **Plan** covering the **Custodial parent**;
 - The **Plan** covering the spouse or Domestic Partner of the **Custodial parent**;
 - The **Plan** covering the **non-custodial parent**; and then
 - The **Plan** covering the spouse or Domestic Partner of the **non-custodial parent**.
3. For a dependent child covered under more than one **Plan** of individuals who are not the parents of the child, the provisions of Subparagraph (1) or (2) above shall determine the order of benefits as if those individuals were the parents of the child.
- c. Active employee or retired or laid-off employee. The **Plan** that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the **Primary plan**. The **Plan** covering that same person as a retired or laid-off employee is the **Secondary plan**. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled 4(a) can determine the order of benefits.
 - d. COBRA or state continuation coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another **Plan**, the **Plan** covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the **Primary plan** and the COBRA or state or other federal continuation coverage is the **Secondary plan**. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled 4(a) can determine the order of benefits.
 - e. Longer or shorter length of coverage. The **Plan** that covered the person as an employee, member, policyholder, subscriber or retiree longer is the **Primary plan** and the **Plan** that covered the person the shorter period of time is the **Secondary plan**.
 - f. If the preceding rules do not determine the order of benefits, the **Allowable expenses** shall be shared equally between the **Plans** meeting the definition of **Plan**. In addition, **This plan** will not pay more than it would have paid had it been the **Primary plan**.

Effect On The Benefits Of This Plan

1. When **This plan** is secondary, it may reduce its benefits so that the total benefits paid or provided by all **Plans** during a plan year are not more than the total **Allowable expenses**. In determining the amount to be paid for any claim, the **Secondary plan** will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any **Allowable expense** under its **Plan** that is unpaid by the **Primary plan**. The **Secondary plan** may then reduce its payment by the amount so that, when combined with the amount paid by the **Primary plan**, the total benefits paid or provided by all **Plans** for the claim do not exceed the total **Allowable expense** for that claim. In addition, the **Secondary plan** shall credit to its plan Deductible any amounts it would have credited to its Deductible in the absence of other health care coverage.
2. If a Covered Person is enrolled in two or more **Closed panel plans** and if, for any reason, including the provision of service by a non-panel Provider, benefits are not payable by one **Closed panel plan**, **COB** shall not apply between that **Plan** and other **Closed panel plans**.

Right To Receive And Release Needed Information

Certain facts about health care coverage and services are needed to apply these **COB** rules and to determine benefits payable under **This plan** and other **Plans**. Medical Mutual may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under **This plan** and other **Plans** covering the person claiming benefits. Medical Mutual need not tell, or get the consent of, any person to do this. Each person claiming benefits under **This plan** must give Medical Mutual any facts it needs to apply those rules and determine benefits payable.

Facility of Payment

A payment made under another **Plan** may include an amount that should have been paid under **This plan**. If it does, Medical Mutual may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under **This plan**. Medical Mutual will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payments made by Medical Mutual is more than it should have paid under this **COB** provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid, or any other person or organization that may be responsible for the benefits or services provided for the Covered Person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

Subrogation and Right of Reimbursement

As used herein, the term "Third Party", means any party that is, or may be, or is claimed to be responsible for illness or injuries to you. Such illness or injuries are referred to as "Third Party Injuries." "Third Party" includes any party responsible for payment of expenses associated with the care or treatment of Third Party Injuries. No adult Covered Person hereunder may assign any rights that it may have to recover medical expenses from any tortfeasor or other person or entity to any minor child or children of said adult Covered Person without the prior express written consent of Medical Mutual.

If this plan pays benefits under this Certificate to you for expenses Incurred due to Third Party Injuries, then Medical Mutual retains the right to repayment of the full cost of all benefits provided by this plan on your behalf that are associated with the Third Party Injuries. Medical Mutual's rights of recovery apply to any recoveries made by or on your behalf from the following sources, including but not limited to:

- Payments made by a Third Party or any insurance company on behalf of the Third Party;
- Any payments or awards under an uninsured or underinsured motorist coverage policy;
- Any Workers' Compensation or disability award or settlement;
- Medical payments coverage under any automobile policy, premises or homeowners' medical payments coverage or premises or homeowners' insurance coverage; and
- Any other payments from a source intended to compensate you for injuries resulting from an accident, injury or alleged negligence.

Your health plan is always secondary to automobile no-fault coverage, personal injury protection coverage, or medical payments coverage.

By accepting benefits under this plan, you specifically acknowledge Medical Mutual's right of subrogation. When this plan pays health care benefits for expenses Incurred due to Third Party Injuries, Medical Mutual shall be subrogated to your right of recovery against any party to the extent of the full cost of all benefits provided by this plan. Medical Mutual may proceed against any party with or without your consent.

By accepting benefits under this plan, you also specifically acknowledge Medical Mutual's right of reimbursement. This right of reimbursement attaches when this plan has paid benefits due to Third Party Injuries and you or your representative has recovered any amounts from a Third Party. By providing any benefit under this Certificate, Medical Mutual is granted an assignment of the proceeds of any settlement, judgment or other payment received by you to the extent of the full cost of all benefits provided by this plan. Medical Mutual's right of reimbursement is cumulative

with, and not exclusive of, Medical Mutual's subrogation right and Medical Mutual may choose to exercise either or both rights of recovery.

By accepting benefits under this plan, you and your representatives further agree to:

- Notify Medical Mutual promptly and in writing when notice is given to any party of the intention to investigate or pursue a claim to recover damages or obtain compensation due to Third Party Injuries sustained by you;
- Cooperate with Medical Mutual and do whatever is necessary to secure Medical Mutual's rights of subrogation and reimbursement under this Certificate;
- Give Medical Mutual a first-priority lien on any recovery, settlement, or judgment or other source of compensation which may be had from any party to the extent of the full cost of all benefits associated with Third Party Injuries provided by this plan (regardless of whether specifically set forth in the recovery, settlement, judgment or compensation agreement);
- Pay, as the first priority, from any recovery, settlement judgment, or other source of compensation, any and all amounts due Medical Mutual as reimbursement for the full cost of all benefits associated with Third Party Injuries paid by this plan (regardless of whether specifically set forth in the recovery, settlement, judgment, or compensation agreement); and
- Do nothing to prejudice Medical Mutual's rights as set forth above. This includes, but is not limited to, refraining from making any settlement or recovery which specifically attempts to reduce or exclude the full cost of all benefits paid by the plan.
- Serve as a constructive trustee for the benefits of this plan over any settlement or recovery funds received as a result of Third Party Injuries.

No court costs or attorney fees may be deducted from Medical Mutual's recovery, and Medical Mutual is not required to pay or contribute to paying court costs or attorney's fees for the attorney hired by you to pursue your claim or lawsuit against any Third Party. In the event you or your representative fail to cooperate with Medical Mutual, you shall be responsible for all benefits paid by this plan in addition to costs and attorney's fees incurred by Medical Mutual in obtaining repayment.

Medical Mutual's rights of subrogation and reimbursement described above shall be modified to comply with the terms of this paragraph in the event that less than the full value of the third party action is recovered due to comparative negligence on your part, diminishment of the recovery due to the apportionment of liability among and recovery on judgment against multiple co-defendants, or by reason of the collectability of the full value of the claim for injury, death, or loss to you resulting from limited liability insurance or any other cause. If less than the full value of the third party action is recovered due the reasons mentioned in the preceding sentence, Medical Mutual's claim shall be reduced in the same proportion as your interest is reduced. Both Medical Mutual and the member shall have the right to seek a declaratory judgment pursuant to ORC Section 2721 if there is a dispute over the distribution of the recovery in a tort action.

Right of Recovery

If the amount of the payments made by Medical Mutual is more than it should have paid under this plan, it may recover the excess from one or more of the persons it has paid or for whom it has paid, or any other person or organization that may be responsible for the benefits or services provided for the Covered Person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

Changes In Benefits or Provisions

The benefits provided by this coverage may be changed at any time. If there is a material change during the policy year, you will be notified 60 days in advance of the changes. It is your Group's responsibility to notify you when these changes go into effect. If you are receiving Covered Services under this Certificate at the time your revised benefits become effective, Medical Mutual will continue to provide benefits for these services only if they continue to be Covered Services under the revised benefits.

If the provisions of this Certificate are changed or revised by Medical Mutual, Medical Mutual will notify the Group 60 days prior to the changes becoming effective. It is the responsibility of the Group to notify the Certificate Holders of the change or revision.

Termination of Coverage

How and When Your Coverage Stops

Your coverage stops:

- By termination of the Group Contract including termination for non-payment. This automatically ends all of your coverage. It is the responsibility of your Group to notify you of such termination.
- On the date a spouse, as a Covered Person, stops being an Eligible Dependent.
- At the end of the month during which a child, as a Covered Person, stops being an Eligible Dependent.
- On the date that the Certificate Holder becomes ineligible.
- At the end of the period for which the premium was made when a Covered Person does not pay the next required contribution.
- On the day a final decree of legal separation, divorce, annulment or dissolution of the marriage is filed, a Certificate Holder's spouse will no longer be eligible for coverage.
- On the date a Certificate Holder's Domestic Partnership terminates, the Domestic Partner will cease to be eligible for coverage.
- Immediately upon notice if:
 - a Covered Person allows a non-Covered Person to use his/her identification card to obtain or attempt to obtain benefits; or
 - a Covered Person intentionally misrepresents a material fact provided to Medical Mutual or commits fraud or forgery. If Medical Mutual rescinds your coverage, you will be given 30 days' advance written notice, during which time you may request a review of the decision.

Federal Continuation Provisions - COBRA

Note: Domestic Partners and dependents of Domestic Partners are not eligible for continuation of benefits under the Consolidated Omnibus Budget Reconciliation Act of 1986 (COBRA). In the sections describing COBRA benefits Eligible Dependents means the Certificate Holder's spouse, and eligible dependent children of the Certificate Holder or the Certificate Holder's spouse.

If any Covered Person's group coverage would otherwise end and your employer's group policy is still in effect, you and your Eligible Dependents may be eligible for continuation of benefits under the Consolidated Omnibus Budget Reconciliation Act of 1986 (COBRA). COBRA is a federal law that allows Covered Persons to continue medical and dental coverage under specified circumstances where such group coverage would otherwise be lost. To continue coverage, you and your Eligible Dependents must apply for continuation coverage and pay the required premium before the deadline for payment. COBRA coverage can extend for 18, 29 or 36 months, depending on the particular "qualifying event" which gave rise to COBRA. Your employer must have a certain number of employees in order to be subject to COBRA.

When You Are Eligible for COBRA

If you are a Certificate Holder and active employee covered under your employer's group health plan, you have the right to choose this continuation coverage if you lose your group health coverage because of reduction in your hours of employment or termination of employment (for reasons other than gross misconduct on your part) or at the end of a leave under the Family and Medical Leave Act. If you are a covered retiree, you have the right to continuation coverage if your employer has filed for reorganization under Chapter 11 of the Bankruptcy Code.

If you are the covered spouse of a Certificate Holder (active employee or retiree for number 5 below) covered by Medical Mutual, you have the right to choose continuation coverage for yourself if you lose group health coverage under the employer's plan for any of the following five (5) reasons:

1. the death of your spouse;
2. the termination of your spouse's employment (for reasons other than gross misconduct) or reduction in your spouse's hours of employment;
3. divorce or legal separation from your spouse;
4. your spouse becomes entitled (that is, covered) under Medicare; or

5. your spouse is retired and your spouse's employer filed for reorganization under Chapter 11 of the Bankruptcy Code and your spouse was covered by Medical Mutual on the date before the commencement of bankruptcy proceeding and was retired from the group.

In the case of an Eligible Dependent of a Certificate Holder, (active employee or retiree for number six (6) below) covered by Medical Mutual, he or she has the right to continuation coverage if group health coverage under the employer's plan is lost for any of the following six (6) reasons:

1. the death of the Certificate Holder;
2. the termination of the Certificate holder's employment (for reasons other than gross misconduct) or reduction in the Certificate Holder's hours of employment;
3. Certificate Holder's divorce or legal separation;
4. the Certificate holder becomes entitled (that is, covered) under Medicare;
5. the dependent ceases to be an "Eligible Dependent"; or
6. the Certificate Holder is retired and the Certificate Holder's group files for reorganization under Chapter 11 of the Bankruptcy Code.

Notice Requirements

Under COBRA, the Certificate Holder or Eligible Dependent has the responsibility to inform the group of a divorce, legal separation or a child losing dependent status under Medical Mutual within 60 days of any such event. If notice is not received within that 60-day period, the dependent will not be entitled to choose continuation coverage. When the group is notified that one of these events has happened, the group will, in turn, have 14 days to notify the affected family members of their right to choose continuation coverage. Under COBRA, you have 60 days from the date coverage would be lost because of one of the events described above or the date of receipt of notice, if later, to inform your group of your election of continuation coverage.

If you do not choose continuation coverage within the 60-day election period, your group health coverage will end as of the date of the qualifying event.

If you do choose continuation coverage, your group is required to provide coverage that is identical to the coverage provided by the group to similarly situated active employees and dependents. This means that if the coverage for similarly situated Covered Persons is modified, your coverage will be modified.

How Long COBRA Coverage Will Continue

COBRA requires that you be offered the opportunity to maintain continuation coverage for 18 months if you lost coverage under the group due to the Certificate Holder's termination (for reasons other than gross misconduct) or reduction in work hours. A Certificate Holder's covered spouse and/or Eligible Dependents are required to be offered the opportunity to maintain continuation coverage for 36 months if coverage is lost under the group because of an event other than the Certificate Holder's termination or reduction in work hours.

If, during an 18-month period of coverage continuation, another event takes place that would also entitle a qualified beneficiary (other than the Certificate Holder) to his own continuation coverage (for example, the former Certificate Holder dies, is divorced or legally separated, or the dependent ceased to be an Eligible Dependent under the Group Contract) the continuation coverage may be extended for the affected qualified beneficiary. However, in no case will any period of continuation coverage be more than 36 months.

If you are a former employee and you have a newborn or adopted child while you are on COBRA continuation and you enroll the new child for coverage, the new child will be considered a "qualified beneficiary". This gives the child additional rights such as the right to continue COBRA benefits even if you die during the COBRA period. Also, this gives the right to an additional 18-month coverage if a second qualifying event occurs during the initial 18-month COBRA period following your termination or retirement. If you are entitled to 18 months of continuation coverage and if the Social Security Administration determines that you were disabled within the 60 days of the qualifying event, you are eligible for an additional 11 months of continuation coverage after the expiration of the 18-month period. To qualify for this additional period of coverage, you must notify the group within 60 days after becoming eligible for COBRA or receiving a disability determination from the Social Security Administration, whichever is later. Such notice must be given before the end of the initial 18 months of continuation coverage. If the individual entitled to the disability extension has non-disabled family members who are qualified beneficiaries and have COBRA coverage, those non-disabled beneficiaries will also be entitled to this 11-month disability extension. During the additional 11 months of continuation coverage, the premium for that coverage may be no more than 150% of the coverage cost during the preceding 18 months provided to similarly situated active employees.

The law also provides that your continuation coverage may be terminated for any of the following four (4) reasons:

1. your group no longer provides group health coverage to any of its employees;
2. the premium for your continuation coverage is not paid in a timely fashion;
3. you first become, after the date of election, covered under another group health plan (unless that other Plan contains an exclusion or limitation with respect to any preexisting Condition affecting you or a covered dependent); or
4. you first become, after the date of election, entitled (that is covered) under Medicare.

Additional Information

An Eligible Dependent who is a qualified beneficiary is entitled to elect continuation of coverage even if the Certificate Holder does not make that election. At subsequent open enrollments, an Eligible Dependent may elect a different coverage from the coverage the Certificate Holder elects.

You do not have to provide proof of insurability to obtain continuation coverage. However, under COBRA, you will have to pay all of the premium (both employer and employee portion) for your continuation coverage, plus a 2% administrative fee. You will have an initial grace period of 45 days (starting with the date you choose continuation coverage) to pay any premiums then due; after that initial 45-day grace period, you will have a grace period of 30 days to pay any subsequent premiums.

It is your group's responsibility to advise you of your COBRA rights and to provide you with the required documents to complete upon the qualifying event.

State Continuation Provisions

Note: Domestic Partners and dependents of Domestic Partners are not eligible for continuation of group benefits. In this section Eligible Dependents under State Continuation means the Certificate Holder's spouse, and eligible dependent children of the Certificate Holder or the Certificate Holder's Spouse.

If the Certificate Holder's coverage stops due to an involuntary termination of employment, and the termination of employment is not a result of any gross misconduct on the part of the Certificate Holder, the Certificate Holder may be eligible to continue group coverage. The Certificate Holder is eligible for continuation of group benefits when at the time of termination the Certificate Holder meets all of the following criteria:

- continuously covered by the Group Contract or a similar Contract for the three month period immediately prior to termination of employment;
- not eligible for nor covered by Medicare; and
- not eligible for any other group medical coverage.

If the Certificate Holder is eligible for continuation of group benefits, coverage for the Certificate Holder and his/her Eligible Dependents may continue for up to 12 months following termination of employment. This continuation of coverage applies only to health coverage and is contingent upon the Certificate Holder's payment of the required premium.

Continuation of Coverage During Military Service

If your coverage would otherwise terminate due to a call to active duty from reserve status, you are entitled to continue coverage for yourself and your Eligible Dependents. Your group shall notify you of your right to continue coverage at the time you notify the group of your call to active duty. You must file a written election of continuation with the group and pay the first contribution for continued coverage no later than 31 days after the date on which your coverage would otherwise terminate. Continuation coverage will end on the earliest of the following dates:

- the date you return to reserve status from active military duty;
- 24 months from the date continuation began (or 36 months if any of the following occurs during this 24-month period: death of the reservist; divorce or separation of a reservist from the reservist's spouse; or a child ceasing to be an Eligible Dependent);
- the date coverage terminates under the Certificate for failure to make timely payment of a required contribution;
- the date the entire Certificate ends; or
- the date the coverage would otherwise terminate under the Certificate.

Benefits After Termination of Coverage

If you are an Inpatient of a Hospital or Skilled Nursing Facility on the day your coverage stops, only the benefits listed in the **Inpatient Hospital Services** section under **bed, board and general nursing services** and **ancillary services** will continue. These benefits will end when any of the following occurs:

- Medical Mutual provides your maximum benefits;
- you leave the Hospital or Skilled Nursing Facility;
- the Benefit Period in which your coverage stopped, comes to an end; or
- you have other healthcare coverage.

This provision applies only to the Covered Services specifically listed in these two subnamed sections. No other services will be provided once your coverage stops.

Rescission of Coverage

A rescission of your coverage means that the coverage may be legally voided all the way back to the day the plan began to provide you with coverage, just as if you never had coverage under the plan. Your coverage can only be rescinded if you (or a person seeking coverage on your behalf), performs an act, practice, or omission that constitutes fraud; or unless you (or a person seeking coverage on your behalf) makes an intentional misrepresentation of material fact, as prohibited by the terms of your plan. Your coverage can also be rescinded due to such an act, practice, omission or intentional misrepresentation by your employer.

You will be provided with thirty (30) calendar days' advance notice before your coverage is rescinded. You have the right to request an internal appeal of a rescission of your coverage. Once the internal appeal process is exhausted, you have the additional right to request an independent external review.

Notice

In the event Medical Mutual's HIC becomes insolvent or discontinues its operations:

1. Outpatient procedures.
 - a. the Provider or health care facility will continue to provide Covered Services to Covered Persons as needed to complete any Medically Necessary procedures commenced but unfinished at the time of the insolvency or discontinuance of operations. The completion of a Medically Necessary procedure includes the rendering of all Covered Services that constitute Medically Necessary follow-up care for that procedure. Such coverage will not continue beyond:
 1. The end of the thirty-day period following the entry of a liquidation order under Chapter 3903 of the Ohio Revised Code;
 2. The end of the Covered Person's period of coverage for a contractual prepayment or premium;
 3. The date on which the Covered Person obtains equivalent coverage with another health insuring corporation or insurer, or the Covered Person's employer obtains such coverage for the Covered Person;
 4. The date on which the Covered Person or the Covered Person's employer terminates coverage under the Contract;
 5. The date on which a liquidator effects a transfer of the health insuring corporation's obligations under the Contract.
2. Inpatient Hospitalizations.

If a Covered Person is receiving Necessary Inpatient care at a Hospital, Providers and health care facilities will continue to provide Covered Services to the Covered Person as needed, as described in the provision entitled "Benefits After Termination of Coverage," but coverage will continue only until the end of the 30-day period after the health insuring corporation's insolvency or discontinuance of operations.
