POINT-OF-SERVICE (POS) HEALTH CARE POLICY

This Policy describes your point-of-service plan health care benefits. Under a point-of-service plan, coverage is provided for services received from Network Providers, as well as Non-Network Providers. **However, the highest level of benefits and the lowest level of Out-of-Pocket Maximum is achieved when Network Providers are utilized.** We will refer to the Policyholder and all Eligible Dependents as Covered Persons.

A LIST OF NETWORK PROVIDERS CAN BE FOUND AT OUR WEBSITE AT MEDMUTUAL.COM OR BY CALLING A CUSTOMER SERVICE REPRESENTATIVE AT THE PHONE NUMBER SHOWN ON YOUR I.D. CARD.

If you are a minor and this Policy is being issued as a child-only Policy, you are the Covered Person. "You" or "your" may also refer to your parent, guardian or authorized representative.

This plan is operated by Medical Health Insuring Corporation of Ohio (Medical Mutual), as both a health insuring corporation and an insurance company, in compliance with the applicable sections of the Ohio Revised Code.

SCHEDULE OF BENEFITS

To receive the highest level of benefits at the lowest Out-of-Pocket Maximum expense, Covered Services must be provided by Network Providers. When you use Non-Contracting Providers, you are responsible for any balance due between the Provider's charge and the Allowed Amount, in addition to any Deductibles, Copayments, Coinsurance, and non-covered charges. All benefits are calculated based upon the applicable Allowed Amount or Non-Contracting Amount, not the Provider's charge. Refer to "How Claims are Paid" for additional information.

This plan serves Covered Persons who reside in the counties of Ashland, Ashtabula, Cuyahoga, Geauga, Lake, Lorain, Medina, Portage and Summit in the State of Ohio. This is known as the "Service Area." Refer to the Eligibility section of this Policy for additional information.

Remember, in an Emergency, always go to the nearest appropriate medical facility; we encourage you to notify your Primary Care Physician, if applicable, as soon as medically possible. Your benefits will not be reduced if you go to a non-Network Provider in an Emergency.

Custodial Care does not include care provided for its therapeutic value in the treatment of a Condition.

- Result in serious impairment to the individual's bodily functions; or
- Result in serious dysfunction of a bodily organ or part of the individual.

Experimental or Investigational Drug, Device, Medical Treatment or Procedure - a drug, device, medical treatment or procedure is Experimental or Investigational:

- if the drug or device cannot be lawfully marketed without approval of the U.S. Food and Drug Administration, and approval for marketing has not been given at the time the drug or device is provided; or
- if reliable evidence shows that the drug, device, medical treatment or procedure is not considered to be the standard of care, is the subject of ongoing phase I, II or III clinical trials, or is under study to determine maximum tolerated dose, toxicity, safety, efficacy, or efficacy as compared with the standard means of treatment or diagnosis; or
- if reliable evidence shows that the consensus of opinion among experts is that the drug, device, medical treatment or procedure is not the standard of care and that further studies or clinical trials are necessary to determine its maximum tolerated dose, toxicity, safety, efficacy or efficacy as compared with the standard means of treatment or diagnosis.

Reliable evidence may consist of any one or more of the following:

- published reports and articles in the authoritative medical and scientific literature;

The determination of whether a drug, device, medical treatment or procedure is Experimental or Investigational shall be made by Medical Mutual in its sole discretion, and that determination shall be final and conclusive, subject to any available appeal process.

Formulary - a list of Generic Prescription Drugs, Brand Name Prescription Drugs and over-the-counter drugs that are covered under this plan.

Home Delivery Prescription Drug - a Prescription Drug which can be provided by a Home Delivery Pharmacy.

Hospital - an accredited Institution that meets the specifications set forth in the appropriate Chapter of the Ohio Revised Code and any other regional, state or federal licensing requirements, except for the requirement that such Institution be operated within the state of Ohio.

Institution (Institutional) - a Hospital or Other Facility Provider.

Legal Guardian - an individual who is either the natural guardian of a child or who was appointed a guardian of a child in a legal proceeding by a court having the appropriate jurisdiction.

Lenses - glass or plastic single vision, bifocal, trifocal or lenticular corrective materials which are ground as prescribed by a licensed Provider and include fashion and gradient tinting, ultraviolet protective coating, oversized and glass-gray #3 prescription sunglass lenses.

Medical Care - professional services received from a Physician or an Other Professional Provider to treat a Condition.

Medically Necessary (or Medical Necessity) - a Covered Service, supply and/or Prescription Drug that is required to diagnose or treat a Condition and which Medical Mutual determines is:

- appropriate with regard to the standards of good medical practice and not Experimental or Investigational;
- not primarily for your convenience or the convenience of a Provider; and
- the most appropriate supply or level of service which can be safely provided to you. When applied to the care of an Inpatient, this means that your medical symptoms or Condition require that the services cannot be safely or adequately provided to you as an Outpatient. When applied to Prescription Drugs, this means the Prescription Drug is cost effective compared to alternative Prescription Drugs which will produce comparable effective clinical results.

Medicare - the program of health care for the aged and disabled established by Title XVIII of the Social Security Act of 1965, as amended.

Medicare Approved - the status of a Provider that is certified by the United States Department of Health and Human Services to receive payment under Medicare.

Negotiated Amount - the amount the Provider has agreed with Medical Mutual to accept as payment in full for Covered Services, subject to the limitations set forth below.

The Negotiated Amount may include performance withholds and/or payments to Providers for quality or wellness incentives that may be earned and paid at a later date. Your Copayment, Deductible and/or Coinsurance amounts may include a portion that is attributable to a quality incentive payment or bonus and will not be adjusted or changed if such payments are not made.

The Negotiated Amount for Providers does not include adjustments and/or settlement due to prompt payment discounts, guaranteed discount corridor provisions, maximum charge increase limitation violations, performance withhold adjustments or any settlement, incentive, allowance or adjustment that does not accrue to a specific claim. In addition, the Negotiated Amount for Prescription Drugs does not include Pharmacy rebates that Medical Mutual may receive from its Pharmacy benefit manager or payments resulting from discount guarantees.

In certain circumstances, Medical Mutual may have an agreement or arrangement with a vendor who purchases the services, supplies or products from the Provider instead of Medical Mutual contracting directly with the Provider itself. In these circumstances, the Negotiated Amount will be based upon the agreement or arrangement Medical Mutual has

with the vendor and not upon the vendor's actual negotiated price with the Provider, subject to the further conditions and limitations set forth herein.

Network Pharmacy - a Pharmacy who has a network agreement to provide Prescription Drug services.

Network Provider - a Provider that is included in a limited panel of Providers as designated by Medical Mutual. This limited panel of Providers is otherwise known as a health maintenance organization (HMO) or, under Ohio law, as a health insuring corporation (HIC). Providers in this network have an agreement with Medical Mutual about payment for Covered Services.

Non-Contracting Amount - subject to applicable law, the maximum amount allowed by Medical Mutual for Covered Services provided to Covered Persons by a Non-Contracting Provider based on various factors, including, but not limited to, market rates for that service, Negotiated Amounts for that service, and Medicare reimbursement for that service. The Non-Contracting Amount will likely be less than the Provider's Billed Charges. If you receive services from a Non-Contracting Provider, and you are balanced billed for the difference between the Non-Contracting Amount and the Billed Charges, you may be responsible for the full amount up to the Provider's Billed Charges, even if you have met your Out-of-Pocket Maximum. Medical Mutual also reserves the right to pay a Non-Contracting Amount for Prescription Drugs received from a non-Network Pharmacy that is based on the lesser of the Billed Charges or an amount similar to or less than what Medical Mutual would pay a Network Pharmacy.

Prior to receiving this Policy, you applied for individual coverage or family coverage. Under individual coverage, only the Policyholder is covered. Under family coverage, the Policyholder and the Eligible Dependents who have been enrolled are covered.

You may be required to state your choice of a Primary Care Physician for yourself and each of the Eligible Dependents listed on your Application when you enroll. You may change your Primary Care Physician at any time. Changes may be made by calling Customer Service, leaving a telephone message on the Customer Service lines, submitting a change via Medical Mutual's web site or mailing the request to Medical Mutual.

  - any children who, by court order, must be provided health care coverage by the Policyholder or Policyholder's spouse.

To be considered Eligible Dependents, children's ages must fall within the age limit specified in the Schedule of Benefits.

Eligibility will continue past the age limit for dependent children who are unmarried and primarily dependent upon the Policyholder for support due to a physical handicap or intellectual disability which renders them unable to support themselves. This incapacity must have started before the age limit was reached and must be medically certified by a Physician. You must notify Medical Mutual of the dependent child's desire to continue coverage within 31 days of reaching the limiting age. After a two-year period following the date the dependent child meets the age limit, Medical Mutual may annually require further proof that the dependence and incapacity continue.

In order to have family coverage under a Catastrophic Plan, each Eligible Dependent must satisfy at least one of the following criteria:

1. The individual must be under age thirty (30).
2. The individual must have been certified as exempt from the individual responsibility payment because he or she cannot afford Minimum Essential Coverage, or because he or she is eligible for a hardship exemption, as determined by the Exchange Marketplace.

Coverage will be provided for dependent children living outside Medical Mutual's approved Service Area, if a court order requires the Policyholder to provide health care coverage to his or her dependent children.

Effective Date

Coverage starts at 12:01 a.m. on the effective date. The effective date is determined by Medical Mutual. No benefits will be provided for services, supplies or charges Incurred before your effective date.

Open Enrollment

The open enrollment period begins November 1 and extends through January 31.

During the open enrollment period, the Policyholder may request to add new Eligible Dependents or to request a different plan available at that time in the individual market.

Special Enrollment

Outside of open enrollment, the only other time during which you may change plans or add an Eligible Dependent is under a special enrollment period. Special enrollment is triggered by any of the following events:

1. When you or any of your dependents lose other Minimum Essential Coverage. (Loss of Minimum Essential Coverage does not include termination due to non-payment of premium, including COBRA premium, or in the event of rescission.)
2. When you gain or become a dependent through marriage, birth, adoption, placement for adoption, placement in foster care, or when you are required to cover a child pursuant to a court order.
3. When you lose a dependent or are no longer considered a dependent through divorce or legal separation as defined by State law in the State in which the divorce or legal separation occurs, or if you or your dependent dies.
4. When you gain status as a citizen, national, or lawfully present individual in the United States (triggering event for special enrollment on Exchange Marketplace only).
5. When you experience an error in enrollment or non-enrollment.
6. When you adequately demonstrate that the plan or issuer substantially violated a material provision of the contract under which you are enrolled.
7. When you become newly eligible or newly ineligible for advance payments of the premium tax credit or experience a change in eligibility for cost-sharing reductions through the Exchange Marketplace (not applicable to Catastrophic Plans).
8. When new coverage becomes available to you as a result of a permanent move.
9. When you or any of your dependents lose eligibility for coverage of pregnancy-related services under Medicaid.
10. When you or any of your dependents lose "medically needy coverage," as described under section 1902 (a)(10)(C) of the Social Security Act (limited to one special enrollment period per calendar year).
11. When you or any of your dependents is enrolled in a non-calendar year group or individual health insurance coverage, even if you or your dependents have the option to renew such coverage. The date of the loss of coverage is the last day of the plan or policy year.
12. When you demonstrate, in accordance with guidelines issued by the Department of Health and Human Services, that you meet other exceptional circumstances (triggering event for special enrollment on Exchange Marketplace only).

The request for special enrollment must be received by the plan in which you want to enroll within sixty (60) days of the triggering event. If you or your dependent will experience coverage changes under paragraphs 1 and 7-11 of this section, you have 60 days before and after the triggering event to select a QHP. If a parent of an Eligible Dependent child is required by a court or administrative order to provide health insurance coverage for such child, and if the parent is eligible for family health insurance coverage provided by Medical Mutual, the Eligible Dependent child may be enrolled under his or her parent's family coverage without regard to enrollment period restrictions.

An Indian, as defined by the Indian Health Care Improvement Act, may enroll in or change from one plan to another on the Exchange Marketplace no more than once per month.

Your effective date will be determined as defined by federal regulations.

Changes in Coverage

You may change to individual coverage if you no longer have any Eligible Dependents. You must notify us when a Covered Person under your Policy becomes eligible for Medicare.

A newborn will be covered for 31 days from the date of birth without premium payment. If additional premium is required to provide coverage beyond 31 days from the newborn's date of birth, the request to cover the newborn must be received by Medical Mutual within 31 days from the date of birth, and payment of the required premium must be paid when due. Adopted children will be covered on the same basis as any other dependent children.

Your Identification Card

You will receive identification cards. These cards contain the Policyholder's name, Policy number and a toll-free telephone number that provides you with access to health care and information as to how health care may be obtained, 24 hours per day, 7 days per week. Another telephone number on your card is a toll-free Customer

Service number which, during normal business hours, provides you with access to information on the coverage available to you under your health plan and information on Medical Mutual's internal and external review processes. The identification card should be presented when receiving Covered Services under this coverage because it contains information you or your Provider will need when making an inquiry. Your receipt or possession of an identification card does not mean that you are automatically entitled to benefits.

Your identification card is the property of Medical Mutual. After coverage ends, use of the identification card is not permitted and may subject you to legal action.

HEALTH CARE BENEFITS

Medical Mutual will furnish you with a list of Network Providers upon enrollment and/or request. In the event Medical Mutual's contract with a particular Primary Care Physician or Hospital ends, resulting in that Physician or Hospital becoming a Non-Network Provider, refer to the section of this Policy entitled "Provider Transitions."

All Covered Services must be Medically Necessary, unless otherwise specified. Medical Necessity is determined by Medical Mutual.

All Covered Services are subject to the limitations and exclusions stated in this Policy and Schedule of Benefits. The amount you must pay is shown in the Schedule of Benefits.

Please refer to the Prior Approval of Non-Network Benefits in the How Claims Are Paid section of the General Provisions for information regarding services received from Non-Network Providers.

Allergy Tests and Treatments

Allergy tests and treatment that are performed and related to a specific diagnosis are Covered Services. Desensitization treatments are also covered.

Ambulance Services

Transportation for conditions other than Emergency Medical Conditions via ambulance must be certified by your Physician. Trips must be to the closest facility that is medically equipped to provide the Covered Services that are appropriate for your Condition.

Transportation for Emergency Medical Conditions will also be covered when provided by a professional ambulance service for other than local ground transportation such as air and water transportation, only when special treatment is required and the transportation is to the nearest Hospital qualified to provide the special treatment.

Covered ambulance services include treatment of a sickness or injury by medical Professionals from an ambulance service when you are not transported if Medically Necessary.

Ambulance services are a Covered Service only when Medically Necessary, except:

- When ordered by an employer, school, fire or public safety official and the Covered Person is not in a position to refuse, or
- When a Covered Person is required by us to move from a Non-Network Provider to a Network Provider.

Non-Covered services for ambulance include, but are not limited to, trips to a Physician's office, clinic, a morgue or a funeral home. Transportation services provided by an ambulette or a wheelchair van are also not Covered Services.

Case Management

Case management is an economical, common-sense approach to managing health care benefits. Medical Mutual's case management staff evaluates opportunities to cover cost-effective alternatives to the patient's current health care needs. Case management has proven to be very effective with catastrophic cases, long-term care, and psychiatric and substance abuse treatment. In such instances, benefits not expressly covered in this Policy may be approved. All case management programs are voluntary for the patient.

Coverage for these services must be approved in advance and in writing by Medical Mutual.

To learn more about these services, you may contact Medical Mutual's case management staff.

Clinical Trial Programs

Benefits are provided for Routine Patient Costs administered to a Covered Person participating in any stage of an Approved Clinical Trial, if that care would be covered under the plan if the Covered Person was not participating in a clinical trial.

In order to be eligible for benefits, the Covered Person must meet the following conditions (number 2 below is not required for cancer clinical trials in Ohio):

1. The Covered Person is eligible to participate in an Approved Clinical Trial, according to the trial protocol with respect to treatment of cancer or other Life-threatening Conditions.
2. Either:
    a. The referring Provider is an Network Provider and has concluded that the Covered Person's participation in such trial would be appropriate based upon the Covered Person meeting the conditions described in "1" above; or
    b. The Covered Person provides medical and scientific information establishing that his or her participation in such trial would be appropriate based upon the Covered Person meeting the conditions described in "1" above.

If the clinical trial is not available from an Network Provider, the Covered Person may participate in an Approved Clinical Trial administered by a Non-Contracting Provider. However, the Routine Patient Costs will be covered at the Non-Contracting Amount, and the Covered Person may be subject to balance billing up to the Provider's Billed Charges for the services.

"Approved Clinical Trial" means a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or Condition and is described in any of the following:

- The study or investigation is a drug trial that is exempt from having such an Investigational new drug application.

"Life-threatening Condition" means any disease or Condition from which the likelihood of death is probable unless the course of the disease or Condition is interrupted.

"Routine Patient Costs" means all health care services that are otherwise covered under the Group Contract for the treatment of cancer or other Life-threatening Condition that is typically covered for a patient who is not enrolled in an Approved Clinical Trial.

"Subject of a Clinical Trial" means the health care service, item, or drug that is being evaluated in the Approved Clinical Trial and that is not a Routine Patient Cost.

No benefits are payable for the following:

- A service, item, or drug that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.

Dental Services for Certain Medical Conditions

Accidental Injury

Dental services will be covered for initial injuries sustained in an accident. The accidental injury must have caused damage to the jaws, sound natural teeth, mouth or face. Injury as a result of chewing or biting shall not be considered an accidental injury.

The above exclusion for injuries as a result of biting or chewing shall not apply if such injury was the result of domestic violence or if an underlying medical Condition caused the biting or chewing-related injuries. For example, a Covered Person with epilepsy involuntarily clamps down on his teeth and breaks one during a seizure.

The underlying Illness must cause the chewing or biting accident that results in injury to the jaws, sound natural teeth, mouth or face. If a Covered Person has an underlying Illness that causes the teeth to be more susceptible to injury, dental services related to such injury will not be covered as an injury sustained in an accident.

Coverage may be provided for dental implants only when due to trauma, accidents or as deemed Medically Necessary by Medical Mutual.

Inpatient admissions to a Hospital Provider or Residential Treatment Facility Provider must be preauthorized. The telephone number for Preauthorization is listed on the back of your identification card. Network Hospitals in Ohio will assure this Preauthorization is done and since the Hospital is responsible for obtaining the Preauthorization, there is no penalty to you if this is not done.

Drugs and Biologicals

You are covered for Prescription Drugs and biologicals that cannot be self-administered and are furnished as part of a Physician's professional service, such as antibiotics, joint injections and chemotherapy, in the course of the diagnosis or treatment of a Condition. Other drugs that can be self-administered or that may be obtained under drug coverage, if applicable, are not covered but the administration of the drug may be covered.

Drugs that can be covered under your supplemental Prescription Drug plan need to be obtained under your Pharmacy coverage.

Specialty Prescription Drugs require prior approval from Medical Mutual.

Medical Mutual, along with your Physician, will determine which setting is most appropriate for these drugs and biologicals to be administered to you.

Medical Mutual may, in its sole discretion, establish Quantity Limits and/or age limits for specific Prescription Drugs. Covered Services will be limited based upon Medical Necessity, Quantity Limits and/or age limits established by Medical Mutual or utilization guidelines. Medical Mutual may require other utilization programs, such as Step Therapy and Prior Authorization, on certain Prescription Drugs. These programs are described further below. The Medical Necessity decisions are made by going through a coverage review process.

Step Therapy: a program to determine whether you qualify for coverage based upon certain information, such as medical history, drug history, age and gender. This program requires that you try another drug before the target drug will be covered under this plan, unless special circumstances exist. If your Physician believes that special circumstances exist, he or she may request a coverage review.

Prior Authorization: a program applied to certain Prescription Drugs and/or therapeutic categories to define and/or limit the conditions under which they will be covered. Prior authorization helps promote appropriate use and enforcement of medically accepted guidelines for Prescription Drug benefit coverage.

Prior Authorization is required for most Specialty Prescription Drugs and may also be required for certain other Prescription Drugs (or the prescribed quantity of a certain Prescription Drug).

Quantity limits: Certain Prescription Drugs are covered only up to a certain limit. Quantity Limits help promote appropriate dosing of Prescription Drugs and enforce medically accepted guidelines for Prescription Drug benefit coverage. Obtaining quantities beyond the predetermined limit requires Prior Authorization.

Emergency Services

You are covered for the treatment of an Emergency Medical Condition on a seven-days-per-week, 24 hours per-day basis, received both inside and outside the Service Area. Coverage for an Emergency Medical Condition will be provided in accordance with the Schedule of Benefits.

In the event of an Emergency:

- call 911 or go to the nearest Hospital; and
- notify your Primary Care Physician, if applicable, within 24 hours or as soon as medically possible.

If, in any instance, whether inside or outside the Service Area, it is necessary for you to be admitted to a Hospital as an Inpatient, you must receive prior authorization from Medical Mutual, if medically possible. If Medical Mutual requires your transfer to a Network Provider, your transportation expenses are covered in full. The sooner Medical Mutual is notified about your Condition, the sooner Medical Mutual can become involved with your care and relay vital information to the attending Physician.

Follow-up care is care received subsequent to the initial visit for an Emergency Medical Condition. **If medically possible, you must contact Medical Mutual prior to obtaining follow-up care.**

Visits to the emergency room of a Hospital - Refer to the Schedule of Benefits for any amounts you must pay each time you receive services at the emergency room of a Hospital. If you are admitted to a Hospital as an Inpatient, any Copayment required will be waived.

We encourage you to notify your Primary Care Physician, if applicable, within 24 hours, or as soon as medically possible. These policies also apply to medical treatment received as the result of a 911 call response. If you

receive treatment for an Emergency Medical Condition from a Non-Network Provider, Medical Mutual will pay for Covered Services at the Network Provider level of benefits. You are not required to pay for any additional amounts for Covered Services beyond any Copayments, Deductibles or Coinsurance shown on the Schedule of Benefits. Should you receive a bill or have to pay for services, please submit the bill to Medical Mutual.

Coverage for the Inpatient postpartum stay for the mother and the newborn child in a Hospital will be, at a minimum, 48 hours for a vaginal delivery and 96 hours for a caesarean section. It will be for the length of stay recommended by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists in their Guidelines for Perinatal Care. Please note that neither you nor your Provider is required to obtain prior approval of an Inpatient maternity stay that falls within these time frames.

Physician-directed, follow-up care services are covered after discharge including:

If requested by the mother, coverage for a length of stay shorter than the minimum period mentioned above may be permitted if the attending Physician or the nurse midwife in applicable cases, determines further Inpatient postpartum care is not necessary for the mother or newborn child, provided the following are met:

- In the opinion of your attending Physician, the newborn child meets the criteria for medical stability in the Guidelines for Perinatal Care prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists that determine the appropriate length of stay based upon the evaluation of:

  - the gestational stage, birth weight and clinical condition of the infant;
  - the demonstrated ability of the mother to care for the infant after discharge; and
  - the availability of postdischarge follow up to verify the condition of the infant after discharge.

When a decision is made to discharge a mother or newborn prior to the expiration of the applicable number of hours of Inpatient care required to be covered, at home post delivery follow up care visits are covered for you at your residence by a Physician or nurse when performed no later than 72 hours following you and your newborn child's discharge from the Hospital. You are obligated to notify Medical Mutual of any compensation or payment you receive as a result of acting as a surrogate and the benefits payable hereunder are contingent on your cooperation according to this provision. No coverage will be provided for maternity services Incurred by a person not covered under this Policy who is acting as a surrogate for you or any Dependent.

Network Providers and Contracting Hospitals in Ohio are responsible for obtaining Preauthorization of the proposed course of treatment and the Inpatient stay. When Network Providers and Contracting Hospitals in Ohio are utilized, the penalty shown in the Schedule of Benefits entitled "Organ Transplant Penalty for failure to obtain Precertification/Prior Approval" will not apply to the Covered Person if Preauthorization is not obtained.

If the Covered Person utilizes a Provider who is not a Network Provider or utilizes a Hospital outside Ohio or that is a Non-Contracting Hospital, the Covered Person is responsible for obtaining Preauthorization for both the proposed course of treatment and the Inpatient stay, and failure to do so will result in a penalty shown in the Schedule of Benefits, entitled "Organ Transplant Penalty for failure to obtain Precertification/Prior Approval." If the organ transplant is not preauthorized and is determined to not be Medically Necessary, the Covered Person may be responsible for all Billed Charges for that organ/tissue transplant.

In addition, if the organ/tissue transplant is not preauthorized and is determined to be Experimental/Investigational, the Covered Person may be responsible for all Billed Charges for that organ/tissue transplant.

Donor benefits are provided and processed under the transplant recipient's coverage only and are subject to any applicable limitations and exclusions. Donor benefits include treatment of immediate post operative complications if Medically Necessary as determined by Medical Mutual. Such coverage is available only so long as the recipient's coverage is in effect.

Unless otherwise indicated, the paragraphs within this benefit apply to Prescription Drugs received from both retail Pharmacies and through the Home Delivery Program. Prescription Drugs not listed on the Formulary are generally not covered. See below for more information.

Medical Mutual will provide benefits for Medically Necessary Prescription Drug Covered Services that are dispensed for your Outpatient use. All Prescription Drugs and refills must be prescribed by a Physician or other Professional Provider who is licensed by his or her state to write prescriptions ("Prescriber").

Specialty Prescription Drugs are covered under this benefit when obtained through Medical Mutual's Contracting Specialty Pharmacy(ies) and are limited to a maximum of a thirty (30) day supply. Specialty Prescription Drugs require prior approval from Medical Mutual.

Medical Mutual may, in its sole discretion, establish Quantity Limits and/or age limits for specific Prescription Drugs. Covered Services will be limited based upon Medical Necessity, Quantity Limits and/or age limits established by Medical Mutual or utilization guidelines. Medical Mutual may require other utilization programs, such as Step Therapy and Prior Authorization, on certain Prescription Drugs. These programs are described further below. The Medical Necessity decisions are made by going through a coverage review process. More information on this coverage review process can be found in the Prescription Drug benefit member material sent separately. You may also call Customer Service at the phone number shown on your identification card for details.

Step Therapy: a program to determine whether you qualify for coverage based upon certain information, such as medical history, drug history, age and gender. This program requires that you try another drug before the target drug will be covered under this plan, unless special circumstances exist. If your Physician believes that special circumstances exist, he or she may request a coverage review.

Prior Authorization: a program applied to certain Prescription Drugs and/or therapeutic categories to define and/or limit the conditions under which they will be covered. Prior authorization helps promote appropriate use and enforcement of medically accepted guidelines for Prescription Drug benefit coverage.

Prior Authorization is required for most Specialty Prescription Drugs and may also be required for certain other Prescription Drugs (or the prescribed quantity of a certain Prescription Drug).

Quantity limits: Certain Prescription Drugs are covered only up to a certain limit. Quantity Limits help promote appropriate dosing of Prescription Drugs and enforce medically accepted guidelines for Prescription Drug benefit coverage. Obtaining quantities beyond the predetermined limit requires Prior Authorization.

Prior approval for chronic Conditions: For the purposes of this section, "chronic Condition " means a medical Condition that has persisted after reasonable efforts have been made to relieve or cure its cause and has continued, either continuously or episodically, for longer than six (6) continuous months.

Medical Mutual will honor a prior authorization approval for an approved drug related to a chronic Condition for the lesser of the following from the date of the approval:

1. Twelve (12) months;
2. The last day of the Covered Person's eligibility under the plan.

This 12-month approval is no longer valid and automatically terminates if there are changes to federal or state laws or federal regulatory guidance or compliance information prescribing that the drug in question is no longer approved or safe for the intended purpose. In addition, this 12-month approval does not apply to any of the following:

1. Medications that are prescribed for a non-maintenance Condition;
2. Medications that have a typical treatment of less than one (1) year;
3. Medications that require an initial trial period to determine effectiveness and tolerability beyond which a one-year, or greater, prior authorization period will be given;
4. Medications where there is medical or scientific evidence that do not support a 12-month prior approval;
5. Medications that are a schedule I or II controlled substance or any opioid analgesic or benzodiazepine;

6. Medications that are not prescribed by a Network Provider as part of a care management program.

Nothing in this section prohibits the substitution of any drug that has received a 12-month approval when there is a release of a U.S. FDA-approved comparable brand product or a generic counterpart of a brand product that is listed as therapeutically equivalent by the FDA.

Benefits will be provided based on the Allowed Amount. The Covered Person's Coinsurance or Copayment is based upon the amount charged by the Pharmacy and does not include any rebates received by Medical Mutual. The Covered Person is responsible for any Copayment, Coinsurance or Deductible amounts specified in the Schedule of Benefits. The requirement to pay the applicable cost sharing (Deductible, Copays or Coinsurance) cannot be waived by a Provider, a Pharmacy or anyone else under any "fee forgiveness," "not out-of-pocket," "discount program," "coupon program" or similar arrangement. Additionally, applicable cost sharing amounts cannot be paid for using funds from a patient assistance program, regardless if the member is receiving such assistance due to financial need from a pharmaceutical manufacturer, government program, or a charitable organization. Pharmaceutical manufacturers may sponsor patient assistance programs (PAPs) that provide financial assistance or drug free product (through in-kind product donations) to low income individuals to augment any existing prescription drug coverage. If you receive any amount from a patient assistance program or if a Provider, a Pharmacy or anyone else waives the required cost sharing (Deductible, Copays, Coinsurance) for a particular claim, the cost sharing amounts covered by the patient assistance program or waived shall not be considered as true out-of-pocket expenses for Covered Persons and these amounts shall not apply to Deductibles and/or Out-of-Pocket Maximums.

If the Prescription Drug or injectable insulin Allowed Amount is less than the Prescription Drug Copayment, your liability is limited to the Allowed Amount only.

You are required to present your identification card to the Pharmacy each time you obtain Prescription Drugs. If you do not present your identification card, or you do not go to a Network Pharmacy, you may pay a higher price for your Prescription Drugs or be responsible for Excess Charges.

Medical Mutual, in its sole discretion, may limit benefits for Prescription Drugs, if the only clinical results are deemed to be lifestyle improvements and not necessary for the cure or prevention of disease, illness, or injury.

Your coverage also provides benefits for:

- certain preventive drugs required by PPACA when a written prescription from your Prescriber is received. These PPACA-required drugs are covered at a zero Copayment, but specific ages and Quantity Limits apply.
- Contraceptives.
- injectable medications, if self-administered.
- injectable insulin, needles and syringes are covered whether or not they are prescribed.

If your Prescriber has not required the drug to be dispensed as written (DAW), you may inquire if Generic Prescription Drug or Preferred Brand Name Prescription Drug substitutes are available.

If a Brand Name Prescription Drug is purchased when a Generic Prescription Drug is available, you will be responsible for the difference between the cost of the Generic and Brand Name Prescription Drugs, in addition to any other member cost sharing, as described in the Schedule of Benefits.

An off-label Prescription Drug will not be excluded for a particular indication on the grounds that the drug has not been approved by the FDA for the particular indication if the drug is recognized for safe and effective treatment of the indication for which the drug was prescribed in at least one (1) standard medical reference compendia adopted by the U.S. Department of Health and Human Services or in other qualified medical literature. "Medical literature" means:

- Two articles from major peer-reviewed professional medical journals have recognized, based on scientific or medical criteria, the drug's safety and effectiveness for treatment of the indication for which it has been prescribed;
- No article from a major peer-reviewed professional medical journal has concluded, based on scientific or medical criteria, that the drug is unsafe or ineffective or that the drug's safety and effectiveness cannot be determined for the treatment of the indication for which it has been prescribed;
- Each article meets the uniform requirements for manuscripts submitted to biomedical journals established by the international committee of medical journal editors or is published in a journal specified by the United States department of health and human services as acceptable peer-reviewed medical literature.

However, no benefits will be provided if:

- the FDA has determined its use to be contraindicated for the treatment of the particular indication for which the drug has been prescribed;

- the drug has not been approved for any indication by the FDA;
- the drug is not included in the Formulary or list of covered drugs provided by Medical Mutual.

Exceptions for Certain Situations

- **Brand Name Prescription Drugs vs. Generic Prescription Drugs:**

  There may be occasions when a Brand Name Prescription Drug, as opposed to its corresponding Generic Prescription Drug, is more appropriate. If Medical Mutual, after receiving supporting documentation from your Physician, determines the Brand Name Prescription Drug is medically appropriate, you will be charged your Brand Name Prescription Drug Copayment. To obtain more information regarding this process, please contact a customer service representative by calling the number listed on your ID card.

  How Brand Name/Generic Incentives apply to Contraceptives:

  With regard to Contraceptives, Step Therapy may be applied to single-source drugs to encourage use of a generic equivalent drug. In this situation, the Covered Person may be required to share in the cost of the Contraceptive. However, if the Covered Person's attending Physician determines a particular service or FDA-approved item is required for medical reasons, Medical Mutual will cover that Contraceptive service or item without cost sharing. The Physician will need to complete our medical necessity waiver form which considers factors such as severity of side effects, differences in permanence and reversibility of Contraceptives, and the ability to adhere to the appropriate use of the item or service.

  A determination on this exception process will be made according to the timeframe and in a manner that takes into account the nature of the claim (e.g., pre-service or post-service) and the medical exigencies involved for a claim involving urgent care.

- **Non-Formulary Prescription Drugs:**

  This plan uses a Prescription Drug Formulary. Prescription Drugs not listed on the Formulary are generally not covered. However, the Covered Person, or his or her designee/Physician (or other prescriber, as appropriate), can ask Medical Mutual to make an exception to cover a particular non-Formulary drug. For standard reviews, the Covered Person, or his or her designee, and the Covered Person's Physician (or other prescriber) will be notified of Medical Mutual's determination by Medical Mutual within 72 hours following receipt of the request containing information sufficient to complete the review. For an exigent circumstance (defined below), an expedited review can be requested. For expedited reviews, the Covered Person, or his or her designee, and the Covered Person's Physician (or other prescriber) will be notified of Medical Mutual's determination by Medical Mutual within 24 hours following Medical Mutual's receipt of the request containing information sufficient to complete the review. If the decision to exclude the drug is upheld, the Covered Person, or his or her designee/Physician (or other prescriber, as appropriate), may also request that a denied exception request be reviewed by an Independent Review Organization (IRO). The Covered Person, or his or her designee, and the Covered Person's Physician (or other prescriber) will be notified of the IRO's determination within 72 hours, for a standard review, and 24 hours for an expedited review, from Medical Mutual's receipt of the request containing information sufficient to complete the review. If an exception request is granted by either Medical Mutual or an IRO, the non-Formulary drug and its refills will be covered for the duration of the Prescription or, for an exigent circumstance, for the duration of the exigency; in addition, the Covered Person's cost sharing for that drug will accumulate toward the Covered Person's PPO Network Out-of-Pocket Maximum.

  "Exigent circumstance" means a Covered Person either has a Condition that may seriously jeopardize his or her life, health, or ability to regain maximum function or is undergoing a current course of treatment using a non-Formulary medication. The request for an expedited review should include the following support:

  - Information related to the existence of the exigency and a description of the harm that could reasonably occur to the Covered Person if the requested drug is not provided in the timeframe; and
  - Justification supporting the need for the non-Formulary Prescription Drug to treat the Covered Person's Condition, including a statement that all covered Formulary Prescription Drugs, on any tier, will be or have been ineffective, are less effective, or would result in adverse effects.

Coverage during active military duty:

If you are called to active military duty, you may obtain a supply of your prescribed medications for the number of months needed in order to meet your needs during a time of emergency. You would be required to contact Medical

Mutual, explain the situation and provide your name, identification number, the medications that need to be filled and the number of months supply needed.

GENERAL PROVISIONS

How to Apply for Benefits

You must pay any required Copayments, Deductibles or Coinsurance as shown in the Schedule of Benefits. When you use Network Providers, you are not required to pay, and Medical Mutual may not bill, for any additional amounts for Covered Services beyond these Copayments, Deductibles or Coinsurance. Should you receive a bill or have to pay for services from a Network Provider, you must submit the bill to Medical Mutual. You must present your identification card any time services are requested.

Notice of Claim; Claim Forms

A claim must be filed for you to receive benefits. Network Providers and many Non-Network Providers will submit a claim for you; if in the event you need to submit a claim from a Non-Network Provider or for a Prescription Drug claim, you should use a claim form. In most cases, you can obtain a claim form from your Provider. If your Provider does not have a claim form, Medical Mutual will send you one. Call or notify Medical Mutual, in writing, within 20 days after receiving your first Covered Service and we will send you a form, or you may print a claim form by going to medmutual.com/member.

If Medical Mutual fails to send you a claim form within 15 days after you notify Medical Mutual, you may send Medical Mutual your bill or written proof covering the occurrence, the character, and the extent of the loss for which claim is made.

Proof of Loss

Proof of loss is a claim for payment of health care services which has been submitted to Medical Mutual for processing with sufficient documentation to determine whether Covered Services have been provided to you. Medical Mutual must receive a completed claim with the correct information. Medical Mutual may require nurses' or Providers' notes or other medical records before proof of loss is considered sufficient to determine benefit coverage.

Medical Mutual is not legally obligated to reimburse for Covered Services unless written or electronically submitted proof that Covered Services have been given to you is received. Proof must be given within 90 days of your receiving Covered Services or as soon as is reasonably possible. Except in the absence of legal capacity, no proof can be submitted later than one year from the time proof is otherwise required.

How Claims are Paid

You have a choice when selecting a Provider. This plan provides coverage for Network Providers, other Contracting Providers and Non-Contracting Providers. However, the type of Provider you choose to utilize can have a large impact on your out-of-pocket expenses. Please review the following descriptions for additional information.

Network and other Contracting Providers

Medical Mutual has agreements with Providers both inside and outside the Network, both of which are referred to as Contracting Providers. While the highest level of benefits is provided when you obtain Covered Services from Network Providers, both Network Providers and other Contracting Providers have agreed not to bill for any amount of Covered Charges above the Allowed Amount, except for services and supplies for which Medical Mutual has no financial responsibility due to a benefit maximum. The Allowed Amount is the lesser of the applicable Negotiated Amount or the Covered Charge. Refer to the Schedules of Benefits to determine the amount of Copayments, Deductibles and Coinsurance that apply when utilizing Network Providers versus other Contracting Providers and Non-Contracting Providers.

Non-Contracting Providers

If you choose to obtain services from a Non-Contracting Provider, your out-of-pocket expenses will likely be significantly higher than what you would pay by choosing a Network Provider, except in the event of an Emergency Medical

Condition. Copayments, Deductibles and Coinsurance are usually higher when utilizing a Non-Network or Non-Contracting Provider, as shown on the Schedules of Benefits. Also, Medical Mutual calculates its payments to Non-Contracting Providers based upon the Non-Contracting Amount. This means that in addition to your increased out-of-pocket expenses described above, you may also be responsible for Excess Charges, up to the amount of the Provider's Billed Charges. This is sometimes referred to as "balance billing." Excess Charges billed by Non-Contracting Providers DO NOT apply to the Out-of-Pocket Maximum.

If you obtain Covered Emergency Services from a Non-Network Provider, Medical Mutual will work with the Provider to ensure that you are not "balanced billed" for amounts above Medical Mutual's Allowed Amount.

Any charges exceeding the Allowed Amount or Non-Contracting Amount will not apply toward any Deductible, Out-of-Pocket Maximum or benefit maximum accumulation.

Provider Transitions

When a particular Provider no longer in our network, that Provider becomes a Non-Network Provider. When this occurs, Medical Mutual will provide written notice to Covered Persons seen on a regular basis by, or who receive primary care from, the terminated Provider. Medical Mutual will make a good faith effort to provide this notice at least thirty (30) days' prior to the effective date of the change, or as soon as practicable. If you received health care services from that Primary Care Physician or Hospital within the 12-month period before that Provider's contract ended; or you selected that Provider as your Primary Care Physician within the 12-month period before that Provider's contract ended, Medical Mutual will pay, in accordance with the terms of the Policy, for all Covered Services provided to a Covered Person by the Primary Care Physician or Hospital between the date of the termination of the contract and five days after notifying you of the contract termination.

If a Provider's agreement with Medical Mutual is terminated without cause, a Covered Person in an active course of treatment will be permitted to continue treatment with that Provider until the treatment is complete or for ninety (90) days, whichever is shorter. Covered Services received during this time period will be payable at the in-network level of benefits.

For the purposes of this provision, "active course of treatment" means any of the following:

- An ongoing course of treatment for a life-threatening Condition, defined as a disease or Condition for which likelihood of death is probably unless the course of the disease or Condition is interrupted
- An ongoing course of treatment for a serious acute Condition, defined as a disease or Condition requiring complex ongoing care which the Covered Person is currently receiving, such as chemotherapy, radiation therapy, or post-operative visits
- The second or third trimester of pregnancy, through the postpartum period
- An ongoing course of treatment for a health Condition for which a treating Physician or health care Provider attests that discontinuing care by that Physician or health care Provider would worsen the Condition or interfere with anticipated outcomes

A decision made by Medical Mutual whether or not to provide continuation of care under this section is subject to any available appeal rights described later in this Policy.

Your Financial Responsibilities

You are responsible for:

- Any Copayment, Deductible and Coinsurance amounts specified in the Schedule of Benefits. Copayments are generally required to be paid at the time of service. Some Providers can determine the amount due for your Deductible and Coinsurance from Medical Mutual and may require payment from you before providing their services.
- Non-Covered Charges.
- Excess Charges for services and supplies, other than Covered Charges resulting from treatment of an Emergency Medical Condition, rendered by Non-Network and Non-Contracting Providers.
- Billed Charges for services that are not Medically Necessary.
- Incidental charges.

Network Providers are not permitted to seek compensation from you for Covered Services, except for applicable Copayments, Deductibles and/or Coinsurance. If you receive a bill from a Network Provider for a Covered Service, please contact Customer Service and/or send the bill to Medical Mutual.

Deductibles, Copayments, Coinsurance and amounts paid by other parties do not accumulate towards Out-of-Pocket Maximums, except as provided in 45 CFR 156.1250 and other applicable guidance subsequently issued by the Department of Health and Human Services (HHS).

Benefit Period Deductible

Each Benefit Period, you must pay the dollar amount(s) shown in the Schedule of Benefits as the Deductible(s), if applicable, before Medical Mutual will begin to provide benefits. This is the amount of expense that must be Incurred and paid by you for Covered Services before Medical Mutual starts to provide benefits. If a benefit is subject to a Deductible, only expenses for Covered Services under that benefit will satisfy the Deductible. To satisfy your Deductible, Medical Mutual records must show that you have Incurred claims totaling the specified dollar amount, so you or your Provider should submit copies of all your bills for Covered Services that you want credited toward your Deductible. Your Deductible accumulations do not necessarily occur in the same order that you receive services, but in the order in which Medical Mutual receives and processes your claims.

Only the amount of the Deductible required per Covered Person will be required for Covered Services that result directly from an accident during the Benefit Period in which the accident occurred if two or more Covered Persons in a Policyholder's family are injured in the same accident, and each of the following conditions are met:

- at least two of these Covered Persons receive Covered Services; and
- the Covered Services are Incurred within 90 days after the accident; and
- the combined Allowed Amount for Covered Services for all Covered Persons involved in the accident is at least equal to one Covered Person's Deductible.

You will not be required to pay two Deductibles if two family members are involved in the same accident and the above criteria is met.

Coinsurance

After you meet any applicable Deductible, you may be responsible for Coinsurance amounts as specified in your Schedule of Benefits, subject to any limitations set forth in the Schedule of Benefits. The amount of Coinsurance you have to pay may vary depending upon the status of your Provider..

Copayments

For some Covered Services, you may be responsible for paying a Copayment at the time services are rendered. Covered Services that require Copayments may or may not be subject to Deductible or Coinsurance requirements, as specified in your Schedule of Benefits. These Copayments are your responsibility, and they are not reimbursed by Medical Mutual. Please refer to your Schedule of Benefits for specific Copayment amounts that may apply and whether a Deductible or Coinsurance will also apply.

Out-of-Pocket Maximum

This is the amount of Copayments, Deductibles and Coinsurance for which Covered Persons are responsible each Benefit Period for Covered Services. After the applicable Out-of-Pocket Maximum shown in the Schedule of Benefits has been met, no additional Copayments, Deductibles or Coinsurance are required from Covered Persons for Covered Services for the remainder of the Benefit Period, unless otherwise specified in this Policy. The Out-of-Pocket Maximum does not include expenses other than Copayments, Deductibles and Coinsurance (e.g., premium, charges for services not covered under this plan, penalties for non-compliance with plan provisions, etc.).

Schedule of Benefits

The Deductible(s) and Out-of-Pocket Maximums that may apply will renew each Benefit Period. Some of the benefits offered in this Policy have maximums.

The Schedule of Benefits shows your financial responsibility for Covered Services. Medical Mutual covers the remaining liability for Covered Charges after you have paid the amounts indicated in the Schedule of Benefits, subject to benefit maximums and Medical Mutual's Negotiated Amounts.

Provider Status and Direction of Payment

Medical Mutual has agreed to make payment directly to Network and Contracting Providers for Covered Services.

Some of Medical Mutual's contracts with Providers, including Institutional Providers, allow discounts, allowances, incentives, adjustments and settlements. These amounts are for the sole benefit of Medical Mutual, and Medical

Mutual will retain any payments resulting therefrom; however, the Deductibles, Copayments, Coinsurance, and benefit maximums, if applicable, will be calculated based upon the Allowed Amount, as described in this Policy.

The choice of a Provider is yours. After a Provider performs a Covered Service, Medical Mutual will not honor your request to withhold claim payment. Medical Mutual does not furnish Covered Services but only pays for Covered Services you receive from Providers. Medical Mutual is not liable for any act or omission of any Provider. Medical Mutual has no responsibility for a Provider's failure or refusal to give Covered Services to you.

Medical Mutual has and retains the sole right to choose which Providers it will contract with, and on what terms, and to amend and terminate those contracts. Medical Mutual has and retains the sole right to designate Providers as Contracting and/or Network.

Medical Mutual is authorized to make payments directly to Providers who have performed Covered Services for you. Medical Mutual also reserves the right in some circumstances to make payment directly to you in the event you receive Covered Services from a Non-Network Provider. When this occurs, you must pay the Provider the amounts you may owe to the Provider. You cannot assign your right to receive payment to anyone else, nor can you authorize someone else to receive your payments for you, including your Provider.

If Medical Mutual has incorrectly paid for services, or it is later discovered that payment was made for services that are not considered Covered Services, Medical Mutual has the right to recover payment, and you must repay this amount when requested.

Any reference to Providers as Network, Non-Network, Contracting or Non-Contracting is not a statement about their abilities.

Prior Approval of Non-Network Benefits

There may be certain services that can only be obtained from a Non-Network Provider. In order to protect you from balance billing and the increased out-of-pocket expense that could otherwise occur for using a Non-Network Provider, you must obtain approval in advance from Medical Mutual for services that cannot be provided by a Network Provider. Medical Mutual will determine whether the Covered Services can be provided by an Network Provider and that determination will be final and conclusive, subject to any available appeals process. Upon Medical Mutual's approval of the Non-Network care, benefits for Covered Services will be provided as if the Covered Services were provided by a Network Provider.

To obtain prior approval of treatment by a Non-Network Provider, your Physician must provide Medical Mutual with:

- the proposed treatment plan for the Covered Services;
- the name and location of the proposed Non-Network Provider;
- copies of your medical records, including diagnostic reports; and
- an explanation of why the Covered Services cannot be provided by a Network Provider.

Medical Mutual may elect to have you examined by a Physician of its choice and will pay for any required physical examinations. You and your Physician will be notified if Covered Services provided by a Non-Network Provider will be covered as if they had been provided by a Network Provider.

If you do not receive written approval in advance of receiving Covered Services, benefits will be provided as described in the Schedule of Benefits for Covered Services received from a Non-Network Provider.

Direct Access to Obstetricians and Gynecologists

You do not need prior authorization from us or any other person (including a Primary Care Physician) to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact Medical Mutual at the phone number shown on your ID card or at medmutual.com.

Selection of a Primary Care Physician

We may require the designation of a Primary Care Physician. You have the right to designate any Primary Care Physician who participates in our network and who is available to accept you or your family members. For children, you may designate a pediatrician as the Primary Care Physician.

Until you make this designation, Medical Mutual may designate one for you. For information on how to select a Primary Care Physician, and for a list of the participating Primary Care Physicians, contact Medical Mutual at the phone number shown on your ID card or at medmutual.com.

Preauthorization Notice for Covered Persons Utilizing Non-Contracting Providers or Residing Outside the State of Ohio

If you reside outside the state of Ohio, you or your Physician should contact Medical Mutual before you receive the service to ensure that your procedure/service is Medically Necessary. If your Physician requests a procedure that is determined, by Medical Mutual, to not be Medically Necessary, you will be responsible for all Billed Charges. If your Physician does not preauthorize the procedure, you should call Customer Service at the telephone number on your identification card for instructions on obtaining Preauthorization for Medical Necessity from the Care Management Department of Medical Mutual.

Preauthorization from Medical Mutual must be obtained for Inpatient admissions to a Hospital and for certain Outpatient tests, procedures and equipment. If the Hospital or your Provider does not preauthorize the admission or Outpatient service, you must obtain Preauthorization by calling the Medical Mutual telephone number on your identification card at least two days prior to receiving an Outpatient service or your admission to the Hospital. In the event Preauthorization is not obtained, and services from a Non-Contracting Provider are determined to not be Medically Necessary, you will be responsible for all Billed Charges for those services, whether Inpatient or Outpatient.

In the event of an Emergency Admission, the Hospital, you, a family member or your representative must notify Medical Mutual within 48 hours or two working days of admission, or as soon as reasonably possible, or you may be responsible for all Billed Charges for that Emergency Admission, if that admission is determined to not be Medically Necessary.

Examples of Outpatient tests, procedures and equipment that may require Preauthorization are:

- reconstruction surgeries
- durable medical equipment and devices
- MRI's and PET scans
- therapy
- home health care

For a complete and current listing, please visit the "Tool" section of MyHealthPlan or contact Customer Service at the phone number shown on your identification card. Be sure to check this listing before services are received, as the information is subject to change.

If your Inpatient stay is for an organ transplant, please review the requirements under the Organ Transplant Services section.

Please refer to the Benefit Determination for Claims section in the General Provisions for additional Preauthorization requirements.

Explanation of Benefits

After Medical Mutual processes your claim, an Explanation of Benefits (EOB) is provided to you electronically or by mail. It lists Covered Services and non-covered services along with explanations for why services are not covered. It contains important amounts and a telephone number if you have any questions.

Time of Payment of Claims

Benefits will be provided under this Policy within 30 days after receipt of a completed claim. If supporting documentation is required, then payment will be made in accordance with state and federal law. To have a payment or denial related to a claim reviewed, you must send a written request or call Customer Service at Medical Mutual within 180 days of the claim determination.

Foreign Travel

Benefits include coverage for the treatment of Emergency Medical Conditions rendered worldwide. Your coverage is in effect whether your treatment is received in a foreign country or in the United States. When you receive medical treatment in another country, you may be asked to pay for the service at the time it is rendered. To receive reimbursement for the care provided, make sure to obtain an itemized bill from the Provider at the time of service. Medical Mutual cannot process a bill unless the Provider lists separately the type and cost of each service you received.

All billing submitted for consideration must be translated into the English language and dollar amounts converted to the current rate of exchange.

To receive reimbursement for Hospital and/or medical expenses, the services rendered must be eligible for coverage in accordance with the benefits described in this Policy. If you travel to a foreign country and you receive treatment for an Emergency Medical Condition, Medical Mutual will provide coverage at the Network level.

Circumstances Beyond the Control of the Plan

If circumstances arise that are beyond the control of Medical Mutual, Medical Mutual will make a good-faith gesture to arrange an alternative method of providing coverage. Circumstances that may occur, but are not within the control of Medical Mutual, include but are not limited to, a major disaster or epidemic, complete or partial destruction of facilities, a riot, civil insurrection, labor disputes that are out of the control of Medical Mutual, disability affecting a significant number of an Network Provider's staff or similar causes, or health care services provided under this Policy are delayed or considered impractical. Under such circumstances, Medical Mutual and Network Providers will provide the health care services covered by this Policy as far as is practical under the circumstances, and according to their best judgment. However, Medical Mutual and Network Providers will accept no liability or obligation for delay, or failure to provide or arrange health care services if the failure or delay is caused by events/circumstances beyond the control of Medical Mutual.

Filing a Complaint

If you have a complaint, please call or write to Customer Service at the telephone number or address listed on your Explanation of Benefits (EOB) form and/or identification card. To expedite the processing of an inquiry, the Policyholder should have the following information available:

- name of patient
- identification number
- claim number(s) (if applicable)
- date(s) of service

If your complaint is regarding a claim, a Medical Mutual Customer Service representative will review the claim for correctness in processing. If the claim was processed according to terms of the Policy, the Customer Service representative will telephone the Policyholder with the response. If attempts to telephone the Policyholder are unsuccessful, a letter will be sent explaining how the claim was processed. If an adjustment to the claim is required, the Policyholder will receive a check, Explanation of Benefits or letter explaining the revised decision.

Quality of Care issues are addressed by our Quality Improvement Department or committee.

If you are not satisfied with the results, and your complaint is regarding an adverse benefit determination, you may continue to pursue the matter through the appeal process.

Additionally, the Customer Service Representative will notify you of how to file an appeal.

Benefit Determination for Claims (Internal Claims Procedure)

Claims Involving Urgent Care

A Claim Involving Urgent Care is a claim for Medical Care or treatment with respect to which the application of the timeframes for making non-urgent care determinations (a) could seriously jeopardize the life or health of the claimant or the ability of the claimant to regain maximum function or (b) in the opinion of a Physician with knowledge of the claimant's medical Condition, would subject the claimant to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

Determination of ***urgent*** will be made by an individual acting on behalf of the plan applying the judgment of a prudent lay person who possesses an average knowledge of health and medicine; however, any Physician with knowledge of the claimant's medical Condition can also determine that a claim involves urgent care.

If you file a Claim Involving Urgent Care in accordance with Medical Mutual's claim procedures and sufficient information is received, Medical Mutual will notify you of its benefit determination, whether adverse or not, as soon as possible but not later than 72 hours after Medical Mutual's receipt of the claim.

If you do not follow Medical Mutual's procedures or we do not receive sufficient information to make a benefit determination, Medical Mutual will notify you within 24 hours of receipt of the Claim Involving Urgent Care and explain the applicable procedural deficiencies, or the specific deficiencies related to information necessary to make a benefit determination. You will have 48 hours to correct the procedural deficiencies and/or provide the requested information. Once Medical Mutual receives the requested information, we will notify you of the benefit determination, whether adverse or not, as soon as possible, taking into account all medical exigencies, but not later than 48 hours after receipt of the information.

Medical Mutual may notify you of its benefit determination decision orally and follow with written or electronic notification not later than three (3) days after the oral notification in the case of a certification, and not later than one business day after the oral notification in the case of an adverse benefit determination.

Concurrent Care Claims

If Medical Mutual has approved an ongoing course of treatment to be provided over a period of time or for a number of treatments, any reduction or termination by Medical Mutual of such course of treatment before the end of such period of time or number of treatments shall constitute an Adverse Benefit Determination (unless the reduction or termination of benefits is due to a health plan amendment or health plan termination).

If Medical Mutual has approved an ongoing course of treatment to be provided over a period of time or for a number of treatments, any request to extend the course of treatment beyond the period of time or number of treatments that is a claim involving urgent care shall be decided as soon as possible, taking into account the medical exigencies, and Medical Mutual must notify the claimant of the benefit determination, whether adverse or not, within 24 hours after its receipt of the claim, provided that any such claim is made to Medical Mutual at least 24 hours prior to the expiration of the prescribed period of time or number of treatments. For other concurrent review determinations involving a request to extend a patient's hospital stay or extend a course of treatment beyond the period of time or number of treatments, Medical Mutual will make a determination within one business day after obtaining all necessary information. If Medical Mutual makes a determination to certify an extended stay or additional health care services, Medical Mutual will notify the Provider rendering the health care service by telephone or facsimile within one business day of making the certification determination. If Medical Mutual makes an adverse benefit determination, Medical Mutual will notify the Provider rendering the health care service by telephone within one business day after making the adverse benefit determination, and Medical Mutual will provide written or electronic confirmation to you and the Provider within one business day after the telephone notification.

Pre-Service Claims

A Pre-Service Claim is a claim for a benefit which requires some form of preapproval or precertification by Medical Mutual as a condition for payment of a benefit (either in whole or in part).

If you file a Pre-Service Claim in accordance with Medical Mutual's claim procedures and sufficient information is received, Medical Mutual will notify you of its benefit determination, whether adverse or not, within a reasonable period of time appropriate to the medical circumstances, but not later than 15 days after receipt of the claim. Medical Mutual may extend this time period for up to an additional 15 days if such an extension is necessary due to circumstances beyond the control of Medical Mutual. Medical Mutual will notify you of such an extension and date by which it expects to render a decision.

If an extension is needed because you did not provide the necessary information to process your claim, Medical Mutual will notify you, in writing, within the initial 15 day response period and will specifically describe the missing information. You will then have 45 days to provide the additional information. If you do not provide the information, your claim may be denied.

Post-Service Claims

A Post-Service Claim is any claim that is not a Pre-Service Claim or a Claim Involving Urgent Care.

If you file a Post-Service Claim in accordance with Medical Mutual's claim procedures and sufficient information is received, Medical Mutual will notify you of its benefit determination within a reasonable period of time, but not later than 30 days after receipt of the claim. Medical Mutual may extend this time period for up to an additional 15 days if such an extension is necessary due to circumstances beyond the control of Medical Mutual. Medical Mutual will notify you of such an extension and date by which it expects to render a decision.

If an extension is needed because you did not provide the necessary information to process your claim, Medical Mutual will notify you, in writing, within the initial 30 day response period and will specifically describe the missing information. You will then have 45 days to provide the additional information. If you do not provide the information, your claim may be denied.

Adverse Benefit Determination Notices

You will receive notice of a benefit determination, orally as allowed, or in writing in a culturally and linguistically appropriate manner. All notices of an Adverse Benefit Determination will include the following:

- Information sufficient to identify the claim or health care service involved, including the health care provider, the date of service, and claim amount, if applicable;
- the specific reason(s) for the Adverse Benefit Determination;
- reference to the specific plan provision(s) on which the Adverse Benefit Determination is based;
- a description of any additional material or information necessary to process the claim and an explanation of why such information is necessary;
- a description of Medical Mutual's appeal procedures and applicable timeframes, including the expedited appeal process, if applicable;
- notice of the availability, upon request, of the diagnosis code and treatment code and their corresponding meanings, if applicable;
- disclosure of the availability of assistance with the appeal process from the Ohio Department of Insurance;
- if an internal rule, guideline, protocol or similar criteria was relied upon in making the Adverse Benefit Determination, this will be disclosed, or you will be advised that information about the rule, guideline, protocol or similar criteria will be provided free of charge upon written request; and
- if the Adverse Benefit Determination was based on Medical Necessity, Experimental treatment, or a similar exclusion or limit, an explanation of the scientific or clinical judgment used for the determination applying the terms of the plan to your circumstances will be disclosed, or you will be advised that this explanation will be provided free of charge upon request.

Request for Reconsideration

In the case of a Pre-Service Claim or Concurrent Claim that results in an Adverse Benefit Determination, the Provider providing the Health Care Service may request in writing, on behalf of the Covered Person, a reconsideration of an Adverse Benefit Determination by the reviewer who reviewed the Pre-Service Claim or Concurrent Claim. The Provider may not request a reconsideration without the prior consent of the Covered Person. The reconsideration shall occur within three business days after Medical Mutual's receipt of the written request for reconsideration, and shall be conducted between the Provider providing the Health Care Service and the reviewer who reviewed the Pre-Service Claim or Concurrent Claim. If that reviewer cannot be available within three business days, the reviewer may designate another reviewer for the reconsideration.

If the reconsideration process does not resolve the difference of opinion between the reviewer and the Provider, the Covered Person or his or her Authorized Representative may file an internal appeal as further described below.

Reconsideration is not a prerequisite to an internal appeal or external review.

Filing an Internal Appeal and External Review

II. How to File an Appeal

If you are not satisfied with an Adverse Benefit Determination, you may file an appeal.

There is no fee to file an appeal. Appeals can be filed regardless of the claim amount at issue.

To submit an appeal electronically, go to Medical Mutual's Web site, medmutual.com, under Members' section, complete all required fields and submit, or call the Customer Service telephone number on your identification card for more information about how to file an appeal. You may also write a letter with the following information: Policyholder's full name; patient's full name; identification number; claim number if a claim has been denied; the reason for the

appeal; date of services; the Provider/facility name; and any supporting information or medical records, documents, dental X-rays or photographs you would like considered in the appeal. Send or fax the letter and records to:

Medical Mutual
Member Appeals Unit
MZ: 01-4B-4809
P.O. Box 94580
Cleveland, Ohio 44101-4580
FAX: (216) 687-7990

The request for review must come directly from the patient unless he/she is a minor or has appointed an Authorized Representative. You can choose another person to represent you during the appeal process, as long as Medical Mutual has a signed and dated statement from you authorizing the person to act on your behalf. However, in the case of a claim involving urgent care (as described below), a healthcare professional with knowledge of your medical condition may act as your Authorized Representative without a signed and dated statement from you.

III. Internal Appeals Procedure

A. Mandatory Internal Appeal Level

The Plan provides all members a mandatory internal appeal level. You must complete this mandatory internal appeal level before any additional action is taken, except when exhaustion is unnecessary as described in the following sections.

Mandatory internal appeals must be filed within 180 days from your receipt of a notice of Adverse Benefit Determination. All requests for appeal may be made by submitting an electronic form, by calling Customer Service or in writing as described above in the How to File an Appeal section.

Under the appeal process, there will be a full and fair review of the claim in accordance with applicable law. The internal appeal process is a review of your appeal by an Appeals Coordinator, a Physician consultant and/or other licensed health care professional. The review of an appeal will take into account all comments, documents, medical records and other information submitted by you and the Provider relating to the appeal, without regard to whether such information was submitted or considered in the initial benefit determination. All determinations that involve, in whole or in part, issues of Medical Necessity, whether services are Experimental and Investigational, or any other medical judgment, are based on the evaluations and opinions of health care professionals who have the appropriate training and experience in the field of medicine involved in the medical judgment. The health care professionals who review the appeal will not have made any prior evaluations about your claim and will not be a subordinate of the professional who made the initial evaluation of your claim. These health care professionals act independently and impartially. Decisions to hire, compensate, terminate, promote or retain these professionals are not based in any manner on the likelihood that these professionals will support a denial of benefits. Upon specific written request from you, Medical Mutual will provide the identification of the medical or vocational expert whose advice was obtained on behalf of Medical Mutual in connection with the Adverse Benefit Determination, without regard to whether the advice was relied upon in making the benefit determination.

You may submit written comments, documents, records, testimony and other information relating to the claim that is the basis for the appeal. These documents should be submitted by you at the time you send in your request for an appeal. Upon written request, you may have reasonable access to and copies of documents, records and other information used to make the decision on your claim for benefits that is the subject of your appeal.

If, during the appeal, Medical Mutual considers, relies upon or generates any new or additional evidence, you will be provided free of charge with copies of that evidence before a notice of Final Adverse Benefit Determination is issued. You will have an opportunity to respond before our time frame for issuing a notice of Final Adverse Benefit Determination expires. Additionally, if Medical Mutual decides to issue a Final Adverse Benefit Determination based on a new or additional rationale, you will be provided that rationale free of charge before the final notice of Final Adverse Benefit Determination is issued. You will have an opportunity to respond before our timeframe for issuing a notice of Final Adverse Benefit Determination expires.

You will receive continued coverage pending the outcome of the appeals process. For this purpose, Medical Mutual may not reduce or terminate benefits for an ongoing course of treatment without providing advance notice and an opportunity for advance review. If Medical Mutual's Adverse Benefit Determination is upheld, you may be responsible for the payment of services you receive while the appeals process was pending.

1. **Types of Mandatory Internal Appeals and Timeframes**

a. **Appeal of Claim Involving Urgent Care**

- You, your Authorized Representative or your Provider may request an appeal of a claim involving urgent care. The appeal does not need to be submitted in writing. You, your Authorized Representative, or your Physician should call the Care Management telephone number on your identification card as soon as possible. Appeals of claims involving urgent care typically involve those claims for Medical Care or treatment with respect to which the application of the time periods for making non-urgent care determinations (1) could seriously jeopardize the life or health of a patient or the ability of the patient to regain maximum functions, or (2) in the opinion of a Physician with knowledge of your medical Condition, would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim. The appeal must be decided as soon as possible, taking into account the medical exigencies, but not later than 72 hours after receipt of the claimant's request to appeal. The expedited appeal process does not apply to prescheduled treatments, therapies, Surgeries or other procedures that do not require immediate action.

b. **Pre-Service Claim Appeal**

- You or your Authorized Representative may request a pre-service claim appeal. Pre-service claim appeals are those requested in advance of obtaining Medical Care for approval of a benefit, as it relates to the terms of the Policy. The pre-service claim appeal must be decided within a reasonable amount of time appropriate to the medical circumstances, but not later than 30 days after the receipt of the request and must be requested within 180 days of the date you received notice of an Adverse Benefit Determination.

c. **Post Service Claim Appeal**

- You or your Authorized Representative may request a post-service claim appeal. Post-service claim appeals are those requested for payment or reimbursement of the cost for Medical Care that has already been provided. As with pre-service claims, the post-service claim appeal must be decided within 30 days of the request and must be requested within 180 days of the date you received notice of an Adverse Benefit Determination.

2. **Notices of Final Adverse Benefit Determination after Appeal**

All notices of a Final Adverse Benefit Determination after an appeal will be culturally and linguistically appropriate and will include the following:

- Information sufficient to identify the claim or health care service involved, including the health care provider, the date of service, and claim amount, if applicable;
- the specific reason(s) for the Adverse Benefit Determination;
- reference to the specific plan provision(s) on which the Adverse Benefit Determination is based;
- a statement that you are entitled to receive, upon request and free of charge, reasonable access to and copies of all documents, records, and other information relevant to your claim for benefits;
- notice of the availability, upon request, of the diagnosis code and treatment code and their corresponding meanings, if applicable;
- if an internal rule, guideline, protocol or similar criteria was relied upon in making the Adverse Benefit Determination, this will be disclosed, or you will be advised that information about the rule, guideline, protocol or similar criteria will be provided free of charge upon written request;
- if the Adverse Benefit Determination was based on a Medical Necessity or Experimental treatment or similar exclusion or limit, an explanation of the scientific or clinical judgment used for the determination applying the terms of the plan to your circumstances will be disclosed, or you will be advised that this explanation will be provided free of charge upon request;
- a discussion of the decision;
- a description of applicable appeal procedures; and
- disclosure of the availability of assistance with the appeal process from the Ohio Department of Insurance.

B. What Happens After the Mandatory Internal Appeal Level

If your claim is denied at the mandatory internal appeal level, you may be eligible for either the External Review Process by an Independent Review Organization for Adverse Benefit Determinations involving medical judgment or

the External Review Process by the Ohio Department of Insurance for contractual issues that do not involve medical judgment.

IV. External Review Process

B. Understanding the External Review Process

Under Chapter 3922 of the Ohio Revised Code all Health Plan Issuers must provide a process that allows a person covered under a Health Benefit Plan or a person applying for Health Benefit Plan coverage to request an independent external review of an Adverse Benefit Determination. This is a summary of that external review process. An Adverse Benefit Determination is a decision by Medical Mutual to deny a requested Health Care Service or payment because services are not covered, are excluded, or limited under the plan, or the Covered Person is not eligible to receive the benefit.

The Adverse Benefit Determination may involve an issue of Medical Necessity, appropriateness, health care setting, or level of care or effectiveness. An Adverse Benefit Determination can also be a decision to deny Health Benefit Plan coverage or to Rescind coverage.

C. Opportunity for External Review

An external review may be conducted by an Independent Review Organization (IRO) or by the Ohio Department of Insurance. The Covered Person does not pay for the external review. There is no minimum cost of Health Care Services denied in order to qualify for an external review. However, the Covered Person must generally exhaust Medical Mutual's mandatory internal appeal process before seeking an external review. Exceptions to this requirement will be included in the notice of the Adverse Benefit Determination.

1. **External Review by an IRO**

   A Covered Person is entitled to an external review by an IRO in the following instances:

   - The Adverse Benefit Determination involves a medical judgment or is based on any medical information
   - The Adverse Benefit Determination indicates the requested service is Experimental or Investigational, the requested Health Care Service is not explicitly excluded in the Covered Person's Health Benefit Plan, and the treating physician certifies at least one of the following:
     - Standard Health Care Services have not been effective in improving the condition of the Covered Person
     - Standard Health Care Services are not medically appropriate for the Covered Person
     - No available standard Health Care Service covered by Medical Mutual is more beneficial than the requested Health Care Service

   There are two types of IRO reviews, standard and expedited. A standard review is normally completed within 30 days. An expedited review for urgent medical situations is normally completed within 72 hours and can be requested if any of the following applies:

   - The Covered Person's treating physician certifies that the Adverse Benefit Determination involves a medical condition that could seriously jeopardize the life or health of the Covered Person or would jeopardize the Covered Person's ability to regain maximum function if treatment is delayed until after the time frame of an expedited internal appeal, and the Covered Person has filed a request for an expedited internal appeal.
   - The Covered Person's treating physician certifies that the Final Adverse Benefit Determination involves a medical condition that could seriously jeopardize the life or health of the Covered Person or would jeopardize the Covered Person's ability to regain maximum function if treatment is delayed until after the time frame of a standard external review.

- The Final Adverse Benefit Determination concerns an admission, availability of care, continued stay, or Health Care Service for which the Covered Person received Emergency Services, but has not yet been discharged from a facility.
- An expedited internal appeal is already in progress for an Adverse Benefit Determination of Experimental or Investigational treatment and the Covered Person's treating physician certifies in writing that the recommended Health Care Service or treatment would be significantly less effective if not promptly initiated.

NOTE: An expedited external review is not available for retrospective Final Adverse Benefit Determinations (meaning the Health Care Service has already been provided to the Covered Person).

2. **External Review by the Ohio Department of Insurance**

   A Covered Person is entitled to an external review by the Department in either of the following instances:

   - The Adverse Benefit Determination is based on a contractual issue that does not involve a medical judgment or medical information.
   - The Adverse Benefit Determination for an Emergency Medical Condition indicates that medical condition did not meet the definition of emergency AND Medical Mutual's decision has already been upheld through an external review by an IRO.

D. Request for External Review

Regardless of whether the external review case is to be reviewed by an IRO or the Department of Insurance, the Covered Person, or an Authorized Representative, must request an external review through Medical Mutual within 180 days from your receipt of the notice of Final Adverse Benefit Determination.

All requests must be in writing, including by electronic means, except for a request for an expedited external review. Expedited external reviews may be requested orally. The Covered Person will be required to consent to the release of applicable medical records and sign a medical records release authorization.

If the request is complete and eligible Medical Mutual will initiate the external review and notify the Covered Person in writing, or immediately in the case of an expedited review, that the request is complete and eligible for external review. The notice will include the name and contact information for the assigned IRO or the Ohio Department of Insurance (as applicable) for the purpose of submitting additional information. When a standard review is requested, the notice will inform the Covered Person that, within 10 business days after receipt of the notice, they may submit additional information in writing to the IRO or the Ohio Department of Insurance (as applicable) for consideration in the review. Medical Mutual will also forward all documents and information used to make the Adverse Benefit Determination to the assigned IRO or the Ohio Department of Insurance (as applicable).

If the request is not complete Medical Mutual will inform the Covered Person in writing and specify what information is needed to make the request complete. If Medical Mutual determines that the Adverse Benefit Determination is not eligible for external review, Medical Mutual must notify the Covered Person in writing and provide the Covered Person with the reason for the denial and inform the Covered Person that the denial may be appealed to the Ohio Department of Insurance.

The Ohio Department of Insurance may determine the request is eligible for external review regardless of the decision by Medical Mutual and require that the request be referred for external review. The Department's decision will be made in accordance with the terms of the Health Benefit Plan and all applicable provisions of the law.

E. IRO Assignment

When Medical Mutual initiates an external review by an IRO, the Ohio Department of Insurance web based system randomly assigns the review to an accredited IRO that is qualified to conduct the review based on the type of Health Care Service. An IRO that has a conflict of interest with Medical Mutual, the Covered Person, the health care provider or the health care facility will not be selected to conduct the review.

F. Reconsideration by Medical Mutual

If you submit information to the Independent Review Organization or the Ohio Department of Insurance to consider, the Independent Review Organization or Ohio Department of Insurance will forward a copy of the information to Medical Mutual. Upon receipt of the information, Medical Mutual may reconsider its Adverse Benefit Determination and provide coverage for the Health Care Service in question. Reconsideration by Medical Mutual will not delay or terminate an external review. If Medical Mutual reverses an Adverse Benefit Determination, Medical Mutual will notify you in writing and the Independent Review Organization will terminate the external review.

G. IRO Review and Decision

The IRO must consider all documents and information considered by Medical Mutual in making the Adverse Benefit Determination, any information submitted by the Covered Person and other information such as; the Covered Person's medical records, the attending health care professional's recommendation, consulting reports from appropriate health care professionals, the terms of coverage under the Health Benefit Plan, the most appropriate practice guidelines, clinical review criteria used by the Health Plan Issuer or its Utilization Review organization, and the opinions of the IRO's clinical reviewers.

The IRO will provide a written notice of its decision within 30 days of receipt by Medical Mutual of a request for a standard review or within 72 hours of receipt by Medical Mutual of a request for an expedited review. This notice will be sent to the Covered Person, Medical Mutual and the Ohio Department of Insurance and must include the following information:

- A general description of the reason for the request for external review
- The date the Independent Review Organization was assigned by the Ohio Department of Insurance to conduct the external review
- The dates over which the external review was conducted
- The date on which the Independent Review Organization's decision was made
- The rationale for its decision
- References to the evidence or documentation, including any evidence-based standards, that was used or considered in reaching its decision

NOTE: Written decisions of an IRO concerning an Adverse Benefit Determination that involves a health care treatment or service that is stated to be Experimental or Investigational also includes the principle reason(s) for the IRO's decision and the written opinion of each clinical reviewer including their recommendation and their rationale for the recommendation.

H. Binding Nature of External Review Decision

An external review decision is binding on Medical Mutual except to the extent Medical Mutual has other remedies available under state law. The decision is also binding on the Covered Person except to the extent the Covered Person has other remedies available under applicable state or federal law.

A Covered Person may not file a subsequent request for an external review involving the same Adverse Benefit Determination that was previously reviewed unless new medical or scientific evidence is submitted to Medical Mutual.

Claim Review

Consent to Release Medical Information - Denial of Coverage

You consent to the release of medical information to Medical Mutual when you sign an Application.

When you present your identification card for Covered Services, you are also giving your consent to release medical information to Medical Mutual. Medical Mutual has the right to refuse to reimburse for Covered Services if you refuse to consent to the release of any medical information.

Right to Review Claims

When a claim is submitted, Medical Mutual will review the claim to ensure that the service was Medically Necessary and that all other conditions for coverage are satisfied. The fact that a Provider may recommend or prescribe treatment does not mean that it is automatically a Covered Service or that is Medically Necessary.

As part of its review, Medical Mutual may refer to corporate medical policies developed by Medical Mutual (that may be obtained at Medical Mutual's website) as guidelines to assist in reviewing claims.

Medical Mutual may, in its sole discretion, cover services and supplies not specifically covered by the Policy. This applies if Medical Mutual determines such services and supplies are in lieu of more expensive services and supplies, which would otherwise be required for the care and treatment of a Covered Person.

Physical Examination and Autopsy

Medical Mutual, at is own expense, has the right to examine a Covered Person as often as it may reasonably require during the pendency of a claim and to request an autopsy in case of death where it is not forbidden by law.

Legal Actions

No action, at law or in equity, shall be brought to recover benefits within 60 days after Medical Mutual receives written proof in accordance with this Policy that Covered Services have been given to you. No such action may be brought later than three years after expiration of the required claim filing limit as specified in the Proof of Loss section.

Coordination of Benefits

The Coordination of Benefits ("COB") provision applies when a person has health care coverage under more than one **Plan**. **Plan** is defined below.

The order of benefit determination rules govern the order in which each **Plan** will pay a claim for benefits. The **Plan** that pays first is called the **Primary plan**. The **Primary plan** must pay benefits in accordance with its policy terms without regard to the possibility that another **Plan** may cover some expenses. The **Plan** that pays after the **Primary plan** is the **Secondary plan**. The **Secondary plan** may reduce the benefits it pays so that payments from all **Plans** does not exceed 100% of the total **Allowable expense**.

Definitions

1. A **Plan** is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
    a. **Plan** includes: group and nongroup insurance contracts, health insuring corporation ("HIC") contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.
    b. **Plan** does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; supplemental coverage as described in Revised Code sections 3923.37 and 1751.56; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

    Each contract for coverage under "a" or "b" above is a separate **Plan**. If a **Plan** has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate **Plan**.
2. **This plan** means, in a **COB** provision, the part of the contract providing the health care benefits to which the **COB** provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from this plan. A contract may apply one **COB** provision to

certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another **COB** provision to coordinate other benefits.

3. The order of benefit determination rules determine whether **This plan** is a **Primary plan** or **Secondary plan** when the person has health care coverage under more than one **Plan** .

   When **This plan** is primary, it determines payment for its benefits first before those of any other **Plan** without considering any other **Plan's** benefits. When **This plan** is secondary, it determines its benefits after those of another **Plan** and may reduce the benefits it pays so that all **Plan** benefits do not exceed 100% of the total **Allowable expense**.

4. **Allowable expense** is a health care expense, including Deductibles, Coinsurance and Copayments, that is covered at least in part by any **Plan** covering the person. When a **Plan** provides benefits in the form of services, the reasonable cash value of each service will be considered an **Allowable expense** and a benefit paid. An expense that is not covered by any **Plan** covering the person is not an **Allowable expense**. In addition, any expense that a Provider by law or in accordance with a contractual agreement is prohibited from charging a Covered Person is not an **Allowable expense**.

   The following are examples of expenses that are not **Allowable expenses**:

   a. The difference between the cost of a semi-private Hospital room and a private Hospital room is not an **Allowable expense**, unless one of the **Plans** provides coverage for private Hospital room expenses.
   b. If a person is covered by 2 or more **Plans** that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an **Allowable expense**.
   c. If a person is covered by 2 or more **Plans** that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an **Allowable expense**.
   d. If a person is covered by one **Plan** that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another **Plan** that provides its benefits or services on the basis of negotiated fees, the **Primary plan's** payment arrangement shall be the **Allowable expense** for all **Plans**. However, if the Provider has contracted with the **Secondary plan** to provide the benefit or service for a specific negotiated fee or payment amount that is different than the **Primary plan's** payment arrangement and if the Provider's contract permits, the negotiated fee or payment shall be the **Allowable expense** used by the **Secondary plan** to determine its benefits.
   e. The amount of any benefit reduction by the **Primary plan** because a Covered Person has failed to comply with the **Plan** provisions is not an **Allowable expense**. Examples of these types of plan provisions include second surgical opinions, Preauthorization of admissions, and preferred provider arrangements.

5. **Closed panel plan** is a **Plan** that provides health care benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the **Plan**, and that excludes coverage for services provided by other Providers, except in cases of Emergency or referral by a panel member.
6. **Custodial parent** is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

Order Of Benefit Determination Rules

When a person is covered by two or more **plans**, the rules for determining the order of benefit payments are as follows:

1. The **Primary plan** pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other **Plan**.
2. a. Except as provided in Paragraph "b" below, a **Plan** that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both **Plans** state that the complying plan is primary.
   b. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the **Plan** provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan Hospital and surgical benefits, and insurance type coverages that are written in connection with a **Closed panel plan** to provide out-of-network benefits.

3. A **Plan** may consider the benefits paid or provided by another **Plan** in calculating payment of its benefits only when it is secondary to that other **Plan**.
4. Each **Plan** determines its order of benefits using the first of the following rules that apply:
    a. Non-Dependent or Dependent. The **Plan** that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree, is the **Primary plan** and the **Plan** that covers the person as a dependent is the **Secondary plan**. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the **Plan** covering the person as a dependent, and primary to the **Plan** covering the person as other than a dependent (e.g. a retired employee), then the order of benefits between the two **Plans** is reversed so that the **Plan** covering the person as an employee, member, policyholder, subscriber or retiree is the **Secondary plan** and the other **Plan** is the **Primary plan**.
    b. Dependent child covered under more than one plan. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one **Plan**, the order of benefits is determined as follows:
        1. For a dependent child whose parents are married or are living together, whether or not they have ever been married:
            - The **Plan** of the parent whose birthday falls earlier in the calendar year is the **Primary plan**; or
            - If both parents have the same birthday, the **Plan** that has covered the parent the longest is the **Primary plan**.
            - However, if one parent's plan has some other coordination rule (for example, a "gender rule" which says the father's plan is always primary), we will follow the rules of that plan.
        2. For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
            a. If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the **Plan** of that parent has actual knowledge of those terms, that **Plan** is primary. This rule applies to plan years commencing after the **Plan** is given notice of the court decree;
            b. If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Subparagraph (1) above shall determine the order of benefits;
            c. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Subparagraph (1) above shall determine the order of benefits; or
            d. If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
                - The **Plan** covering the **Custodial parent**;
                - The **Plan** covering the spouse of the **Custodial parent**;
                - The **Plan** covering the **non-custodial parent**; and then
                - The **Plan** covering the spouse of the **non-custodial parent**.
        3. For a dependent child covered under more than one **Plan** of individuals who are <u>not</u> the parents of the child, the provisions of Subparagraph (1) or (2) above shall determine the order of benefits as if those individuals were the parents of the child.
    c. Active employee or retired or laid-off employee. The **Plan** that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the **Primary plan**. The **Plan** covering that same person as a retired or laid-off employee is the **Secondary plan**. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled 4(a) can determine the order of benefits.
    d. COBRA or state continuation coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another **Plan**, the **Plan** covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the **Primary plan** and the COBRA or state or other federal continuation coverage is the **Secondary plan**. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled 4(a) can determine the order of benefits.

e. Longer or shorter length of coverage. The **Plan** that covered the person as an employee, member, policyholder, subscriber or retiree longer is the **Primary plan** and the **Plan** that covered the person the shorter period of time is the **Secondary plan**.

f. If the preceding rules do not determine the order of benefits, the **Allowable expenses** shall be shared equally between the **Plans** meeting the definition of **Plan**. In addition, **This plan** will not pay more than it would have paid had it been the **Primary plan**.

Effect On The Benefits Of This Plan

1. When **This plan** is secondary, it may reduce its benefits so that the total benefits paid or provided by all **Plans** during a plan year are not more than the total **Allowable expenses**. In determining the amount to be paid for any claim, the **Secondary plan** will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any **Allowable expense** under its **Plan** that is unpaid by the **Primary plan**. The **Secondary plan** may then reduce its payment by the amount so that, when combined with the amount paid by the **Primary plan**, the total benefits paid or provided by all **Plans** for the claim do not exceed the total **Allowable expense** for that claim. In addition, the **Secondary plan** shall credit to its plan Deductible any amounts it would have credited to its Deductible in the absence of other health care coverage.
2. If a Covered Person is enrolled in two or more **Closed panel plans** and if, for any reason, including the provision of service by a non-panel Provider, benefits are not payable by one **Closed panel plan**, **COB** shall not apply between that **Plan** and other **Closed panel plans**.

Right To Receive And Release Needed Information

Certain facts about health care coverage and services are needed to apply these **COB** rules and to determine benefits payable under **This plan** and other **Plans**. Medical Mutual may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under **This plan** and other **Plans** covering the person claiming benefits. Medical Mutual need not tell, or get the consent of, any person to do this. Each person claiming benefits under **This plan** must give Medical Mutual any facts it needs to apply those rules and determine benefits payable.

Facility of Payment

A payment made under another **Plan** may include an amount that should have been paid under **This plan**. If it does, Medical Mutual may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under **This plan**. Medical Mutual will not have to pay that amount again. The term " payment made " includes providing benefits in the form of services, in which case " payment made " means the reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payments made by Medical Mutual is more than it should have paid under this **COB** provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid, or any other person or organization that may be responsible for the benefits or services provided for the Covered Person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

You may also submit an appeal, as further described in the section entitled "Filing an Internal Appeal and External Review." Subrogation and Right of Reimbursement

As used herein, the term "Third Party", means any party that is, or may be, or is claimed to be responsible for illness or injuries to you. Such illness or injuries are referred to as "Third Party Injuries." "Third Party" includes any party responsible for payment of expenses associated with the care or treatment of Third Party Injuries. No adult Covered Person hereunder may assign any rights that it may have to recover medical expenses from any tortfeasor or other

person or entity to any minor child or children of said adult covered person without the prior express written consent of Medical Mutual.

If this plan pays benefits under this Policy to you for expenses incurred due to Third Party Injuries, then Medical Mutual retains the right to repayment of the full cost of all benefits provided by this plan on your behalf that are associated with the Third Party Injuries. Medical Mutual's rights of recovery apply to any recoveries made by or on your behalf from the following sources, including but not limited to:

- Payments made by a Third Party or any insurance company on behalf of the Third Party;
- Any payments or awards under an uninsured or underinsured motorist coverage policy;
- Any Workers' Compensation or disability award or settlement;
- Medical payments coverage under any automobile policy, premises or homeowners' medical payments coverage or premises or homeowners' insurance coverage; and
- Any other payments from a source intended to compensate you for injuries resulting from an accident, injury or alleged negligence.

Your health plan is always secondary to automobile no-fault coverage, personal injury protection coverage, or medical payments coverage.

By accepting benefits under this plan, you specifically acknowledge Medical Mutual's right of subrogation. When this plan pays health care benefits for expenses incurred due to Third Party Injuries, Medical Mutual shall be subrogated to your right of recovery against any party to the extent of the full cost of all benefits provided by this plan. Medical Mutual may proceed against any party with or without your consent.

By accepting benefits under this plan, you also specifically acknowledge Medical Mutual's right of reimbursement. This right of reimbursement attaches when this plan has paid benefits due to Third Party Injuries and you or your representative has recovered any amounts from a Third Party. By providing any benefit under this Policy, Medical Mutual is granted an assignment of the proceeds of any settlement, judgment or other payment received by you to the extent of the full cost of all benefits provided by this plan. Medical Mutual's right of reimbursement is cumulative with, and not exclusive of, Medical Mutual's subrogation right and Medical Mutual may choose to exercise either or both rights of recovery.

By accepting benefits under this plan, you and your representatives further agree to:

- Notify Medical Mutual promptly and in writing when notice is given to any party of the intention to investigate or pursue a claim to recover damages or obtain compensation due to Third Party Injuries sustained by you;
- Cooperate with Medical Mutual and do whatever is necessary to secure Medical Mutual's rights of subrogation and reimbursement under this Policy;
- Give Medical Mutual a first-priority lien on any recovery, settlement, or judgment or other source of compensation which may be had from any party to the extent of the full cost of all benefits associated with Third Party Injuries provided by this plan (regardless of whether specifically set forth in the recovery, settlement, judgment or compensation agreement);
- Pay, as the first priority, from any recovery, settlement judgment, or other source of compensation, any and all amounts due Medical Mutual as reimbursement for the full cost of all benefits associated with Third Party Injuries paid by this plan (regardless of whether specifically set forth in the recovery, settlement, judgment, or compensation agreement); and
- Do nothing to prejudice Medical Mutual's rights as set forth above. This includes, but is not limited to, refraining from making any settlement or recovery which specifically attempts to reduce or exclude the full cost of all benefits paid by the plan.
- Serve as a constructive trustee for the benefits of this plan over any settlement or recovery funds received as a result of Third Party Injuries.

No court costs or attorney fees may be deducted from Medical Mutual's recovery, and Medical Mutual is not required to pay or contribute to paying court costs or attorney's fees for the attorney hired by you to pursue your claim or lawsuit against any Third Party. In the event you or your representative fail to cooperate with Medical Mutual, you shall be responsible for all benefits paid by this plan in addition to costs and attorney's fees incurred by Medical Mutual in obtaining repayment.

Medical Mutual's rights of subrogation and reimbursement described above shall be modified to comply with the terms of this paragraph in the event that less than the full value of the third party action is recovered due to comparative negligence on your part, diminishment of the recovery due to the apportionment of liability among and recovery on

judgment against multiple co-defendants, or by reason of the collectability of the full value of the claim for injury, death, or loss to you resulting from limited liability insurance or any other cause. If less than the full value of the third party action is recovered due the reasons mentioned in the preceding sentence, Medical Mutual's claim shall be reduced in the same proportion as your interest is reduced. Both Medical Mutual and the member shall have the right to seek a declaratory judgment pursuant to ORC Section 2721 if there is a dispute over the distribution of the recovery in a tort action.

Termination of Coverage

How and When Your Coverage Stops

Your coverage stops:

- When the Policyholder becomes ineligible, coverage stops for all Covered Persons.
- When the Policyholder does not pay the required premium, coverage stops for all Covered Persons. (See the section entitled "Premiums" for more information.)
- For an Eligible Dependent on the date that person no longer meets the definition of an Eligible Dependent.
- On the day in which a final decree of legal separation, divorce, annulment or dissolution of the marriage is filed, a Policyholder's spouse will no longer be eligible for coverage.
- When the Policyholder no longer resides, lives or works in the Service Area (or in an area in which Medical Mutual is licensed to do business).
- Upon ninety (90) days prior notice if Medical Mutual no longer offers this particular type of health plan coverage in the individual market in the State of Ohio. In that event, Medical Mutual will offer to the Policyholder the option to purchase any other individual health insurance coverage currently being offered by Medical Mutual in the individual market in the State of Ohio.
- Upon one-hundred eighty (180) days prior notice to each Covered Person and the Ohio Department of Insurance when Medical Mutual ceases to offer coverage in the individual market in the State of Ohio. In that event, Medical Mutual will comply with all provisions of the Ohio insurance statutes and regulations regarding such event.
- Immediately upon notice if:
  - a Covered Person allows a non-Covered Person to use his/her identification card to obtain or attempt to obtain benefits; or
  - a Covered Person materially misrepresents information provided to Medical Mutual or commits fraud or forgery.

Rescission of Coverage

A rescission of your coverage means that the coverage may be legally voided all the way back to the day the plan began to provide you with coverage, just as if you never had coverage under the plan. Your coverage can only be rescinded if you (or a person seeking coverage on your behalf), performs an act, practice, or omission that constitutes fraud; or unless you (or a person seeking coverage on your behalf) makes an intentional misrepresentation of material fact, as prohibited by the terms of your plan.

You will be provided with thirty (30) calendar days' advance notice before your coverage is rescinded. You have the right to request an internal appeal of a rescission of your coverage. Once the internal appeal process is exhausted, you have the additional right to request an independent external review.

Right of Family Members to Continue Coverage

Continuation of coverage is available to the Policyholder's Eligible Dependents when one of the following occurs:

- the Policyholder dies; or
- upon divorce, legal separation, annulment, or a dissolution of marriage between the Policyholder and his or her spouse.

Continuation is not available when:

- a family member is eligible for Medicare or any other similar federal or state health insurance program; or

- the Policyholder's coverage is terminated for nonpayment of premium, nonrenewal of the Policy, or the expiration of the term for which the Policy is issued.

Continuation of coverage will be available through a separate policy or through continuation of the existing Policy, as determined by Medical Mutual. The benefits offered for continuation may be different from the coverage provided under this Policy. Written application and payment of premium must be made to Medical Mutual no later than 31 days after coverage under this Policy would otherwise stop. No evidence of insurability will be required to obtain continuation of coverage.

Benefits After Termination of Coverage

If you are an Inpatient of a Hospital or Skilled Nursing Facility on the day your coverage stops, only the benefits listed in the **Inpatient Hospital Services** section under **bed, board and general nursing services** and **ancillary services** will continue. These benefits will end when any of the following occurs:

- Medical Mutual provides your maximum benefits;
- you leave the Hospital or Skilled Nursing Facility;
- the Benefit Period in which your coverage stopped comes to an end; or
- you have other healthcare coverage.

This provision applies only to the Covered Services specifically listed in these two subnamed sections. No other services will be provided once your coverage stops.

Premiums

Grace Period and Cancellation for Non-Payment and Reinstatement

For further periods of coverage, the required premiums must be paid in advance or within the grace period.

The grace period is a period of 31 days after the date premium is due, unless the Policyholder is receiving advance payment of a premium tax credit through the Exchange Marketplace, as described below. If we do not receive your premium within this grace period, your coverage will end effective on the due date for which the required premium was not received.

Grace period for Covered Persons receiving premium tax credit (not applicable to Catastrophic Plans): a three (3) month grace period applies. This three-month grace period applies only to Policyholders who have already paid their share of one month's premium in full. If the Policyholder makes all outstanding premium payments, subject to any premium payment threshold made available by Medical Mutual, before the end of the three (3) month grace period, the Policyholder's coverage under the plan remains intact. However, if the Policyholder exhausts the three (3) month grace period without making all outstanding premium payments, Medical Mutual will terminate coverage, with notice. The grace period will not be extended by paying only a portion of the outstanding premium. If coverage is terminated for non-payment of premium, the last day of coverage will be the last day of the first month of the grace period. Medical Mutual will deny payment of claims incurred during the second and third months of the grace period if the Policyholder exhausts the grace period without paying the full amount of premium due.

Your billing statement from Medical Mutual may be used to provide the Policyholder with final notice of cancellation of coverage.

If your coverage is cancelled for non-payment of premium, you may apply for reinstatement of coverage within 60 days after the date notice of cancellation is mailed to you. We will reinstate your coverage, continuous from the date of cancellation, if we determine that your failure to pay the premium was due to extenuating circumstances, such as being incapacitated, and you pay all premiums required for reinstatement of coverage. If your coverage with Medical Mutual is through the Exchange Marketplace, and is cancelled for non-payment of premium, the Exchange Marketplace will decide if coverage may be reinstated.

Change in Premium

We may change premiums for this Policy by notifying you at least 30 days in advance of the premium change.

Taxes, Fees or Other Charges

Medical Mutual may be subject to taxes, fees or other charges imposed by state or federal government laws or regulations. To the extent permitted by law, Medical Mutual will include such charges, or an estimate of such charges if the actual amount is not known, in your premiums or may show them as a separate line item on your invoice. Medical Mutual reserves the right to adjust your premium or monthly billing during your coverage period, in order to accommodate the payment of such fees, taxes or other charges.

Insufficient Funds

If a check written, or electronic payment made, is returned to Medical Mutual by your financial institution for insufficient funds, Medical Mutual reserves the right to charge you a returned item fee up to the maximum allowed by applicable law.

Change of Beneficiary

The right to change of beneficiary is reserved to the Covered Person, and the consent of the beneficiary(ies) shall not be requisite to surrender or assignment of this Policy or to any change of beneficiary(ies), or to any other changes in this Policy.

You may cancel this coverage at any time by giving written notice to Medical Mutual.

This coverage will be cancelled on the date the notice is received or on such later date as specified in the notice.

Coverage will end on the date requested by the Policyholder if Medical Mutual receives the request at least fourteen (14) days prior to the requested termination date. If Medical Mutual does not receive at least fourteen (14) days' advance notice, coverage will end fourteen (14) days after the termination date requested by the Policyholder.

We will return the unearned portion of any paid premium. This amount will be on a pro-rata basis.
