We will void this Policy if you, relative to your Application, intentionally misrepresent a material fact or commit fraud.

## Eligible Dependents

An Eligible Dependent must be under age 19 and is:

- the Policyholder's spouse, provided you are not legally separated.
- the Policyholder's or spouse's:
  - natural children;
  - children placed for adoption and legally adopted children;

## Open Enrollment

The open enrollment period begins November 1 and extends through December 15.

During the open enrollment period, the Policyholder may request to add new Eligible Dependents or to request a different plan available at that time in the individual market.

## Special Enrollment

Outside of open enrollment, the only other time during which you may change plans or add an Eligible Dependent is under a special enrollment period. Special enrollment is triggered by any of the following events:

1. When you or any of your dependents lose other Minimum Essential Coverage. (Loss of Minimum Essential Coverage does not include termination due to non-payment of premium, including COBRA premium, or in the event of rescission.)
2. When you gain or become a dependent through marriage, birth, adoption, placement for adoption, placement in foster care, or when you are required to cover a child pursuant to a court order.
3. When you lose a dependent or are no longer considered a dependent through divorce or legal separation as defined by State law in the State in which the divorce or legal separation occurs, or if you or your dependent dies.
4. When you experience an error in enrollment or non-enrollment.
5. When you adequately demonstrate that the plan or issuer substantially violated a material provision of the contract under which you are enrolled.
6. When you become newly eligible or newly ineligible for advance payments of the premium tax credit or experience a change in eligibility for cost-sharing reductions through the Exchange Marketplace (not applicable to Catastrophic Plans).
7. When new coverage becomes available to you as a result of a permanent move.
8. When you or any of your dependents lose eligibility for coverage of pregnancy-related services under Medicaid.
9. When you or any of your dependents lose "medically needy coverage," as described under section 1902 (a)(10)(C) of the Social Security Act (limited to one special enrollment period per calendar year).
10. When you or any of your dependents is enrolled in a non-calendar year group or individual health insurance coverage, even if you or your dependents have the option to renew such coverage. The date of the loss of coverage is the last day of the plan or policy year.

The request for special enrollment must be received by the plan in which you want to enroll within sixty (60) days of the triggering event.

Your effective date will be determined as defined by federal regulations.

### **Changes in Coverage**

You may change to individual coverage if you no longer have any Eligible Dependents.

A newborn child will be covered for 31 days from the date of birth without premium payment. If additional premium is required to provide coverage beyond 31 days from the newborn's date of birth, the request to cover the newborn must be received by Medical Mutual within 31 days from the date of birth, and payment of the required premium must be paid when due. Adopted children and children placed for adoption, regardless of whether the adoption has become final, will be covered on the same basis as any other dependent children. Coverage will continue for a child placed for adoption, unless the placement is disrupted prior to legal adoption, and the child is removed from placement.

### **Your Identification Card**

You will receive identification cards. These cards have the Policyholder's name and number on them. The identification card should be presented when receiving Covered Services under this coverage because it contains information you or your Provider will need when submitting a claim or making an inquiry. Your receipt or possession of an identification card does not mean that you are automatically entitled to benefits.

Your identification card is the property of Medical Mutual. After coverage ends, use of the identification card is not permitted and may subject you to legal action.

## DENTAL BENEFITS

When alternate methods of treatment are available, the allowable amount will be based on the least costly method of treatment that Medical Mutual deems appropriate and Clinically Necessary. ## GENERAL PROVISIONS

### How to Apply for Benefits

#### Notice of Claim; Claim Forms

A claim must be filed for you to receive benefits. All PPO Network Providers and many Non-PPO Network Providers will submit a claim for you; if you submit it yourself, you should use a claim form. In most cases, you can obtain a claim form from your Group or Dental Provider. If your Dental Provider does not have a claim form, Medical Mutual will send you one. Call or notify Medical Mutual, in writing, within 20 days, or as soon as reasonably possible, after receiving your first Covered Service and we will send you a form, or you may print a claim form by going to [www.medmutual.com/member](http://www.medmutual.com/member).

If you fail to receive a claim form within 15 days after you notify Medical Mutual, you may send Medical Mutual your bill or a written statement of the nature and extent of your loss; this must have all the information which Medical Mutual needs to process your claim.

#### Proof of Loss

Proof of loss is a claim for payment of dental services which has been submitted to Medical Mutual for processing with sufficient documentation to determine whether Covered Services have been provided to you. Medical Mutual must receive a completed claim with the correct information. Medical Mutual may require a Dental Provider's notes or other medical records before Proof of Loss is considered sufficient to determine benefit coverage.

Medical Mutual is not legally obligated to reimburse for Covered Services unless written or electronically submitted proof that Covered Services have been given to you is received. Proof must be given within 90 days of your receiving Covered Services or as soon as is reasonably possible. Except in the absence of legal capacity, no proof can be submitted later than one year from the time proof is otherwise required.

### How Claims are Paid

#### Your Financial Responsibilities

For Covered Services, Medical Mutual will calculate its payment based upon the Fee Schedule Amount.

You are responsible for:

- Any Copayment, Deductible and Coinsurance amounts specified in the Schedule of Benefits. Copayments are generally required to be paid at the time of service.
- Non-Covered Charges.
- Billed Charges for all Services and supplies after benefit maximums have been reached.
- Excess Charges for services and supplies if your Dental Provider does not accept the Fee Schedule Amount as payment in full.
- Services that are not Clinically Necessary.
- Incidental charges.
- Charges for more expensive treatment or services when there are alternate methods of treatment available.

For Covered Services, Medical Mutual will calculate its payment based upon the Fee Schedule Amount. PPO Network Providers have agreed not to bill for any amount of Covered Charges above the Fee Schedule Amount. For Covered Services rendered by Non-PPO Network Providers, you may be responsible for Excess Charges up to the amount of the Provider's Billed Charges. You may also be responsible for the Non-PPO Coinsurance for Covered Services received from Non-PPO Network Providers. Any Excess Charges billed by Non-PPO Network Providers DO NOT apply to any Out-of-Pocket Maximum.

In cases where there are alternate methods of treatment with different fees, and the more expensive treatment or service is rendered, you are responsible for all charges in excess of the allowable amount deemed appropriate and Clinically Necessary by Medical Mutual, even if a PPO Network Provider is used. If the services are provided by a Non-PPO Network Provider, you may be responsible to pay the difference between the charges for the higher level of service and the benefits Medical Mutual will provide for the lower level of service. If you receive services from a Non-PPO and Medical Mutual has not received Pre-Determination of Benefits, you may be responsible for the entire cost of the services provided.

Deductibles, Coinsurance and amounts paid by other parties do not accumulate towards the benefit maximums or any Out-of-Pocket Maximums, except as provided in 45 CFR 156.1250.

### **Benefit Period Deductible**

Each Benefit Period, you must pay the dollar amount that may be specified in the Schedule of Benefits as the Deductible before Medical Mutual will begin to provide benefits. This is the amount of expense that must be Incurred and paid by you for Covered Services before Medical Mutual starts to provide benefits. If a benefit is subject to a Deductible, only expenses for Covered Services under that benefit will satisfy the Deductible. To satisfy your Deductible, Medical Mutual records must show that you have Incurred claims totaling the specified dollar amount, so submit copies of all your bills for Covered Services. Your Deductible accumulations do not necessarily occur in the same order that you receive services, but in the order in which Medical Mutual receives and processes your claims.

The Schedule of Benefits may specify a single Deductible and a family Deductible. The single Deductible is the amount each Covered Person must pay, but the total amount the family must pay is limited to the family Deductible.

### **Coinsurance**

After you meet any applicable Deductible, you may be responsible for Coinsurance amounts as specified in your Schedule of Benefits, subject to any limitations set forth in your Schedule of Benefits. The amount of Coinsurance you have to pay may vary depending on the status of your Dental Provider.

### **Copayments**

For some Covered Services, you may be responsible for paying a Copayment at the time services are rendered. Covered Services that require Copayments may or may not be subject to the Deductible or Coinsurance requirements as specified in the Schedule of Benefits. These Copayments are your responsibility, and they are not reimbursed by Medical Mutual. Please refer to the Schedule of Benefits for specific Copayment amounts that may apply.

### **Schedule of Benefits**

The Deductibles and Out-of-Pocket Maximums that may apply will renew each Benefit Period. Some of the benefits offered in this Policy have maximums.

The Schedule of Benefits shows your financial responsibility for Covered Services. Medical Mutual covers the remaining liability for Covered Charges after you have paid the amounts indicated in the Schedule of Benefits subject to benefit maximums.

### **Direction of Payment**

Medical Mutual has agreed to make payment directly to PPO Network Providers. The choice of a Dental Provider is yours. After a Dental Provider performs a Covered Service, Medical Mutual will not honor your request to withhold claim payment. Medical Mutual does not furnish Covered Services but only pays for Covered Services you receive from Dental Providers. Medical Mutual is not liable for any act or omission of any Dental Provider. Medical Mutual has no responsibility for a Dental Provider's failure or refusal to give Covered Services to you.

Medical Mutual has and retains the sole right to choose which Dental Providers it will contract with, and on what terms, and to amend and terminate those contracts. Medical Mutual has and retains the sole right to designate Dental Providers as PPO Network Providers.

Medical Mutual is authorized to make payments directly to Dental Providers who have performed Covered Services for you. Medical Mutual also reserves the right to make payment directly to you. When this occurs, you must pay the Dental Provider and Medical Mutual is not legally obligated to pay any additional amounts. You cannot assign your right to receive payment to anyone else, nor can you authorize someone else to receive your payments for you, including your Dental Provider.

If Medical Mutual has incorrectly paid for services or it is later discovered that payment was made for services which are not considered Covered Services, then Medical Mutual has the right to recover payment, and you must repay this amount when requested.

Any reference to Dental Providers as PPO Network Providers or Non-PPO Network Providers is not a statement about their abilities.

### **Pre-Determination of Benefits**

Pre-Determination of Benefits determines if proposed dental treatments:

- are consistent with the standards of good dental practice;
- are the most appropriate level of service;
- are Clinically Necessary; and for pediatric orthodontic treatment, Medically Necessary; and
- are Covered Services.

After your Dental Provider has examined you, a proposed Course of Treatment (also known as a predetermination) and the diagnostic materials, such as x-rays and study models, that support this Course of Treatment must be provided to Medical Mutual.

For any type of Orthodontic Treatment that may be covered under the plan (refer to the Schedule of Benefits), your proposed Course of Treatment must include the dates of all installations of appliances and all orthodontic services.

For Medically Necessary Orthodontic Treatment, the proposed Course of Treatment must also include an explanation of how the orthodontic diagnosis relates to the Condition that is being treated, as well as an explanation of how the treatment plan will eliminate the patient's condition.

Medical Mutual reserves the right to review your dental records, including diagnostic materials, to determine the most appropriate level of service. Medical Mutual may also elect to have you examined by a Dentist or Physician of its choice. Medical Mutual will then notify you and your Dental Provider which services will and will not be covered as requested, as well as the approximate amounts that will be covered. If it is determined that an alternate level of service is as appropriate as the proposed level of service, you and your Dental Provider will be notified, and benefits will be limited to the less costly service, regardless of which level of service is actually rendered (applying alternate benefits). If you select the more costly treatment or service, you are responsible for all charges in excess of the allowable amount deemed Clinically Necessary by Medical Mutual. You are also responsible for Excess Charges if alternate benefits are applied, even if a PPO Network Provider is used. You may be responsible to pay the difference between the charges for the higher level of service and the benefit Medical Mutual will provide for the lower level of service.

If pre-determination is not obtained, and the treatment is later determined by Medical Mutual to be an uncovered expense or not Clinically or Medically Necessary, you may be responsible for all costs associated with that treatment.

If you use a Non-PPO Network Provider, you may be responsible and obligated to pay any and all amounts that you are charged regardless of what Medical Mutual determines to be Clinically Necessary or appropriate.

Medical Mutual evaluates cost-effective alternatives to current dental needs. In such cases, benefits not expressly covered in this Policy may be approved. Coverage for these services must be approved in advance and in writing by Medical Mutual. Pre-Determination of Benefits does not guarantee payment. The amount payable is subject to all the Contract limitations effective at the time the services are rendered.

### **Explanation of Benefits**

After Medical Mutual processes your claim, an Explanation of Benefits (EOB) is provided to you electronically or by mail. It lists Covered Services and non-covered services along with explanations for why services are not covered. It contains important amounts and a telephone number if you have any questions.

### **Time of Payment of Claims**

Benefits will be provided under this Policy within 30 days after receipt of a completed claim. If supporting documentation is required, then payment will be made in accordance with state and federal law. To have a payment or denial related to a claim reviewed, you must send a written request or call Customer Service at Medical Mutual within 180 days of the claim determination.

## Filing a Complaint

If you have a complaint, please call or write to Customer Service at the telephone number or address listed on your Explanation of Benefits (EOB) form and/or identification card. To expedite the processing of an inquiry, the Policyholder should have the following information available:

- name of patient
- identification number
- claim number(s) (if applicable)
- date(s) of service

If your complaint is regarding a claim, a Medical Mutual Customer Service representative will review the claim for correctness in processing. If the claim was processed according to terms of the Policy, the Customer Service representative will telephone the Policyholder with the response. If attempts to telephone the Policyholder are unsuccessful, a letter will be sent explaining how the claim was processed. If an adjustment to the claim is required, the Policyholder will receive a check, Explanation of Benefits or letter explaining the revised decision.

Quality of Care issues are addressed by our Quality Improvement Department or committee.

If you are not satisfied with the results and your complaint is regarding an adverse benefit determination, you may continue to pursue the matter through the appeal process.

## Benefit Determination for Claims (Internal Claims Procedure)

### Claims Involving Urgent Care

A **Claim Involving Urgent Care** is a claim for Dental care or treatment with respect to which the application of the timeframes for making non-urgent care determinations (a) could seriously jeopardize the life or health of the claimant or the ability of the claimant to regain maximum function or (b) in the opinion of a Dentist or Physician with knowledge of the claimant's medical Condition, would subject the claimant to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

Determination of **urgent** will be made by an individual acting on behalf of the plan applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine; however, any Dentist or Physician with a knowledge of the claimant's medical Condition can also determine that a claim involves urgent care.

If you file a Claim Involving Urgent Care in accordance with Medical Mutual's claim procedures and sufficient information is received, Medical Mutual will notify you of its benefit determination, whether adverse or not, as soon as possible but not later than 72 hours after Medical Mutual's receipt of the claim.

If you do not follow Medical Mutual's procedures or we do not receive sufficient information to make a benefit determination, Medical Mutual will notify you within 24 hours of receipt of the Claim Involving Urgent Care and explain the applicable procedural deficiencies, or the specific deficiencies related to information necessary to make a benefit determination. You will have 48 hours to correct the procedural deficiencies and/or provide the requested information. Once Medical Mutual receives the requested information, we will notify you of the benefit determination, whether adverse or not, as soon as possible, taking into account all medical exigencies, but not later than 48 hours after receipt of the information.

Medical Mutual may notify you of its benefit determination decision orally and follow with written or electronic notification not later than three (3) days after the oral notification.

### Concurrent Care Claims

If Medical Mutual has approved an ongoing course of treatment to be provided over a period of time or for a number of treatments, any reduction or termination by Medical Mutual of such course of treatment before the end of such period of time or number of treatments shall constitute an Adverse Benefit Determination (unless the reduction or termination of benefits is due to a health plan amendment or health plan termination). Medical Mutual will notify the claimant of Medical Mutual's determination to reduce or terminate such course of treatment before the end of the approved period of time or number of treatments at a time sufficiently in advance of the reduction or termination to

allow the claimant to appeal and obtain a determination on review of that adverse benefit determination before the benefit is reduced or terminated.

If Medical Mutual has approved an ongoing course of treatment to be provided over a period of time or for a number of treatments, any request to extend the course of treatment beyond the period of time or number of treatments that is a Claim Involving Urgent Care shall be decided as soon as possible, taking into account the medical exigencies, and Medical Mutual must notify the claimant of the benefit determination, whether adverse or not, within 24 hours after its receipt of the claim, provided that any such claim is made to Medical Mutual at least 24 hours prior to the expiration of the prescribed period of time or number of treatments.

### **Pre-Service Claims**

A Pre-Service Claim is a claim for a benefit which requires some form of preapproval or precertification by Medical Mutual.

If you file a Pre-Service Claim in accordance with Medical Mutual's claim procedures and sufficient information is received, Medical Mutual will notify you of its benefit determination, whether adverse or not, within a reasonable period of time appropriate to the medical circumstances, but not later than 15 days after receipt of the claim. Medical Mutual may extend this time period for up to an additional 15 days if such an extension is necessary due to circumstances beyond the control of Medical Mutual. Medical Mutual will notify you of such an extension and date by which it expects to render a decision.

If an extension is needed because you did not provide all of the necessary information to process your claim, Medical Mutual will notify you, in writing, within the initial 15 day response period and will specifically describe the missing information. You will then have 45 days to provide the additional information. If you do not provide the information, your claim may be denied.

### **Post-Service Claims**

A Post-Service Claim is any claim that is not a Pre-Service Claim or a Claim Involving Urgent Care.

If you file a Post-Service Claim in accordance with Medical Mutual's claim procedures and all of the required information is received, Medical Mutual will notify you of its benefit determination within a reasonable period of time, but not later than 30 days after receipt of the claim. Medical Mutual may extend this time period for up to an additional 15 days if such an extension is necessary due to circumstances beyond the control of Medical Mutual. Medical Mutual will notify you of such an extension and date by which it expects to render a decision.

If an extension is needed because you did not provide all of the necessary information to process your claim, Medical Mutual will notify you, in writing, within the initial 30 day response period and will specifically describe the missing information. You will then have 45 days to provide the additional information. If you do not provide the information, your claim may be denied.

### **Benefit Determination Notices**

You will receive notice of a benefit determination, orally as allowed, or in writing. All notices of a denial of benefit will include the following:

- the specific reason for the denial;
- reference to the specific plan provision on which the denial is based;
- a description of any additional material or information necessary to process the claim and an explanation of why such information is necessary;
- a description of Medical Mutual's appeal procedures, applicable timeframes, including the expedited appeal process, if applicable;
- if an internal rule, guideline, protocol or similar criteria was relied upon in making the adverse benefit determination, this will be disclosed, or you will be advised that information about the rule, guideline, protocol or similar criteria will be provided free of charge upon written request; and
- if the adverse benefit determination was based on Medical Necessity, Experimental treatment or a similar exclusion or limit, then an explanation of the scientific or clinical judgment used for the determination applying the terms of the plan to your circumstances will be disclosed, or you will be advised that this explanation will be provided free of charge upon request.

## **Filing an Appeal**

### **How to File an Appeal**

If you disagree with a decision we have made on your claim you may file an appeal. If you are enrolled in My Health Plan you can complete and submit a member appeal form which can be found under Resources and Tools/ Forms/ Member Appeal Form. You can also call Customer Care at the telephone number on your identification card to request a member appeal form or get more information about how to file an appeal. You may also write a letter with the following information: Policyholder's full name, patient's full name, identification number, claim number if your appeal is regarding a claim denial or payment, your reason for appealing including why you believe or decision was incorrect, the name of the dental provider and date of service. You may include any supporting information such as medical records or notes you would like considered in your appeal. Mail or fax your appeal to:

Medical Mutual  
Member Appeals Department  
PO Box 94580  
Cleveland, OH 44101-4580  
Fax: 216-687-7990

The request for review must come directly from the patient unless he/she is a minor or has appointed an authorized representative. You can choose another person to represent you during the appeal process, as long as Medical Mutual has a signed and dated statement from you authorizing the person to act on your behalf. However, in the case of a claim involving urgent care (as described below), a healthcare professional with knowledge of your medical Condition may act as your authorized representative without a signed and dated statement from you.

### **Mandatory Internal Appeal**

The plan offers a mandatory internal appeal. You must complete this mandatory internal appeal before any additional action is taken.

Mandatory internal appeals must be filed within 180 days from your receipt of a notice of adverse benefit determination. All requests for appeal may be made by submitting an appeal form, available on My Health Plan, or in writing as described in the How to File an Appeal section above.

Under the appeal process there will be a full and fair review of the claim in accordance with applicable law for this plan. The internal appeal process is a review of your appeal by an Appeals Specialist, a Dentist or Physician consultant and/or other licensed healthcare professional. The review of the appeal will take into account all comments, documents, records and other information submitted by you and the Dental Provider relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

All determinations that involve, in whole or in part, issues of Medical Necessity, whether services are Experimental and Investigational, or any other medical judgment, are based on the evaluations and opinions of health care professionals who have the appropriate training and experience in the field of medicine involved in the medical judgment. The health care professionals who review the appeal will not have made any prior evaluations about your claim and will not be a subordinate of the professional who made the initial evaluation of your claim. These health care professionals act independently and impartially. Decisions to hire, compensate, terminate, promote or retain these professionals are not based in any manner on the likelihood that these professionals will support a denial of benefits. Upon specific written request from you, Medical Mutual will provide the identification of the medical or vocational expert whose advice was obtained on behalf of Medical Mutual in connection with the adverse benefit determination, without regard to whether the advice was relied upon in making the benefit determination.

You may submit written comments, documents, records and other information relating to the claim being appealed. These documents should be submitted by you at the time you send in your request for an appeal. Upon written request, you may have reasonable access to and copies of documents, records and other information used to make the decision on your claim for benefits that you are appealing.

The appeal procedures are as follows:

### **Appeal of a Claim Involving Urgent Care**

You, your authorized representative or your Dental Provider may request an appeal of a Claim Involving Urgent Care. The appeal does not need to be submitted in writing. You, your authorized representative, or your Physician should

call the telephone number on your identification card as soon as possible. Appeals of Claims Involving Urgent Care typically involve those claims for Medical Care or treatment with respect to which the application of the time periods for making non-urgent care determinations (1) could seriously jeopardize the life or health of a patient, or could affect the ability of the patient to regain maximum functions, or (2) in the opinion of a Physician with knowledge of your medical Condition, would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim. The appeal must be decided as soon as possible, taking into account the medical exigencies, but not later than 72 hours after receipt of the request to appeal. The expedited appeal process does not apply to prescheduled treatments, therapies, Surgeries or other procedures that do not require immediate action.

### **Pre-Service Claim Appeal**

You or your authorized representative may request a pre-service claim appeal. Pre-service claim appeals are those requested in advance of obtaining Medical Care for approval of a benefit, as it relates to the terms of the plan Benefit Book. The pre-service claim appeal must be decided within a reasonable period of time appropriate to the medical circumstances, but not later than 30 days after the receipt of the request and must be requested within 180 days of the date you received notice of an adverse benefit determination.

### **Post Service Claim Appeal**

You or your authorized representative may request a post-service claim appeal. Post-service claim appeals are those requested for payment or reimbursement of the cost for Medical Care that has already been provided. As with pre-service claims, the post-service claim appeal must be decided within 30 days of the request and must be requested within 180 days of the date you received notice of the denial.

All notices of a denial of benefit after an appeal will include the following:

- the specific reason for the denial;
- reference to the specific plan provision on which the denial is based;
- sufficient information to identify the claim or health care service involved, including the date of services, the health care provider, and the claim amount (if applicable);
- statement that you are entitled to receive, upon request and free of charge, reasonable access to and copies of, all documents, records, and other information relevant to your claim for benefits;
- if an internal rule, guideline, protocol or similar criteria was relied upon in making the adverse benefit determination, this will be disclosed, or you will be advised that information about the rule, guideline, protocol or similar criteria will be provided free of charge upon written request;
- if the adverse benefit determination was based on a Medical Necessity, Experimental treatment, or similar exclusion or limit, an explanation of the scientific or clinical judgment used for the determination applying the terms of the Plan to your circumstances will be disclosed, or you will be advised that this explanation will be provided free of charge upon request; and
- a description of applicable appeal procedures.

## **Claim Review**

### **Consent to Release Dental Information - Denial of Coverage**

You consent to the release of dental information to Medical Mutual when you sign an Application.

When you present your identification card for Covered Services, you are also giving your consent to release dental information to Medical Mutual. Medical Mutual has the right to refuse to reimburse for Covered Services if you refuse to consent to the release of any dental information.

### **Right to Review Claims**

When a claim is submitted, Medical Mutual will review the claim to ensure that the service was Clinically Necessary and that all other conditions for coverage are satisfied. The fact that a Dental Provider may recommend or prescribe treatment does not mean that it is automatically a Covered Service or that it is Clinically Necessary.

## Dental Examination

Medical Mutual may require that you have one or more dental examinations at its expense. These examinations will help to determine what benefits will be covered, especially when there are questions concerning services you have previously received and for which you have submitted claims. These examinations will not have any effect on your status as a Covered Person or your eligibility.

## Legal Actions

No action, at law or in equity, shall be brought to recover benefits within 60 days after Medical Mutual receives written proof in accordance with this Policy that Covered Services have been given to you. No such action may be brought later than three years after expiration of the required claim filing limit as specified in the Proof of Loss section.

## Coordination of Benefits

The Coordination of Benefits ("COB") provision applies when a person has health care coverage under more than one **Plan**. **Plan** is defined below.

The order of benefit determination rules govern the order in which each **Plan** will pay a claim for benefits. The **Plan** that pays first is called the **Primary plan**. The **Primary plan** must pay benefits in accordance with its policy terms without regard to the possibility that another **Plan** may cover some expenses. The **Plan** that pays after the **Primary plan** is the **Secondary plan**. The **Secondary plan** may reduce the benefits it pays so that payments from all **Plans** does not exceed 100% of the total **Allowable expense**.

### Definitions

1. A **Plan** is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
  - a. **Plan** includes: group and nongroup insurance contracts, health insuring corporation ("HIC") contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.
  - b. **Plan** does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; supplemental coverage as described in Revised Code sections 3923.37 and 1751.56; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under "a" or "b" above is a separate **Plan**. If a **Plan** has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate **Plan**.

2. **This plan** means, in a **COB** provision, the part of the contract providing the health care benefits to which the **COB** provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from this plan. A contract may apply one **COB** provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another **COB** provision to coordinate other benefits.
3. The order of benefit determination rules determine whether **This plan** is a **Primary plan** or **Secondary plan** when the person has health care coverage under more than one **Plan**.

When **This plan** is primary, it determines payment for its benefits first before those of any other **Plan** without considering any other **Plan's** benefits. When **This plan** is secondary, it determines its benefits after those of another **Plan** and may reduce the benefits it pays so that all **Plan** benefits do not exceed 100% of the total **Allowable expense**.

4. **Allowable expense** is a health care expense, including Deductibles, Coinsurance and Copayments, that is covered at least in part by any **Plan** covering the person. When a **Plan** provides benefits in the form of services, the reasonable cash value of each service will be considered an **Allowable expense** and a benefit paid. An

expense that is not covered by any **Plan** covering the person is not an **Allowable expense**. In addition, any expense that a Provider by law or in accordance with a contractual agreement is prohibited from charging a Covered Person is not an **Allowable expense**.

The following are examples of expenses that are not **Allowable expenses**:

- a. The difference between the cost of a semi-private Hospital room and a private Hospital room is not an **Allowable expense**, unless one of the **Plans** provides coverage for private Hospital room expenses.
  - b. If a person is covered by 2 or more **Plans** that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an **Allowable expense**.
  - c. If a person is covered by 2 or more **Plans** that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an **Allowable expense**.
  - d. If a person is covered by one **Plan** that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another **Plan** that provides its benefits or services on the basis of negotiated fees, the **Primary plan's** payment arrangement shall be the **Allowable expense** for all **Plans**. However, if the Provider has contracted with the **Secondary plan** to provide the benefit or service for a specific negotiated fee or payment amount that is different than the **Primary plan's** payment arrangement and if the Provider's contract permits, the negotiated fee or payment shall be the **Allowable expense** used by the **Secondary plan** to determine its benefits.
  - e. The amount of any benefit reduction by the **Primary plan** because a Covered Person has failed to comply with the **Plan** provisions is not an **Allowable expense**. Examples of these types of plan provisions include second surgical opinions, preauthorization of admissions, and preferred provider arrangements.
5. **Closed panel plan** is a **Plan** that provides health care benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the **Plan**, and that excludes coverage for services provided by other Providers, except in cases of Emergency or referral by a panel member.
6. **Custodial parent** is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

### Order Of Benefit Determination Rules

When a person is covered by two or more **Plans**, the rules for determining the order of benefit payments are as follows:

1. The **Primary plan** pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other **Plan**.
2.
  - a. Except as provided in Paragraph "b" below, a **Plan** that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both **Plans** state that the complying plan is primary.
  - b. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the **Plan** provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan Hospital and surgical benefits, and insurance type coverages that are written in connection with a **Closed panel plan** to provide out-of-network benefits.
3. A **Plan** may consider the benefits paid or provided by another **Plan** in calculating payment of its benefits only when it is secondary to that other **Plan**.
4. Each **Plan** determines its order of benefits using the first of the following rules that apply:
  - a. Non-Dependent or Dependent. The **Plan** that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree, is the **Primary plan** and the **Plan** that covers the person as a dependent is the **Secondary plan**. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the **Plan** covering the person as a dependent, and primary to the **Plan** covering the person as other than a dependent (e.g. a retired employee), then the order of benefits between the two **Plans** is reversed so that the **Plan** covering the person as an employee, member, policyholder, subscriber or retiree is the **Secondary plan** and the other **Plan** is the **Primary plan**.

- b. Dependent child covered under more than one plan. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one **Plan**, the order of benefits is determined as follows:
1. For a dependent child whose parents are married or are living together, whether or not they have ever been married:
    - The **Plan** of the parent whose birthday falls earlier in the calendar year is the **Primary plan**; or
    - If both parents have the same birthday, the **Plan** that has covered the parent the longest is the **Primary plan**.
    - However, if one parent's plan has some other coordination rule (for example, a "gender rule" which says the father's plan is always primary), we will follow the rules of that plan.
  2. For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
    - a. If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the **Plan** of that parent has actual knowledge of those terms, that **Plan** is primary. This rule applies to plan years commencing after the **Plan** is given notice of the court decree;
    - b. If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Subparagraph (1) above shall determine the order of benefits;
    - c. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Subparagraph (1) above shall determine the order of benefits; or
    - d. If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
      - The **Plan** covering the **Custodial parent**;
      - The **Plan** covering the spouse of the **Custodial parent**;
      - The **Plan** covering the **non-custodial parent**; and then
      - The **Plan** covering the spouse of the **non-custodial parent**.
  3. For a dependent child covered under more than one **Plan** of individuals who are not the parents of the child, the provisions of Subparagraph (1) or (2) above shall determine the order of benefits as if those individuals were the parents of the child.
- c. Active employee or retired or laid-off employee. The **Plan** that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the **Primary plan**. The **Plan** covering that same person as a retired or laid-off employee is the **Secondary plan**. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled 4(a) can determine the order of benefits.
- d. COBRA or state continuation coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another **Plan**, the **Plan** covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the **Primary plan** and the COBRA or state or other federal continuation coverage is the **Secondary plan**. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled 4(a) can determine the order of benefits.
- e. Longer or shorter length of coverage. The **Plan** that covered the person as an employee, member, policyholder, subscriber or retiree longer is the **Primary plan** and the **Plan** that covered the person the shorter period of time is the **Secondary plan**.
- f. If the preceding rules do not determine the order of benefits, the **Allowable expenses** shall be shared equally between the **Plans** meeting the definition of **Plan**. In addition, **This plan** will not pay more than it would have paid had it been the **Primary plan**.

## Effect On The Benefits Of This Plan

1. When **This plan** is secondary, it may reduce its benefits so that the total benefits paid or provided by all **Plans** during a plan year are not more than the total **Allowable expenses**. In determining the amount to be paid for any claim, the **Secondary plan** will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any **Allowable expense** under its **Plan** that is unpaid by the **Primary plan**. The **Secondary plan** may then reduce its payment by the amount so that, when combined with the amount paid by the **Primary plan**, the total benefits paid or provided by all **Plans** for the claim do not exceed the total **Allowable expense** for that claim. In addition, the **Secondary plan** shall credit to its plan Deductible any amounts it would have credited to its Deductible in the absence of other health care coverage.
2. If a Covered Person is enrolled in two or more **Closed panel plans** and if, for any reason, including the provision of service by a non-panel Provider, benefits are not payable by one **Closed panel plan**, **COB** shall not apply between that **Plan** and other **Closed panel plans**.

## Right To Receive And Release Needed Information

Certain facts about health care coverage and services are needed to apply these **COB** rules and to determine benefits payable under **This plan** and other **Plans**. Medical Mutual may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under **This plan** and other **Plans** covering the person claiming benefits. Medical Mutual need not tell, or get the consent of, any person to do this. Each person claiming benefits under **This plan** must give Medical Mutual any facts it needs to apply those rules and determine benefits payable.

## Facility of Payment

A payment made under another **Plan** may include an amount that should have been paid under **This plan**. If it does, Medical Mutual may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under **This plan**. Medical Mutual will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

## Right of Recovery

If the amount of the payments made by Medical Mutual is more than it should have paid under this **COB** provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid, or any other person or organization that may be responsible for the benefits or services provided for the Covered Person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

## Subrogation and Right of Reimbursement

As used herein, the term "Third Party", means any party that is, or may be, or is claimed to be responsible for illness or injuries to you. Such illness or injuries are referred to as "Third Party Injuries." "Third Party" includes any party responsible for payment of expenses associated with the care or treatment of Third Party Injuries. No adult Covered Person hereunder may assign any rights that it may have to recover medical expenses from any tortfeasor or other person or entity to any minor child or children of said adult covered person without the prior express written consent of Medical Mutual.

If this plan pays benefits under this Policy to you for expenses incurred due to Third Party Injuries, then Medical Mutual retains the right to repayment of the full cost of all benefits provided by this plan on your behalf that are associated with the Third Party Injuries. Medical Mutual's rights of recovery apply to any recoveries made by or on your behalf from the following sources, including but not limited to:

- Payments made by a Third Party or any insurance company on behalf of the Third Party;

- Any payments or awards under an uninsured or underinsured motorist coverage policy;
- Any Workers' Compensation or disability award or settlement;
- Medical payments coverage under any automobile policy, premises or homeowners' medical payments coverage or premises or homeowners' insurance coverage; and
- Any other payments from a source intended to compensate you for injuries resulting from an accident, injury or alleged negligence.

Your health plan is always secondary to automobile no-fault coverage, personal injury protection coverage, or medical payments coverage.

By accepting benefits under this plan, you specifically acknowledge Medical Mutual's right of subrogation. When this plan pays health care benefits for expenses incurred due to Third Party Injuries, Medical Mutual shall be subrogated to your right of recovery against any party to the extent of the full cost of all benefits provided by this plan. Medical Mutual may proceed against any party with or without your consent.

By accepting benefits under this plan, you also specifically acknowledge Medical Mutual's right of reimbursement. This right of reimbursement attaches when this plan has paid benefits due to Third Party Injuries and you or your representative has recovered any amounts from a Third Party. By providing any benefit under this Policy, Medical Mutual is granted an assignment of the proceeds of any settlement, judgment or other payment received by you to the extent of the full cost of all benefits provided by this plan. Medical Mutual's right of reimbursement is cumulative with, and not exclusive of, Medical Mutual's subrogation right and Medical Mutual may choose to exercise either or both rights of recovery.

By accepting benefits under this plan, you and your representatives further agree to:

- Notify Medical Mutual promptly and in writing when notice is given to any party of the intention to investigate or pursue a claim to recover damages or obtain compensation due to Third Party Injuries sustained by you;
- Cooperate with Medical Mutual and do whatever is necessary to secure Medical Mutual's rights of subrogation and reimbursement under this Policy;
- Give Medical Mutual a first-priority lien on any recovery, settlement, or judgment or other source of compensation which may be had from any party to the extent of the full cost of all benefits associated with Third Party Injuries provided by this plan (regardless of whether specifically set forth in the recovery, settlement, judgment or compensation agreement);
- Pay, as the first priority, from any recovery, settlement judgment, or other source of compensation, any and all amounts due Medical Mutual as reimbursement for the full cost of all benefits associated with Third Party Injuries paid by this plan (regardless of whether specifically set forth in the recovery, settlement, judgment, or compensation agreement); and
- Do nothing to prejudice Medical Mutual's rights as set forth above. This includes, but is not limited to, refraining from making any settlement or recovery which specifically attempts to reduce or exclude the full cost of all benefits paid by the plan.
- Serve as a constructive trustee for the benefits of this plan over any settlement or recovery funds received as a result of Third Party Injuries.

No court costs or attorney fees may be deducted from Medical Mutual's recovery, and Medical Mutual is not required to pay or contribute to paying court costs or attorney's fees for the attorney hired by you to pursue your claim or lawsuit against any Third Party. In the event you or your representative fail to cooperate with Medical Mutual, you shall be responsible for all benefits paid by this plan in addition to costs and attorney's fees incurred by Medical Mutual in obtaining repayment.

Medical Mutual's rights of subrogation and reimbursement described above shall be modified to comply with the terms of this paragraph in the event that less than the full value of the third party action is recovered due to comparative negligence on your part, diminishment of the recovery due to the apportionment of liability among and recovery on judgment against multiple co-defendants, or by reason of the collectability of the full value of the claim for injury, death, or loss to you resulting from limited liability insurance or any other cause. If less than the full value of the third party action is recovered due the reasons mentioned in the preceding sentence, Medical Mutual's claim shall be reduced in the same proportion as your interest is reduced. Both Medical Mutual and the member shall have the right to seek a declaratory judgment pursuant to ORC Section 2721 if there is a dispute over the distribution of the recovery in a tort action.
